RESOLUTION BR-2019-27

**Property Acquisition from Alvin Gibson and Lease to SBA Properties, LLC for
Wireless Facility**

WHEREAS, the governing body of the City of Gainesville, Georgia (the "City") has a desire to continue its efforts to enable the citizens of the City to enjoy high speed wireless services; and

WHEREAS, the property owned by Alvin Gibson, consisting of 0.229 acres, upon which a wireless facility is currently constructed, is available for purchase by the City for the sum of \$1,000.00, pursuant to that Option retained by the City on August 21, 2008, which Option is recorded in Deed Book 6705, Pages 767-770, Hall County, Georgia Deed Records (the "Option"); and

WHEREAS, the governing body for the City desires to purchase said property; and

WHEREAS, the governing body, pursuant to the Option, wishes to enter into a Land Lease with SBA Properties, LLC, on the terms set forth in that Land Lease attached to this Resolution.

NOW, THEREFORE, BE IT RESOLVED THAT the governing body for the City of Gainesville does hereby authorize the purchase of the property owned by Alvin Gibson, as well as the lease of said property to SBA Properties, LLC, and directs the Mayor, the City Manager and the City Attorney to execute the Settlement Statement with Alvin Gibson and the Land Lease with SBA Properties, LLC, as well as all other such documents and agreements that may be necessary to complete the closing of the purchase and lease of the property.

Adopted this ____ day of August, 2019.

C. Danny Dunagan, Jr., Mayor

This is to certify that I am City Clerk of the City of Gainesville. As such, I keep its official records, including its minutes. In that capacity, my signature below certifies this resolution was adopted as stated and will be recorded in the official minutes.

OPTION

FOR AND IN CONSIDERATION of the sum of ONE HUNDRED DOLLARS (\$100.00) AND OTHER GOOD AND VALUABLE CONSIDERATION, paid to ALVIN GIBSON, hereinafter called "Seller," the Seller grants and gives to CITY OF GAINESVILLE, GEORGIA, hereinafter called "Purchaser" the exclusive right and option to purchase the tract of land in Gainesville, Hall County, GA which is described in attached Exhibit "A", which is made a part hereof.

This Option is given and granted by the Seller to the Purchaser, subject to the following terms and conditions:

1. This Option shall expire at 12:00 o'clock midnight July 8, 2023, unless extended.
2. The purchase price for said property shall be \$1,000.00. Option money will be applied to purchase price.
3. The Purchaser shall exercise this Option by giving written notice of such exercising to the Seller.
4. Upon the giving of such notice of exercise as set out above, this Option shall ripen into a binding sales contract, and the terms of this Option shall automatically become the terms of said contract without the execution of any further instruments.
5. If this Option is exercised, Seller agrees to convey by General Warranty Deed a good and marketable title to the property described in Exhibit "A", free and clear of all liens and encumbrances, except as hereinafter set out. Purchaser shall have a reasonable time after the exercise of this Option in which to examine the title to said property. If Purchaser finds any legal defects to the title, Seller shall be furnished with a written statement thereof and be given a reasonable time

in which to correct same. If the Seller shall fail to correct or satisfy such legal defects within a reasonable time, then Purchaser shall have a choice of accepting said property with such legal defects or declining to do so, such choice to be exercised by written notice to Seller. If Purchaser shall decline to accept said property subject to such legal defects, then the contract for the sale of such property shall be null and void, and, in that event, Seller shall return promptly to the Purchaser all Option money paid by Purchaser to Seller in accordance with this agreement, including any payments made for extensions under Paragraph 4 hereof.

6. Seller warrants that when the sale is consummated said property shall remain in the same condition as it is at the time of the execution of this agreement and all risk or loss or damage to said property for any reason except through fault of Purchaser prior to the consummation of the sale shall be borne by the Seller.

7. In the event Option is exercised before July, 2023, the sale will be subject to a Lease Agreement, a Memorandum which is recorded in Deed Book 3604, pages 107-113, Hall Co. GA Deed Records for a cell tower. Seller shall not agree to extend said Lease beyond the maximum period contained in the referenced recorded Lease that being a date June 7, 2023.

8. If this Option is not exercised by the Purchaser within the time provided or extended by parties, this Option shall become void and the consideration paid pursuant to said paragraphs shall be forfeited by the Purchaser to the Seller. If this Option is exercised in accordance with said provisions and the sale is not consummated due to the Purchaser's default, the Seller shall retain said Option money as its liquidated damages. If, after the exercise of this Option, the sale is not consummated for reasons other than the default of Purchaser, said Option money is to be promptly refunded to Purchaser.

9. This agreement shall bind, and inure to the benefit of, the parties hereto,

EXHIBIT "A"

PRIOR AGREEMENT: THIS LEASE REPLACES AND SUPERSEDES THAT LAND OPTION AND LEASE AGREEMENT, DATED FEBRUARY 18, 1998, ORIGINALLY BY AND BETWEEN ALVIN GIBSON AND SOUTHERN COMMUNICATIONS SERVICES, INC., A DELAWARE CORPORATION, WITH RESPECT TO THE SAME PROPERTY DESCRIBED IN THE EXHIBITS ATTACHED HERETO. THE PARTIES ARE HEREBY RELEASED FROM ALL RIGHTS AND OBLIGATIONS UNDER THE PRIOR AGREEMENT ACCRUING AFTER THE COMMENCEMENT DATE AND UPON THE COMMENCEMENT OF THE INITIAL TERM AS DEFINED IN SECTION 2 BELOW. SUCH RELEASE IS NOT INTENDED, HOWEVER, AND DOES NOT RELEASE ANY PARTY FROM ANY CLAIMS, ACTIONS OR LIABILITIES ARISING UNDER OR OUT OF THE PRIOR AGREEMENT BEFORE THE COMMENCEMENT DATE OF THIS REPLACEMENT LEASE.

LAND LEASE

This Land Lease, hereinafter referred to as "Lease", is made the last day executed below by and between the City of Gainesville, a Georgia municipal corporation, having an address of 300 Henry Ward Way, Gainesville, Georgia 30501 hereinafter referred to as "Lessor" and SBA Properties, LLC, a Delaware limited liability company, having an office at 8051 Congress Avenue, Boca Raton, Florida 33487-1307, hereinafter referred to as "Lessee."

1. Leased Space and Premises. Lessor shall lease, and hereby leases, to Lessee a portion of the real property commonly known as 504 Summit Street SW, Gainesville, GA 30501 ("Premises"), being more particularly described in attached Exhibit A, consisting of up to ten thousand (10,000) square feet ("Leased Space"), as depicted in Exhibit B attached hereto. The Leased Space will be utilized for facilitation of communication and data transmission systems, including cables, fiber and related structures and improvements (collectively the "Structures"), including the uses as permitted and described in Section 10 of this Lease and for any other purpose with the Lessor's prior written consent which shall not be unreasonably withheld, conditioned or delayed.

2. Term. The initial term of this Lease will be five (5) years (the "Initial Term") from June 7, 2023 ("Commencement Date") and shall automatically renew for up to four (4) additional terms of five (5) years each unless Lessee notifies Lessor of its intention not to renew prior to commencement of the succeeding renewal term.

3. Rent. The rent for the initial term of the Lease will be \$2,500.00 per month (the "Rent"), paid annually in advance, which Lessee will pay to Lessor at the place as Lessor will designate to Lessee in writing. If the initial term or any renewal term does not begin on the first day or end on the last day of a month, the Rent for that partial month will be prorated by multiplying the monthly Rent by a fraction, the numerator of which is the number of days of the partial month included in the initial term or renewal term and the denominator of which is the total number of days in the full calendar month. Beginning on June 7, 2024 and each anniversary of such date thereafter, the then current annual rental fee will be increased by three (3%) percent. Each such anniversary shall commence on the corresponding anniversary of the Commencement Date.

Upon full execution of this Lease, Lessee shall pay to Lessor a one-time signing bonus of Ten Thousand and No/100 Dollars (\$10,000.00) ("Signing Bonus").

Lessee is entitled to withhold payment of Rent until such time as Lessee receives a completed W-9 form from Lessor, setting forth the Federal tax identification number of Lessor or the person or entity to whom the Rent checks are to be made payable as directed in writing by Lessor. The parties

acknowledge and agree that the foregoing is a reasonable requirement in order to allow Lessee to comply with its legal requirements.

4. Ingress and Egress. Lessor hereby grants to Lessee easements (the "Easements") for ingress, egress, regress and parking of vehicles (including trucks and heavy machinery) over the Premises adjacent to the Leased Space for construction, operation and maintenance of the Structures on the Leased Space, and for installation, construction, operation and maintenance of underground and above ground telephone, telegraph, fiber, data transmission, and power lines, in connection with its use of the Leased Space. The term of these Easements will commence upon the Commencement Date and will continue until the last to occur of (i) expiration of the Initial Term or Renewal Term, or (ii) removal by Lessee of all of the Structures, and any other property from the Leased Space after expiration of the Initial Term or Renewal Term.

Lessee agrees that Lessor may, at Lessor's expense, relocate the above described easements to another comparable location on the Premises provided that: (a) Lessee receives no less than sixty (60) days prior written notice thereof; (b) Lessee approves the proposed new location of the easement, which approval will not be unreasonably withheld or delayed; (c) Lessee's access and beneficial use and enjoyment of the Leased Space is not interrupted, obstructed or materially affected; and (d) the utility services to the Leased Space are not interrupted.

5. Title and Quiet Possession. Lessor represents and warrants that there are no matters affecting title that would prohibit, restrict or impair the leasing of the Leased Space, use or occupancy thereof, or the granting of the Easements in accordance with the terms and conditions of this Lease. Lessor represents and warrants to Lessee that Lessor has the full right, power and authority to enter into this Lease and that Lessee will have quiet and peaceful possession of the Leased Space and the Easements throughout the Term.

6. Subordination, Non-disturbance and Attornment.

(a) **Subordination.** Lessee agrees that this Lease will be subject and subordinate to any mortgages or deeds of trust now or hereafter placed upon the Leased Space and to all modifications thereto, and to all present and future advances made with respect to any such mortgage or deed of trust; provided that, the holder of any such instrument agrees in writing that Lessee's possession of the Leased Space will not be disturbed so long as Lessee will continue to perform its duties and obligations under this Lease and Lessee's obligation to perform the duties and obligations will not be in any way increased or its rights diminished by the provisions of this paragraph. Lessee agrees to attorn to the mortgagee, trustee, or beneficiary under any such mortgage or deed of

trust, and to the purchaser in a sale pursuant to the foreclosure thereof; provided that, Lessee's possession of the Leased Space will not be disturbed so long as Lessee will continue to perform its duties and obligations under this Lease. Lessee's obligations hereunder are conditioned upon receipt by Lessee, within ten (10) business days after the date of creation of any future mortgages or deeds of trust, of a Subordination, Non-disturbance and Attornment Agreement in form reasonably acceptable to Lessee, from any holder of a mortgage, deed to secure debt, or deed of trust to which this Lease is, or will become, subordinate.

(b) Secured Parties. Lessee may from time to time grant to certain lenders selected by Lessee and its affiliates (the "Lenders") a lien on and security interest in Lessee's interest in the Lease and all assets and personal property of Lessee located on the Leased Space (the "Personal Property") as collateral security for the repayment of any indebtedness to the Lenders. Lessor hereby agrees to subordinate any security interest, lien, claim or other similar right, including, without limitation, rights of levy or distraint for rent, Lessor may have in or on the Personal Property, whether arising by agreement or by law, to the liens and/or security interests in favor of the Lenders, whether currently existing or arising in the future. Nothing contained herein shall be construed to grant a lien upon or security interest in any of Lessor's assets. Should Lender exercise any rights of Lessee under the Lease, including the right to exercise any renewal option(s) or purchase option(s) set forth in the Lease, Lessor agrees to accept such exercise of rights by Lenders as if same had been exercised by Lessee, and Lessee, by signing below, confirms its agreement with this provision. If there shall be a monetary default by Lessee under the Lease, Lessor shall accept the cure thereof by Lenders within fifteen (15) days after the expiration of any grace period provided to Lessee under the Lease to cure such default, prior to terminating the Lease. If there shall be a non-monetary default by Lessee under the Lease, Lessor shall accept the cure thereof by Lenders within thirty (30) days after the expiration of any grace period provided to Lessee under the Lease to cure such default, prior to terminating the Lease. The Lease may not be amended in any respect which would be reasonably likely to have a material adverse effect on Lenders' interest therein or surrendered, terminated or cancelled, without the prior written consent of Lenders. If the Lease is terminated as a result of a Lessee default or is rejected in any bankruptcy proceeding, Lessor will enter into a new lease with Lenders or their designee on the same terms as the Lease within fifteen (15) days of Lenders' request made within thirty (30) days of notice of such termination or rejection, provided Lenders pay all past due amounts under the Lease. The foregoing is not applicable to normal expirations of the term of the Lease. In the event Lessor gives Lessee any notice of default under the terms of the Lease, Lessor shall simultaneously give a copy of such notice to Lender at an address to be supplied by Lessee. Lessee shall have the right to record a memorandum of the terms of this paragraph.

7. Governmental Approvals and Compliance.

During the initial term or renewal term, Lessee will make reasonable efforts to comply with all applicable laws affecting Lessee's use or occupancy of the Leased Space, the breach of which might result in a penalty on Lessor or forfeiture of

Lessor's title to the Leased Space. Lessee will not commit, or suffer to be committed, any waste on the Leased Space. Lessor agrees to fully cooperate with Lessee in order to obtain the necessary permits for construction and use of the Leased Space and its Structures (including any modification(s) to the tower or Leased Space or the addition(s) of equipment or sublessees to the tower or Leased Space), including, but not limited to, zoning approvals/permits and building permits. Lessor agrees not to take any action that may adversely affect Lessee's ability to obtain all of the necessary permits required for construction of the Structures. Lessee will obtain any necessary governmental licenses or authorizations required for the construction and use of Lessee's intended Structures on the Leased Space and will furnish copies of same to Lessor as same are issued.

8. Assignment and Subleasing. Lessee may sublet all or part of the Leased Space or may assign or transfer this Lease in whole or in part without Lessor's consent. Upon such assignment, Lessee shall be relieved of all liabilities and obligations under this Lease. Lessor may not assign the Rent or this Lease or any rights hereunder, except in connection with conveyance of fee simple title to the Premises, without the prior written consent of Lessee, in Lessee's sole discretion. In the event that Lessee from time to time subleases all or a portion of the Leased Space or as otherwise reasonably required by Lessee for work at the Leased Space, Lessor hereby grants to Lessee a temporary construction easement over such portion of the Premises as is reasonably necessary for such work. Following the completion of such work, Lessee shall, at Lessee's sole cost and expense, promptly repair any damage to the temporary easement area arising from Lessee's use thereof.

9. Notices. All notices, demands, requests, consents, approvals and other instruments required or permitted to be given pursuant to this Lease will be in writing, signed by the notifying party, or officer, agent or attorney of the notifying party, and will be deemed to have been effective upon delivery if served personally, including but not limited to delivery by messenger, overnight courier service or by overnight express mail, or upon posting if sent by registered or certified mail, postage prepaid, return receipt requested, and addressed as follows:

The address to which any notice, demand, or other writing may be delivered to any party as above provided may be changed by written notice given by the party as above provided. Simultaneously with any notice of default given to Lessee under the terms of this Lease, Lessor shall deliver a copy of such notice to Lender at an address to be provided by Lessee.

10. Lessee Improvements. Lessee has the right, at its sole expense, to make the improvements on the Leased Space as it may deem necessary, including any improvements necessary for the construction and operation of the Structures. Lessee will be responsible for the cost of any site preparation work necessary to prepare the Leased Space to support the Structures. All Lessee's improvements, including but not limited to, prefabricated buildings, generators, fencing, Structures and any other improvements will remain the property of Lessee. The Structures may be used for the transmission, reception and relay of communication signals, including, without limitation, radio frequency signals. Upon termination of this Lease, Lessee will, to the extent reasonable, restore the Leased Space to its original condition at the commencement of this Lease, except for ordinary wear and tear and damages by the elements or damages over which Lessee had no control. Lessee and Lessor agree that it will not be reasonable to require Lessee to remove any improvements contemplated hereunder which are permanent in nature, including but not limited to foundations, footings, concrete, paving, gravel, vegetation and utilities.

11. Insurance. Lessor - Lessor, at all times during the initial term or renewal term of this Lease, will maintain in full force a comprehensive public liability insurance policy covering all of their operations, activities, liabilities and obligations on the Leased Space, having limits not less than One Million Dollars (\$1,000,000) which will name Lessee as an additional insured party. On or before the Commencement Date, Lessor will give Lessee a certificate of insurance evidencing that such insurance is in effect. Such insurance shall name Lessee as an additional insured with respect to the Leased Space, shall be issued by an insurance company authorized to do business in the state in which the Leased Space is located and shall provide thirty (30) days prior written notice to the Lessee of any cancellation of such policy. Lessor shall deliver to Lessee a renewal certificate evidencing that such insurance is in effect within ten business days of Lessee's request for such insurance. Lessee - Lessee, at all times during the term(s) of this Lease, will maintain in full force a comprehensive public liability insurance policy covering all of its operations, activities, liabilities and obligations on the Leased Space, having limits not less than One Million Dollars (\$1,000,000). On or before the Commencement Date, Lessee will give Lessor a certificate of insurance evidencing that such insurance is in effect. Lessee shall deliver to Lessor a renewal certificate evidencing that such insurance is in effect within ten (10) business days of Lessor's request for such certificate. The insurance policy shall be issued by an insurance company authorized to do business in the state in which the Leased Space is located and shall provide thirty (30) days prior written notice to the Lessor of any cancellation of such policy. Any insurance required to be provided by Lessee may be provided by a blanket insurance

policy covering the Leased Space and other properties leased or owned by Lessee provided that such blanket insurance policy complies with all of the other requirements with respect to the type and amount of insurance.

12. Operating Expense. Lessee will pay for all water, gas, heat, light, power, telephone service, and other public utilities furnished to the Leased Space and used by Lessee throughout the initial term or renewal term hereof, and all other costs and expenses of every kind whatsoever in connection with the use, operation, and maintenance of the Leased Space and all activities conducted thereon.

13. Taxes. Lessee will pay any personal property taxes assessed on, or any portion of the taxes attributable to the Structures. Lessor will pay when due all real property taxes and all other fees and assessments attributable to the Premises.

14. Maintenance. Lessee will use best efforts to maintain the Leased Space in good condition and state of repair. Except insofar as Lessee is made responsible by this Lease, Lessor will maintain the premises surrounding the Leased Space in good condition and state of repair.

15. Hold Harmless. Lessor will be held harmless by Lessee from any liability (including reimbursement of reasonable attorneys' fees and all costs) for damages to any person or any property in or upon the Leased Space at Lessee's invitation, or for damages to any person or property resulting from the actions of Lessee (including damages caused by or resulting from the existence of the Structures) on the Leased Space, unless the damages are caused by, or are the result of, the misconduct or negligence of Lessor or any of Lessor's agents, servants, employees, licensees or invitees. Notwithstanding any provisions herein to the contrary, it is understood and agreed that all property kept, installed, stored or maintained in or upon the Leased Space by Lessee will be so installed, kept, stored or maintained at the risk of Lessee. Lessor will not be responsible for any loss or damage to equipment owned by Lessee which might result from tornadoes, lightning, wind storms, or other Acts of God; provided, however, Lessor will be responsible for, and agrees to hold Lessee harmless from any liability (including reimbursement of reasonable legal fees and all costs), for damages to any person or any property in or upon the Leased Space arising out of the misconduct or negligence of Lessor or any of Lessor's agents, servants, employees, licensees or invitees. Except for willful misconduct, neither Lessor nor Lessee will in any event be liable in damages for each other's business loss, business interruption or other consequential damages of whatever kind or nature, regardless of the cause of the damages, and each party, and anyone claiming by or through them, expressly waives all claims for the damages.

16. Termination Rights.

(a) Lessee may terminate this Lease, at its option, after giving Lessor not less than sixty (60) days prior written notice to cure, if: (i) any governmental agency denies a request by Lessee for a permit, license or approval which is required for Lessee to construct or operate the Structures on

the Leased Space or any such permit is revoked; (ii) Lessee determines that technical problems or radio interference problems from other antennas or from nearby radio transmitting facilities, which problems cannot reasonably be corrected, impair or restrict Lessee from using the Leased Space for Lessee's intended purpose; (iii) Lessee determines that it does not have acceptable and legally enforceable means of ingress and egress to and from the Leased Space; (iv) Lessor does not have legal or sufficient ownership of or title to the Leased Space or Premises or the authority to enter into this Lease; (v) utilities necessary for Lessee's contemplated use of the Leased Space are not available; (vi) the Leased Space is damaged or destroyed to an extent which prohibits or materially interferes with Lessee's use of the Leased Space or Lessee's equipment and attachments thereto; (vii) the Premises now or hereafter contains a Hazardous Material; (viii) Lessee is unable to obtain a Subordination, Non-disturbance and Attornment Agreement; (ix) a material default by Lessor occurs; (x) Lessor fails to perform any of the material covenants or provisions of this Lease or if any representation or warranty contained herein is found to be untrue; (xi) the Leased Space is the subject of a condemnation proceeding or taking by a governmental authority, or quasi-governmental authority with the power of condemnation, or if the Leased Space is transferred in lieu of condemnation (rent will be abated during the period of condemnation or taking); (xii) the use of the site will not sufficiently benefit Lessee economically or commercially; (xiii) if Lessee determines, in its sole discretion that it will not be viable to use the site for its intended purpose; or (xiv) if Lessee determines, in its sole discretion, that it will be unable to use the site for any reason. In the event of termination by Lessee or Lessor pursuant to this provision, Lessee will be relieved of all further liability hereunder. Any rental fees paid prior to the termination date will be retained by Lessor. In the event Lessor fails to perform its obligations under this Lease for any reason other than Lessee's breach, Lessee may pursue all remedies available at law and in equity. Lessor hereby acknowledges that Lessee will incur significant expenses in reliance on this Lease, and therefore agrees to pay Lessee for all consequential damages which Lessee will suffer as a result of Lessor's breach. In the event Lessor fails to comply with the terms of this Lease, Lessee may, in its sole and absolute discretion, cure any such default, and to the extent Lessee incurs any expenses in connection with such cure (including but not limited to the amount of any real property taxes Lessee pays on behalf of Lessor), Lessor agrees to promptly reimburse Lessee for such expenses incurred and hereby grants Lessee a security interest and lien on the Premises, to secure Lessor's obligation to repay such amounts to Lessee. In addition, Lessee may offset the amount of any such expenses incurred against any rent payable hereunder.

(b) Lessor may only terminate this Lease, at its option, in the event of a material default by Lessee or Lessee's failure to pay Rent when due, which default or failure is not cured within sixty (60) days after Lessee's receipt of written notice of such default or failure. No such failure to cure a material default, however, will be deemed to exist if Lessee has commenced to cure such default within said period and provided that such efforts are prosecuted to completion with reasonable diligence. Delay in curing a material default

will be excused if due to causes beyond the reasonable control of Lessee.

17. Exclusivity. As part of Lessee's right to the undisturbed use and enjoyment of the Leased Space, Lessor shall not at any time during the Option Period or the Term of this Lease (i) use or suffer or permit another person to use any portion of the Premises or any adjacent parcel of land now or hereafter owned, leased or managed by Lessor for any of the uses permitted herein or other uses similar thereto, or (ii) grant any interest in or an option to acquire any interest in any portion of the Premises that permits (either during the Option Period or the Term of this Lease) any of the uses permitted under this Lease or other uses similar thereto without the prior written consent of Lessee, in Lessee's sole discretion. The phrase "or other uses similar thereto" as used herein shall include, without limitation, the storage, transmission, reception or relay of communications signals and/or data by way of small cells, distributed antenna systems, data centers, C-RAN or fiber.

18. Binding on Successors. The covenants and conditions contained herein will apply to and bind the heirs, successors, executors, administrators and assigns of the parties hereto. Further, this Lease will run with the land and all subsequent purchasers will be subject to the terms and conditions specified herein.

19. Access to Leased Space/Premises. Lessee shall have at all times during the Term the right of access to and from the Leased Space and all utility installations servicing the Leased Space on a 24 hours per day/7 days per week basis, on foot or by motor vehicle, including trucks and heavy machinery (including the right to park such vehicles, trucks and machinery within the Easements and the Premises adjacent to the Leased Space and the Easements), for the installation and maintenance of utility wires, cables, conduits, fiber, and pipes over, under and along the right-of-way extending from the nearest accessible public right-of-way. Lessee understands that the Leased Space is closed off to public access by a locked gate. Prior to entering the Leased Space, Lessee shall give Lessor at least two (2) hours' notice of Lessee's need for access by contacting Lessor via telephone at the mine line for the City Fire Department at 770-534-3612 or by such other means as Lessor may designate in writing.

20. Governing Law. The Lease shall be deemed executed in Gainesville, Georgia and shall be governed by and construed in accordance with the laws of the State of Georgia without regard to conflicts of law. Lessee hereby submits to the jurisdiction of the Superior Court of Hall County, Georgia and will obtain and maintain an agent for services of process in the State of Georgia. Neither party will bring an action against the other party arising out of or relating to the Agreement in any forum or venue except the superior court of Hall County, Georgia. Lessee irrevocably waives any present or future objections to such venue for any such legal action and irrevocably waives the right to bring any legal action in any other jurisdiction.

21. Entire Lease. All of the representations and obligations of the parties are contained herein, and no

modification, waiver or amendment of this Lease or of any of its conditions or provisions will be binding upon a party unless in writing signed by that party or a duly authorized agent of that party empowered by a written authority signed by that party. The waiver by any party of a breach of any provision of this Lease will not operate or be construed as a waiver of any subsequent breach of that provision by the same party, or of any other provision or condition of the Lease.

22. Survey and Testing. Lessee will have the right during the initial term or renewal term of this Lease to survey, soil test, and make any other investigations necessary to determine if the surface and subsurface of the Leased Space are suitable for construction and operation of the Structures. If Lessee, prior to completion of the Structures determines that for any reason the surface or subsurface of the Leased Space is not suitable to construct and operate the Structures, this Lease, upon written notice given to Lessor prior to completion of the Structures will become null and void; provided that at Lessee's sole expense the Leased Space will be promptly restored to the extent contemplated by the Lessee Improvements section above and provided further that Lessee will deliver copies of all soil tests and investigation reports to Lessor.

23. Oil, Gas and Mineral Rights. Lessor does not grant, lease, let or demise hereby, but expressly excepts and reserves here from all rights to oil, gas and other minerals in, on or under and that might be produced or mined from the Leased Space; provided, however, that no drilling or other activity will be undertaken on or beneath the surface of the Leased Space or Easement area to recover any oil, gas or minerals. This Lease is given and accepted subject to the terms and provisions of any valid oil, gas and mineral lease covering the Leased Space or any part thereof, now of record in the office of the County Clerk, provided, however, that any future oil, gas or mineral lease covering the above-described lands or any part thereof will be in all respects subordinate and inferior to the rights, privileges, powers, options, immunities, and interests granted to Lessee under the terms of this Lease.

24. Hazardous Waste.

(a) The term "Hazardous Materials" will mean any substance, material, waste, gas or particulate matter which is regulated by the local governmental authority where the Leased Space is located, the State in which the Leased Space is located, or the United States Government, including, but not limited to, any material or substance which is (i) defined as a "hazardous waste," "hazardous material," "hazardous substance," "extremely hazardous waste," or restricted hazardous waste" under any provision of state or local law, (ii) petroleum, (iii) asbestos, (iv) polychlorinated biphenyl, (v) radioactive material, (vi) designated as a "hazardous substance" pursuant to Section 311 of the Clean Water Act, 33 U.S.C. '1251 et seq. (33 U.S.C. '1317), (vii) defined as a "hazardous waste" pursuant to Section 1004 of the Resource Conservation and Recovery Act, 42 U.S.C. '6901 et seq. (42 U.S.C. '6903), or (viii) defined as a "hazardous substance" pursuant to Section 101 of the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. '9601 et seq. (42 U.S.C. '9601). The term "Environmental Laws"

will mean all statutes specifically described in the foregoing sentence and all applicable federal, state and local environmental health and safety statutes, ordinances, codes, rules, regulations, orders and decrees regulating, relating to or imposing liability or standards concerning or in connection with Hazardous Materials.

(b) Lessor represents and warrants that, to the best of Lessor's knowledge, (i) the Leased Space has not been used for the use, manufacturing, storage, discharge, release or disposal of hazardous waste, (ii) neither the Leased Space nor any part thereof is in breach of any Environmental Laws, (iii) there are no underground storage tanks located on or under the Leased Space, and (iv) the Leased Space is free of any Hazardous Materials that would trigger response or remedial action under any Environmental Laws or any existing common law theory based on nuisance or strict liability. If any such representation is in any manner breached during the initial term or renewal term of this Lease (a "Breach"), and if a Breach gives rise to or results in liability (including, but not limited to, a response action, remedial action or removal action) under any Environmental Laws or any existing common law theory based on nuisance or strict liability, or causes a significant effect on public health, Lessor will promptly take any and all remedial and removal action as required by law to clean up the Leased Space, mitigate exposure to liability arising from, and keep the Leased Space free of any lien imposed pursuant to, any Environmental Laws as a result of a Breach.

(c) In addition, Lessor agrees to indemnify, defend and hold harmless Lessee, its officers, partners, successors and assigns from and against any and all debts, liens, claims, causes of action, administrative orders and notices, costs (including, without limitation, response and/or remedial costs), personal injuries, losses, attorneys' fees, damages, liabilities, demands, interest, fines, penalties and expenses, consultants' fees and expenses, court costs and all other out-of-pocket expenses, suffered or incurred by Lessee and its grantees as a result of (a) any Breach, or (b) any matter, condition or state of fact involving Environmental Laws of Hazardous Materials which existed on or arose during the initial term or renewal term of this Lease and which failed to comply with (i) the Environmental Laws then in effect or (ii) any existing common law theory based on nuisance or strict liability.

(d) Lessor represents and warrants to Lessee that Lessor has received no notice that the property or any part thereof is, and, to the best of its knowledge and belief, no part of the Premises is located within an area that has been designated by the Federal Emergency Management Agency, the Army Corps of Engineers or any other governmental body as being subject to special hazards.

(e) The covenants of this section will survive and be enforceable and will continue in full force and effect for the benefit of Lessee and its subsequent transferees, successors and assigns and will survive the initial term or renewal term of this Lease and any renewal periods thereof.

25. Mechanic's and Landlord's Liens. Lessee

will not cause any mechanic's or materialman's lien to be placed on the Leased Space and Lessee agrees to indemnify, defend and hold harmless Lessor from any such lien from a party claiming by, through or under Lessee. Additionally, Lessor disclaims and waives any now existing or hereafter arising landlord's lien or other statutory or non-statutory lien or security interest in Lessee's and/or its sublessees' communication facilities, equipment, improvement, fixtures or other property.

26. Headings. The headings of sections and subsections are for convenient reference only and will not be deemed to limit, construe, affect, modify or alter the meaning of the sections or subsections.

27. Time of Essence. Time is of the essence of Lessor's and Lessee's obligations under this Lease.

28. Severability. If any section, subsection, term or provision of this Lease or the application thereof to any party or circumstance will, to any extent, be invalid or unenforceable, the remainder of the section, subsection, term or provision of the Lease or the application of same to parties or circumstances other than those to which it was held invalid or unenforceable, will not be affected thereby and each remaining section, subsection, term or provision of this Lease will be valid or enforceable to the fullest extent permitted by law.

29. Real Estate Broker. Lessor represents and warrants that Lessor has not signed a listing agreement, dealt with or otherwise agreed to pay a broker's commission, finder's fee or other like compensation to anyone in connection with the lease of the Leased Space or the transaction contemplated by this Lease and Lessor agrees to indemnify and hold Lessee harmless from and against any such claims or costs, including attorneys' fees, incurred as a result of the transaction contemplated by this Lease.

30. Further Assurances. Each of the parties agree to do such further acts and things and to execute and deliver the additional agreements and instruments (including, without limitation, requests or applications relating to zoning or land use matters affecting the Structures) as the other may reasonably require to consummate, evidence or confirm this Lease or any other agreement contained herein in the manner contemplated hereby. If Lessor fails to provide requested documentation within thirty (30) days of Lessee's request, or fails to provide any Non-Disturbance Agreement required in this Lease, Lessee may withhold and accrue the monthly rental until such time as all such documentation is received by Lessee.

31. Right to Register or Record. Lessee may request that Lessor execute a Memorandum of Land Lease or Short Form of Lease (collectively a "Memo") for recording in the public records. Lessor agrees and authorizes Lessee to attach and/or insert a certified legal description of the Leased Space, once complete, to the Memo and record same in the public records.

32. Interpretation. Each party to this Lease and its counsel have reviewed and had the option to revise this

Lease. The normal rule of construction to the effect that any ambiguities are to be resolved against the drafting party will not be employed in the interpretation of this Lease or of any amendments or exhibits to this Lease.

33. Condemnation. Lessor shall fully advise Lessee in a timely manner of all condemnation proceedings or prospective condemnation proceedings in order that Lessee may fully protect and prosecute its rights and claims relating to the Leased Space. If the whole of the Leased Space shall be taken or condemned by, or transferred in lieu of condemnation to, any governmental or quasi-governmental authority or agency with the power of condemnation during the initial term or renewal term of this Lease, Lessee shall be entitled to any award based upon its leasehold interest as set forth in this Lease, along with the value of all Lessee's improvements, including, but not limited to, the Structures, prefabricated buildings, generators, fencing and any other improvements and for all of Lessee's other personal property, trade fixtures, fixtures, moving expenses, business damages, business interruption, business dislocation, prepaid Rent or other losses or expenses as may be incurred. In the event only a portion of the Premises, which portion does not include the whole of the Leased Space, shall be taken or condemned by, or transferred in lieu of condemnation to any governmental or quasi-governmental authority or agency with the power of condemnation during the initial term or renewal term of this Lease, Lessee shall have the option to either: (1) terminate this Lease; or (2) continue in possession of the property pursuant to the terms of this Lease with a proportionate reduction in Rent equal to that portion, if any, of the Leased Space so taken, condemned or transferred in lieu of condemnation. In either event, Lessee shall be entitled to any award based upon its leasehold interest in the portion of the Premises condemned, taken or transferred in lieu of condemnation, along with the value of all Lessee's improvements, including, but not limited to, the Structures, prefabricated buildings, generators, fencing and any other improvements and for all of Lessee's other personal property, trade fixtures, fixtures, moving expenses, business damages, business interruption, business dislocation, prepaid Rent or other losses or expenses as may be incurred. Nothing contained herein shall prohibit Lessee from making its own claims against any condemning authority for any losses or damages Lessee shall incur as a result of a condemnation, or sale in lieu of condemnation, of the whole or any portion of the Premises.

34. Right of First Refusal. If at any time during the term of this Lease, Lessor receives a bona fide written offer ("Offer") from a third party to sell, assign, convey, lease or otherwise transfer its interest (or to obtain an option to do any of the foregoing) in the current or future Rent, the Leased Space or the Premises, or any portion thereof, which Lessor desires to accept, Lessor shall first give Lessee written notice (including a copy of the proposed contract) of such Offer prior to becoming obligated under such Offer. Lessee shall have a period of thirty (30) days after receipt of Lessor's notice and terms to accept the Offer and exercise this right of first refusal by notifying Lessor in writing. If Lessee has not accepted the Offer in writing to Lessor within such thirty (30) day period, the Offer will be deemed rejected. If Lessee accepts the Offer,

Lessor shall reject the Offer from the third party and close on the Offer with Lessee in accordance with its terms.

35. Date of Lease. The parties acknowledge that certain obligations of Lessor and Lessee are to be performed within certain specified periods of time which are determined by reference to the date of execution of this Lease. The parties therefore agree that wherever the term "date of execution of

this Lease," or words of similar import are used herein, they will mean the date upon which this Lease has been duly executed by Lessor and Lessee whichever is the later to so execute this Lease. The parties further agree to specify the date on which they execute this Lease beneath their respective signatures in the space provided and warrant and represent to the other that such a date is in fact the date on which each duly executed his or her name.

IN WITNESS WHEREOF, the parties hereto have executed this Lease on the last day and year specified below.

Meeting Date: 8/6/2019

Purpose of Request:

To hold a public hearing pertaining to the following annexation/zoning request as presented at the July 9, 2019 Planning and Appeals Board Meeting:

The applicant is proposing to annex the subject property with a zoning of Residential-II (R-II) for the purpose of constructing a one-story residential duplex. The property is zoned Residential-II (R-II) within unincorporated Hall County and is contiguous to the city limits to the north and east. Presently, the property consists of three parcels which previously contained three residential structures that were demolished over the last 15 years. Access to the development is proposed from an existing driveway off of Athens Street. The surrounding property consists of a four-unit apartment building, industrial uses to the north and single-family structures located off of Black Drive and Cooley Drive.

GAINESVILLE PLANNING and APPEALS BOARD RECOMMENDATION

Applicant and Property Owner..... Karl Chambers and David Reddicks
Location..... 1026 Athens Street
Request..... Annex with Residential-II (R-II) zoning
Total Acres0.49± acre
Ward..... Three
Proposed Use..... Residential duplex
Planning Division Staff Recommendation **Approval, with conditions**
Planning & Appeals Board Recommendation..... **Approval, with conditions**
Date..... July 9, 2019

▪ **Applicant's Proposal and Background Information**

The property is zoned Residential-II (R-II) in Hall County and the applicant desires to annex the property into the City of Gainesville as Residential (R-II). This would allow the building of one single family duplex (2 units in total). This would not only provide affordable accommodation to Gainesville residents, but also enhance the appearance and value of the community. The property is located at the corner of Cooley Drive and Athens Street. This property has provided residential accommodations in the past. This project is compatible with the schematics and future development of the neighborhood.

Each unit in the proposed duplex would be 1,500 square feet with 3 bedrooms, 2 bathrooms, living and dining area, kitchen, laundry, and front porch. Water, sewage and electricity will be provided by the existing public infrastructure. The entrance for each unit will be from a shared driveway on Athens Street. Two parking spaces will be provided for each unit.

▪ **Adjacent Land Use and Zoning**

Location	Use	Zoning
Northeast	Power substation	Heavy Industrial (H-I)
Northwest	Power substation (County); Manufacturing Facility	Heavy Industrial (H-I) Heavy Industrial (I-II)
Southeast	Apartments	Residential-II (R-II)
Southwest	Single-family homes (County)	Residential-II (R-II)

The subject property is located just west of Lanier Parkway (I-985) and east of E.E. Butler Parkway. Other nearby significant uses include Cargill, Purina Mills and Albert International.

▪ **Other Departmental Comments**

There were no other departmental comments for this request.

▪ **Zoning History**

The following zoning actions have taken place in the immediate area during the last ten years:

2018 – A request by KRM 2016 LLC to rezone a 0.855 ± acres tract located at 827, 831 and 851 Athens Street SE from Residential-II (R-II) and Heavy Industrial (H-I) to Residential-II (R-II) for five residential duplexes was approved with conditions.

2010 – A request by My Sister's Place of Gainesville, Inc. for a special use permit within Residential-II (R-II) zoning on a 1.17± acres property located at 240 Martin Luther King Jr. Boulevard was approved to allow a crisis center for women.

2010- A request by Cindy Erfurt to annex and establish General Business (G-B) zoning a 1.124± acres property located at 1272 West Ridge Road was approved with conditions for a gas station and convenience store.

▪ **Staff Analysis**

(1) Is the proposed use suitable in view of the zoning and development of adjacent and nearby property?

The adjacent and nearby property consists of a mixture of single-family, multi-family, semi-public and commercial uses. The surrounding zonings are Residential-II (R-II) and Heavy Industrial (I-II) within unincorporated Hall County and Residential-II (R-II) and Heavy Industrial (H-I) within the City of Gainesville. Much of the development within the immediate area has included multi-family, commercial retail and industrial uses with some limited single-family housing. It appears the proposal is suitable given the variety of uses that surround the property.

(2) Will the proposed use adversely affect the existing use or usability of adjacent or nearby property?

The proposed use should not adversely affect the existing use or usability of adjacent or nearby property over and above what uses are currently zoned for the property. The proposal includes residential space limited to a two-family unit which will function similarly to and similar in scale as the nearby multi-family and single-family uses. Because the property is undeveloped, there will be a minimal increase of ingress/egress traffic on Athens Street.

(3) Is the proposed use compatible with the purpose and intent of the Comprehensive Plan?

Housing would be an appropriate long-term use for this area. The Future Development Map for the City of Gainesville places the property within the *Low-Medium Density Residential* land use category, which includes areas containing or planned for single-family detached or semi-detached housing at densities ranging from two to four dwelling units per acre.

According to the Character Area map for the City of Gainesville, the subject properties are located within the *Economic Development Gateways* character area which appears to support the applicant's proposal. This character area represents the industrial, warehousing and other commercial enterprises that parallel the I-985 and Norfolk-Southern railroad corridor. The primary vision for the area is to continue to support economic development while preserving and strengthening important natural and cultural resources. These areas include a wide range of office, business, light industrial, manufacturing, research, and development uses. If approved a

duplex unit limited to one or two families will not only resemble nearby uses but also align with Gainesville's future development plan.

(4) Are there substantial reasons why the property cannot or should not be used as currently zoned?

The subject property is zoned Residential-II (R-II) in Hall County. In Hall County, this zoning district prohibits the development of multi-family housing. Once annexed into the City of Gainesville, Residential-II (R-II) could be developed for multi-family housing.

(5) Will the proposed use cause an excessive or burdensome use of public facilities or services, including but not limited to streets, schools, water or sewer utilities, and police or fire protection?

The nearby properties currently utilize City water and sewer services and there is sufficient capacity to serve the development.

Trash pickup will be provided by the City of Gainesville which already provides service to nearby properties.

The existing roads are capable of handling the additional cars entering and exiting the property due to the small size of the proposed development.

Existing public safety services respond to the adjacent and nearby properties. Gainesville Fire Station #1 is located approximately 1.4± miles from the property.

Impacts to the school system are expected to be minimal given that only two residential units are proposed. The Gainesville City School System currently provides bus transportation to the adjacent property and other residential uses off of Athens Street.

(6) Is the proposed use supported by new or changing conditions not anticipated by the Comprehensive Plan or reflected in the existing zoning on the property or surrounding properties?

This property is located at the entrance of the established Black and Cooley Drive neighborhood. There are several heavy industrial uses located nearby. The proposed residential development appears reasonable given that the property previously contained three residential homes. The proposed duplex would serve more people than the allowed single-family housing without negatively impacting the character of the area.

Revitalizing neighborhoods is an important goal of the Gainesville Comprehensive Plan. The City does this by engaging in neighborhood revitalization activities, demolition of dilapidated housing, and acquisition of vacant parcels. The proposed development will provide new quality construction within an abandoned parcel at the entrance to an established neighborhood. New housing would not only help revitalize this property but it would also provide the community with a desirable housing option in an area near public facilities.

(7) Does the proposed use reflect a reasonable balance between the promotion of the public health, safety, morality, or general welfare and the right to unrestricted use of property?

Due to the subject property's proximity to existing residential, the proposal, with the recommended zoning conditions, appears to promote a reasonable balance between the interests of the City, the property owner, and neighboring residents and property owners.

▪ **Staff Recommendation**

The Planning Division staff is recommending **conditional approval** of this annexation request with **R-II zoning**, based on the Comprehensive Plan and the adjacent residential and non-residential land uses.

Conditions

1. The proposed use shall be generally consistent with the standards depicted on the architectural pictures provided with this annexation application including exterior materials and roof pitch to present a residential appearance. The property shall be limited to a one or two-family structure.
2. An evergreen buffer shall be provided within the 10-foot side yard setback behind proposed structure. The location, spacing, size and type of trees planted shall be subject to the approval of the Director of the Community and Economic Development Department.
3. All proposed lawn areas fronting Athens Street and Cooley Drive shall be sodded with grass extending to the edge of the road bed.
4. All access point design for the subject property shall require review and approval by the Gainesville Public Works Department Director. All required access/traffic/sidewalk improvements associated with the proposed development shall be at the full expense of the developer/property owner.
5. An updated as-built boundary survey/plat of the subject property, indicating all improvements required for the proposed use, shall be recorded prior to obtaining a Certificate of Occupancy.

Excerpts from the July 9, 2019 PAB Meeting Minutes

Applicant Presentation: Karl Chambers, 530 Mattie Farms Place, stated he was the property owner and wanted to add residential duplexes to help improve the current neighborhood.

Redevelopment For 1026 Athens St.

Concerning the property of 1026 ATHENS STREET Gainesville GA 30501. THIS PROPERTY has been an eye sore for several years, I Karl Chambers and David Reddicks have purchased this property and have taken on a residential redevelopment project to provide a much-needed housing for working class families in the form of rental housing.

The application for annexation from Hall county into the city of Gainesville is to allow the building of one single family duplexes (2 units in total). Which will not only provide affordable accommodation to Gainesville residents, but will also enhance the appearance and value of the community. The property is located at the corner of Cooley drive and Athens street. This property has provided residential accommodation in the past. This project is compatible with the schematics and future development of the neighborhood.

Each individual unit will be around 1500 sq ft with 3 bedrooms, 2 bathrooms, Living and dining area, kitchen, washroom and front porch. Water, sewage and electricity will be provided by the existing public infrastructure. The entrance and exit for each unit will be on Athens Street. Two motor vehicle parking will be provided for each unit.

The architectural style of this units will be in form of single-family ranch houses with front porch and the landscaping will be done to add beauty and style to the community. These rental units will be attractive to young working-class families with easy access to the city, schools and other public facilities such as library, post office, police and fire department etc.

- Proposed Annexation Ordinance 2019-20
- Proposed Zoning Ordinance 2019-21

Meeting Date: 8/6/2019

Purpose of Request:

To hold a public hearing pertaining to the following annexation/zoning request as presented at the July 9, 2019 Planning and Appeals Board Meeting:

The applicant is proposing to annex the subject property with a zoning of Planned Unit Development (P-U-D) for the purpose of constructing 375 single-family homes. The property is zoned Residential-II (R-II), Agricultural Residential-III (AR-III) and Agricultural Residential-IV (AR-IV) within unincorporated Hall County and is contiguous to the city limits to the north. Presently, the property is mostly wooded, contains several streams and consists of two parcels containing two abandoned single-family homes and a trailer that are to be demolished. Primary access to the development is proposed from Gillsville Highway and a secondary access is from the neighboring Heritage Pointe subdivision to the north. Adjacent uses include single-family homes, cemetery, T&D Charter and the GDOT Maintenance Complex.

▪ **Applicant's Proposal and Background Information**

The applicant is proposing to annex the subject property with a zoning of Planned Unit Development (P-U-D) for the purpose of constructing 375 single-family homes. The property is zoned Residential-II (R-II), Agricultural Residential-III (AR-III) and Agricultural Residential-IV (AR-IV) within unincorporated Hall County and is contiguous to the city limits to the north. Presently, the property is mostly wooded, contains several streams and consists of two parcels containing two abandoned single-family homes and a trailer that are to be demolished.

Primary access to the development is proposed from Gillsville Highway. The internal roads will be designed to meet City standards and will include a large roundabout near the main amenity area. The applicant is proposing to reserve land within the development for a future access road intended for emergency access purposes only. However, since the proposed internal roads will be public, the future access road will be required to be a full access road when constructed. Of note, a previous zoning condition was placed on the adjacent Heritage Pointe subdivision property to allow connection to the subject property. The timing of the connection between the two subdivisions is unknown at this time. Development plans were approved in April of 2019 for the last phase of the Heritage Pointe subdivision (95 lots) but work has not commenced at this time.

Proposed Development Standards

Density: 1.71 dwelling units per acre
Home Price: Anticipated to be under \$300,000
Minimum home size: 1,600 square feet of heated space
Minimum lot size: 7,200 square feet
Lot dimensions: 60' x 120' -180 lots; 75' x 120' -195 lots
Lot Setbacks: 20-feet (Front); 25-feet (Rear); 7.5 feet (Side)
Perimeter Setbacks: 30-feet (Front); 50-feet (Rear); 30 feet (Side)
Amenities: Clubhouse, pool, tennis courts, walking trails and greenspace
Buffers: 150' buffer on both sides of all streams
Roads: Public (City standards)

Utilities: City of Gainesville water and sewer
 Trash Pick-up: Provided by the City of Gainesville

▪ **Traffic Impact Study**

A traffic impact study was conducted for this development on February 22, 2019. The intersections of Athens Highway at Gillsville Highway; Gillsville Highway at Harmony Grove Church Road; and the Site Driveway at Gillsville Highway were studied. Traffic counts were collected on Tuesday, February 5, 2019 from 7-9 AM and 4-6 PM at the study intersections. The below table is a breakdown of the project trip generation as based on a 1.0% annual growth rate.

	Total Trips	Inbound Trips	Outbound Trips
Daily	3,508	1,754	1,754
AM	271	68	203
PM	361	227	134

Approximately 60% of trips will be dispersed to/from the north and west of the site towards Gainesville via US 129/SR-11. The remaining 40% of the trips will be dispersed to/from the east and south (40%) of the site towards Gillsville via SR 323.

According to the study, the Athens Highway at Gillsville Highway and Gillsville Highway at Harmony Church Road studied intersections are expected to operate acceptably for signalized intersections during both the AM and PM peak hours. The existing two-way left turn lane on Gillsville Highway in front of the proposed site should be striped as a left turn lane. A westbound right turn lane for the site driveway will be required by Georgia DOT as a condition of permitting the driveway; however, it is not needed from a capacity standpoint.

▪ **Other Departmental Comments**

There were no other departmental comments regarding this request.

▪ **Zoning History**

The following zoning actions have taken place in the immediate area during the last ten years:

2018 - A request by Geosam Capital US (Atlanta), LP to amend a 85.45± acres portion of a 220± acres tract located at 0 Gaines Mill Road zoned Planned Unit Development (P-U-D) for 100-single-family homes was approved with conditions.

2014 - A request by Alcovy-20, Inc. to amend a 26.10± acre tract located at 0, 2108 and 2125 Wilson Drive zoned Planned Unit Development (P-U-D) for a 55-lot single-family subdivision was approved with conditions.

2012 - A request by Gainesville Truck Center to annex a 14.03± acres tract located at 2145 Athens Highway with a zoning of Light Industrial (L-I) for sewer for an existing truck center was approved.

▪ **Staff Analysis**

(1) Is the proposed use suitable in view of the zoning and development of adjacent and nearby property?

The subject property is located at the eastern boundary of the existing city limits. Nearby properties are comprised of mostly single-family homes, agricultural property and undeveloped land. The proposed single-family home development appears to be suitable given the surrounding uses and the residential density is comparable to the adjacent Heritage Pointe subdivision in the City. According to the applicants proposed architectural elevations, the quality and scale of the proposed homes appear to exceed what is currently being constructed within the adjacent Heritage Pointe subdivision.

(2) Will the proposed use adversely affect the existing use or usability of adjacent or nearby property?

The proposed development will increase future traffic on Gillsville Highway; however, the traffic impact study states the level of service for these roads will continue to be acceptable with future build conditions. Upon the proposed development being built-out and the final phase of the adjacent Heritage Pointe subdivision being completed, a future access road may be possible to utilize the signal located at the intersection of Gillsville Highway and Athens Highway. It should be noted there are existing traffic delays at the intersection of Gaines Mill Road and Athens Highway and a traffic signal should be considered due to existing traffic delays.

If approved, the development will be required to meet the storm water standards during pre, intermediate and post development. Of note, the property is located within the North Oconee Water Supply Watershed Protection Zone in which intent is to minimize the transport of pollutants and sediment to the water supply, to maintain the yield of water supply watersheds, and to ensure water can be treated to meet federal and state drinking water standards, within the North Oconee River small water supply watershed. Stream buffer widths of 150-feet on both sides of the streams are required and are shown on the applicant's concept plan.

(3) Is the proposed use compatible with the purpose and intent of the Comprehensive Plan?

The proposal is consistent with the Comprehensive Plan and is within density range at an overall density of 1.71 dwelling units per acre. The Future Development Map for the City of Gainesville places the property within the *Low-Medium Density Residential* land use category, which includes areas containing or planned for single-family detached or semi-detached housing at densities ranging from two to four dwelling units per acre.

According to the Character Area map for the City of Gainesville, the subject property is located within the *Suburban Residential* Character Area. The vision for this area is to preserve older, stable residential subdivisions and encourage newer projects with smaller lot sizes, pedestrian infrastructure, and buildings patterned after traditional local housing, possibly containing a small neighborhood-serving "village center".

As well, the quality community objectives state that housing choices should continue to be diversified to support a range of household incomes, sizes, types, but consist mostly of

traditional single-family detached lots. In areas where natural features or sensitive environments are important, cluster housing or conservation subdivision design may be appropriate. Land uses allowed in the *Suburban Residential Character Area* include low-density residential, medium-density residential, multi-family residential, public / institutional, commercial, and parks / recreation / conservation, mixed-use.

(4) Are there substantial reasons why the property cannot or should not be used as currently zoned?

The subject property is currently zoned for agricultural and single-family residential purposes within unincorporated Hall County. The proposed zoning of Planned Unit Development (P-U-D) is a site-specific zoning that assures the developer will adhere to the proposed development quality and standards as presented by the applicant. A zoning of P-U-D typically provides for a mixture of housing types or a mixture of uses. In this case, the development is for detached single-family homes designed with smaller lots in order to preserve green space and reduce impacts to the adjacent streams.

(5) Will the proposed use cause an excessive or burdensome use of public facilities or services, including but not limited to streets, schools, water or sewer utilities, and police or fire protection?

The proposal should not cause an excessive or burdensome use of public facilities or services. The development proposes to utilize City water and sewer services and will share in the cost of providing sewer. In addition, the applicant is planning to reserve an area of the property for the location of a regional pump station to help the area to be better served by sewer.

Existing public safety services already respond to the adjacent and nearby properties. Gainesville Fire Station #1 located off of Queen City Parkway is located approximately 5.5± miles away and Hall County Fire Station #1 is located approximately 0.72± miles off of Athens Highway.

Proposed development will increase vehicular trips and turning movements along Gillsville Highway. However, the additional traffic was determined to be acceptable with minimal improvements according to the applicant's traffic impact study. A traffic signal at the intersection of Gaines Mill Road and Athens Street should be analyzed prior to connecting the proposed development with the adjacent Heritage Pointe subdivision.

The projected number of students that may attend public schools within the proposed development is unknown at this time; however, it is expected that the load on the public school system will increase. Gainesville City Schools currently provides bus service to the adjacent homes within Heritage Pointe subdivision. In addition, primary access will be from Gillsville Highway which has a signalized intersection at Athens Highway.

(6) Is the proposed use supported by new or changing conditions not anticipated by the Comprehensive Plan or reflected in the existing zoning on the property or surrounding properties?

It is anticipated that the surrounding property will remain as single-family and rural residential. As water and sewer services are provided to this area, future residential and supportive commercial growth are anticipated within the nearby area.

(7) Does the proposed use reflect a reasonable balance between the promotion of the public health, safety, morality, or general welfare and the right to unrestricted use of property?

Based on the Comprehensive Plan and the adjacent single-family residential uses, it appears the use reflects a reasonable balance between the promotion of the public health, safety, morality, or general welfare and the right to unrestricted use of property, with the proposed zoning conditions.

▪ **Staff Recommendation**

The Planning Division staff is recommending **conditional approval** of this annexation request with a zoning of **Planned Unit Development (P-U-D)**, based on the Comprehensive Land Use Plan and the adjacent single-family residential uses.

Conditions

1. The development standards within the narrative, site plan and architectural renderings submitted with the applicant's annexation application shall be made part of the zoning ordinance, and shall be subject to the approval of the Director of the Community and Economic Development Department.
2. The owner/developer shall plant minimum 6-foot high evergreen buffer trees around all detention ponds, mail kiosk, amenity areas and park areas adjacent to the single-family lots. The location, spacing, size and type of trees planted shall be subject to the approval of the Director of the Community and Economic Development Department.
3. All access point design for the subject property shall require review and approval by the Gainesville Public Works Department Director and the Georgia Department of Transportation. All required access/traffic/sidewalk improvements associated with the proposed development or any additional improvements identified within the Traffic Impact Study shall be at the full expense of the developer/property owner.
4. All interior roads shall meet City of Gainesville standards. Sidewalks within the remaining future phases shall be required on both sides of the road and shall be a minimum width of 5-feet.
5. The developer shall reserve property within the proposed subdivision to provide for future access to the adjacent Heritage Pointe subdivision located to the north. The reserved property shall be a minimum of 55-feet in width extending to the property boundary and shall align with the reserved access lot within the Heritage Pointe subdivision. The property shall be designated as reserved on the final plat.

Excerpts from the July 9, 2019 PAB Meeting Minutes

Applicant Presentation: Johnny Hastings, 3553 Blair Circle, stated that he agreed to all the conditions. The proposed type of homes are starter homes with a price point range of \$230,000-\$250,000 and will utilize City services.

FAVOR: None

OPPOSE: Angela Middleton, 2836 Gaines Mill Road, stated her concerns are with the heavy traffic and felt like there should not be an entrance at Gaines Mill Road due to the intersection at Hwy. 129 only having about 100-feet before entry access with no red light causing the traffic to back up.

Brenda Smith, 2398 Pine Grove Road, is concerned about the added children trespassing onto her property. She stated they have a four-acre pond and tennis court with cleared land with only a few trees to separate them from the new proposed development. She would like a permanent buffer such as a wall not a fence or trees.

Freddie Hopkins, 3073 Baker Road, stated he was concerned about the added children overloading the City's school system and the traffic on Gaines Mill Road which the added 375 homes would bring. He stated that Gaines Mill Road is already in horrible shape due to a lack of maintenance. His mother resides on Gaines Mill Road and he is concerned for her safety with the added traffic.

Janet Buffington, 4334 Evergreen Circle, stated her first concern was a lack of notification on Gillsville Hwy. She stated she did not see any zoning sign that referenced tonight's meeting which resulted in a smaller turnout. Ms. Buffington was not in opposition but agreed with the previously stated concerns.

Kevin Wood, 384 Valley Brock Circle, stated he was concerned with traffic congestion and the amount of accidents on Gillsville Hwy.

REBUTTAL: **Johnny Hastings** stated he would like to meet with someone he pointed to in the audience and he would be more than happy to discuss any and all concerns with the community. He plans to speak with GDOT again to determine the best solutions for the traffic concerns.

Planning and Appeals Board Comments: Board Member Simmons suggested that Mr. Hastings meet with the entire community instead of just one person. He stated that they needed to regroup and talk with the community about the traffic concerns.

There was a motion to table the request to give the applicant time to meet with the community about the request.

Motion made by Board Member Simmons
Motion died for lack of second

Board Member Thompson stated he felt like Mr. Hastings and the community would have time to work out solutions before the City Council public hearing on August 6th. Mr. Hastings agreed to meet with the community and GDOT to answer questions.

There was a motion to recommend conditional approval of the annexation request with a zoning of Planned Unit Development (P-U-D) for the purpose of 375 single-family homes with the following conditions:

Conditions

- 1. The development standards within the narrative, site plan and architectural renderings submitted with the applicant's annexation application shall be made part of the zoning ordinance, and shall be subject to the approval of the Director of the Community and Economic Development Department.**
- 2. The owner/developer shall plant minimum 6-foot high evergreen buffer trees around all detention ponds, mail kiosk, amenity areas and park areas adjacent to the single-family lots. The location, spacing, size and type of trees planted shall be subject to the approval of the Director of the Community and Economic Development Department.**

3. All access point design for the subject property shall require review and approval by the Gainesville Public Works Department Director and the Georgia Department of Transportation. All required access/traffic/sidewalk improvements associated with the proposed development or any additional improvements identified within the Traffic Impact Study shall be at the full expense of the developer/property owner.
4. All interior roads shall meet City of Gainesville standards. Sidewalks within the remaining future phases shall be required on both sides of the road and shall be a minimum width of 5-feet.
5. The developer shall reserve property within the proposed subdivision to provide for future access to the adjacent Heritage Pointe subdivision located to the north. The reserved property shall be a minimum of 55-feet in width extending to the property boundary and shall align with the reserved access lot within the Heritage Pointe subdivision. The property shall be designated as reserved on the final plat.

AN ORDINANCE

No. 2019-21

AN ORDINANCE AMENDING THE ZONING MAP OF THE CITY OF GAINESVILLE, GEORGIA BY ESTABLISHING THE ZONING ON A 219.65± ACRES TRACT LOCATED NORTHEAST OF THE INTERSECTION OF ATHENS HIGHWAY AND GILLSVILLE HIGHWAY, AND SOUTHEAST OF THE INTERSECTION OF ATHENS HIGHWAY AND GAINES MILL ROAD (A/K/A 2242 GAINES MILL ROAD; 2579 AND 2581 GILLSVILLE HIGHWAY) AT THE TIME OF ANNEXATION AS PLANNED UNIT DEVELOPMENT, WITH CONDITIONS (P-U-D-c); REPEALING CONFLICTING ORDINANCES; TO PROVIDE FOR SEVERABILITY; TO PROVIDE FOR AN EFFECTIVE DATE; AND FOR OTHER PURPOSES.

(Amendment to Zoning Map)

BE IT HEREBY ORDAINED BY THE GOVERNING BODY OF THE CITY OF GAINESVILLE, GEORGIA, AS FOLLOWS:

SECTION I.

That from and after the passage of this Ordinance the following described lands shall be zoned and so designated on the Zoning Map of the City of Gainesville as **Planned Unit Development, with conditions (P-U-D-c)**.

Conditions

- 1. The development standards within the narrative, site plan and architectural renderings submitted with the applicant's annexation application shall be made part of the zoning ordinance, and shall be subject to the approval of the Director of the Community and Economic Development Department.**
- 2. The owner/developer shall plant minimum 6-foot high evergreen buffer trees around all detention ponds, mail kiosk, amenity areas and park areas adjacent to the single-family lots. The location, spacing, size and type of trees planted shall be subject to the approval of the Director of the Community and Economic Development Department.**
- 3. All access point design for the subject property shall require review and approval by the Gainesville Public Works Department Director and the Georgia Department of Transportation. All required access/traffic/sidewalk improvements associated with the proposed development or any additional improvements identified within the Traffic Impact Study shall be at the full expense of the developer/property owner.**
- 4. All interior roads shall meet City of Gainesville standards. Sidewalks within the remaining future phases shall be required on both sides of the road and shall be a minimum width of 5-feet.**

ORDINANCE NO. 2019-21

5. The developer shall reserve property within the proposed subdivision to provide for future access to the adjacent Heritage Pointe subdivision located to the north. The reserved property shall be a minimum of 55-feet in width extending to the property boundary and shall align with the reserved access lot within the Heritage Pointe subdivision. The property shall be designated as reserved on the final plat.

RE: Rezone / Annexation application
Integrity Development Group ATL, LLC (Parcels 16-022C-00-010 and 15-023-00-014)

To Whom It May Concern:

The application for the annexation into the City of Gainesville and re-zoning is being submitted by Integrity Development Group, ATL, LLC for a parcel of land under contract with the current owner, Mr George Jones. The site consists of Parcels 16-022C-00-010 and 15-023-00-014.

The property is adjoined to the north by a single-family subdivision in the City of Gainesville (Heritage Pointe). The annexation of the property will form a continuous extension of the city south to this proposed subdivision.

The current use of the property is for agricultural and hunting activities. The southern border of parcel 15-023-00-014 ends on Gillsville Hwy across from the Georgia Department of Traffic parcel. The property is mostly wooded.

Use and development of the property as AG-IV is not economically feasible and is not the highest and best use of the property. The southern border of the property is formed by a creek that lends itself to natural buffers for the development of a single-family subdivision.

The Applicant intends to develop the property as a single-family subdivision consisting of up to 375 homes of different sizes with a minimum heated area of 1,600 sq ft. The subdivision will have amenities consisting of a clubhouse, pool and tennis courts. There will be several walking trails to maximize the natural beauty of the area and ample greenspace will be created in the development.

The single-family houses will be served by city sewer. The city has expressed interest to share in the cost of the development of the sewer in this area. The contribution of the applicant and future revenue from this subdivision will offset a significant part of the sewer development cost and regional pump station. The applicant is willing to set aside a part of the property for the location of the regional pump station. This pump station will enable the area to be served by city sewer. This will enable further commercial and industrial development in this area with the potential of a grocery store and other retail establishments.

The price target of the single-family subdivision will serve a much-needed underserved market segment in the eastern side of the City of Gainesville. There is an underserved market segment and great need

Integrity Development Group

for affordable single-family housing in the price range under \$300,000. This will serve the market segment of young families as well as the growing empty nester market with houses with master bedrooms on the main level. This will also provide an opportunity for first time home buyer moving up from the significant rental market in Gainesville. The diverse affordable target market should minimize the impact on the school system as it is not only targeting younger families but also empty nesters.

The proposed zoning will result in medium density single family houses with high quality finishes but affordable prices with yards that are easier to maintain while keeping the natural surroundings with enough provision for open spaces. This proposed development will satisfy a current and anticipated need for the development of the area and provide housing for the new jobs from the proposed industrial park planned within a couple of miles of the property as well as the other segments of the growing Gainesville / Hall County economy.

We welcome the opportunity to meet with the staff of the City of Gainesville planning and development Department to answer any questions or to address any concerns. We respectfully request your approval of this Rezoning / Annexation application.

Sincerely

Integrity Development Group, ALT, LLC

COUNCIL AGENDA REQUEST

Date Submitted: 7/23/2019

Presenter: Abb Hayes

Item of Business: Request from **S&E Holdings** to rezone a 2.48± acres tract located east of the intersection of Green Street and Ridgewood Drive and west of Glenwood Drive (a/k/a **0, 718 and 736 Green Street NE; 430 Glenwood Drive, NE**) from Residential-I (R-I) and Residential and Office (R-O) to Residential and Office (R-O). **Ward Number: Two.** Tax Parcel Number(s): 01-039-001-003 (Part), 004 (Part), 025 (Part) and 026. **Request: 25 townhome units and office space.**

- Proposed Rezoning Ordinance 2019-22

Meeting Date: 8/6/2019

Purpose of Request:

To hold a public hearing pertaining to the following annexation/zoning request as presented at the July 9, 2019 Planning and Appeals Board Meeting:

The applicant is proposing to rezone the subject property from Residential-I (R-I) and Residential and Office (R-O) to Residential and Office (R-O) for 25 residential townhomes and approximately 2,150 square feet of office space. The development will consist of four, two-story buildings ranging from 4 to 8 units per building. Each unit will be approximately 1,935 to 2,488 square feet in size with 3 bedrooms and a one car garage. All but the four-unit building will provide a basement level. The proposed office component is to be located within a portion of the basement level of the largest building. Access to the development is proposed from the adjacent parking lots behind the H. Lloyd Hill & Associates office building, Willis Investment Counsel office building, Mellow Mushroom restaurant and from the existing rear driveway that connects to City Park.

Part of the property is zoned Residential-I (R-I) and Residential and Office (R-O) and a small portion of the property is located within the Green Street Historic District which will require the project to have further approval from the Historic Preservation Commission. The adjacent properties are zoned Residential-I (R-I) and Residential and Office (R-O).

Planning Division Staff Recommendation **Approval, with conditions**
Planning & Appeals Board Recommendation **Approval, with conditions**

▪ **Applicant's Proposal and Background Information**

The applicant is proposing to rezone the subject property from Residential-I (R-I) and Residential and Office (R-O) to Residential and Office (R-O) for 25 residential townhomes and approximately 2,150 square feet of office space. The development is to be called "Parkview on Green Street". A smaller front portion of the property is zoned R-O and is located within the Green Street Local Historic District. The property consists of part or all of four properties adjacent to City Park / Candler Park and is located behind the H. Lloyd Hill & Associates office building, Willis Investment Counsel office building and Mellow Mushroom restaurant.

The development proposes four, two-story buildings ranging from 4 to 8 units per building at an overall residential density of 10.1 dwelling units per acre. All but the four-unit building "D" will provide a basement level. Each unit will range from 1,935 to 2,488 square feet in size with 3 bedrooms and 2½ to 3½ baths. In addition, each unit will contain a front entry one-car garage and private patio area. An additional 35 surface level parking spaces will be provided for residents and guests. The proposed office component is to be located within a portion of the basement level of the largest building "A" and will consist of 2,154 square feet of space which will function similarly to a mixed-use building.

Access to the development is proposed from the adjacent office and restaurant parking lots and from the existing rear driveway that connects to City Park / Candler Park. The subject property is currently landlocked with no actual road frontage but there are existing access easements in place. Trash pick-up will be private as dumpsters will be provided for the office space and townhomes.

Concurrently with this rezoning application, the applicant has filed an application for a Major Work Project which is scheduled for the August 5th Gainesville Historic Preservation Commission (GHPC) meeting. Being part of a local historic district requires design review by the GHPC of any new construction and/or exterior material changes to the property or building.

▪ **Adjacent Land Use and Zoning**

Location	Use	Zoning
North	City Park / Candler Park/ Civic Center / Professional offices	Residential-I (R-I) Residential and Office (R-O)
South	Candler Park / Professional offices	Residential-I (R-I) Residential and Office (R-O)
East	City Park / Candler Park	Residential-I (R-I)
West	Professional offices / Mellow Mushroom restaurant	Residential and Office (R-O)

▪ **Other Departmental Comments**

There were no departmental comments for this request.

▪ **Zoning History**

The following zoning actions have taken place in the immediate area during the last ten years:

2017 – A request by Brightstone Transitions to amend a 0.50[±] acre tract zoned Planned Unit Development (P-U-D) located at 446 Green Street was approved with conditions for a group home and office.

2017 – A request by W.L. Norton Agency Inc., to rezone a 0.42[±] acre tract located at 418 Boulevard NE from Residential-II (R-II) to Residential and Office (R-O) was approved with conditions for a professional office.

2015 – A request by Hands on Healing, Inc. for a Special Use for a therapeutic massage and exercise therapy office located at 431 Green Street within Residential and Office (R-O) zoning was approved with one condition.

2014 – A request by Gerald Darby and Bobby Norris for a Special Use for an antique gallery and residence located at 756 Green Street within Residential and Office (R-O) zoning was approved with one condition.

2012 – A request by The Norton Agency Insurance, LLP to rezone a 0.61[±] acre tract located at 424 Boulevard NE from Residential-II (R-II) to Residential and Office (R-O) was approved with conditions for a professional office.

2012 – A request by Dennis & Jill Momper to rezone a 0.51[±] acre tract located at 430 Prior Street NE from Residential-II (R-II) to Residential and Office (R-O) was approved with conditions for a professional office.

2010 – A request by Autumn Leaves Assisted Living Corporation located at 756 Green Street for a Special Use on a 0.61[±] acre tract within a Residential and Office (R-O) zoning district for an assisted living facility was conditionally approved.

2010 – A request by Harold A. Hinchman to rezone a 1.89[±] acres tract located at 1050 Park Street NE from Residential-I (R-I) to Residential-II (R-II) with a special use was denied for a group home for men.

Analysis

(1) Is the proposed use suitable in view of the zoning and development of adjacent and nearby property?

The adjacent and nearby property consists of professional offices, restaurant and park land. The adjacent zoning is Residential-I (R-I) and Residential and Office (R-O). Other nearby uses include the Spa on Green Street, Hall County Board of Education offices, First Baptist Church, Candler Square Condominiums and the Quinlan Visual Arts Center. The proposed zoning and townhome / office use could be considered suitable given the compatible zoning and mixture of nearby office and residential uses.

(2) Will the proposed use adversely affect the existing use or usability of adjacent or nearby property?

The proposed development should create minimal negative impacts to the use or usability of the adjacent or nearby property. The proposed townhomes and office space will provide for intown housing within a mixed-use area. City Park and Candler Park will continue to function with limited impacts and will serve the future residents of the townhome development.

(3) Is the proposed use compatible with the purpose and intent of the Comprehensive Plan?

The Future Development Map for the City of Gainesville places the subject property within the *Mixed-Use General* land use category and within the *Parks/ Recreation/ Conservation* land use category. This *Mixed-Use General* category includes areas containing or planned for a mixture of land uses including office, neighborhood retail, and residential. The *Parks / Recreation / Conservation* land use category includes areas containing or planned for parks and recreation facilities, permanently designated open space, and conservation areas, including buffers along water ways and other environmental features.

According to the Character Area map for the City of Gainesville, the subject property is located within the *Central Core and City Park Neighborhood Center* Character Areas.

The *Central Core* Character Area will continue to evolve as the symbolic heart of the City but should strive for additional office and housing to provide for a more sustainable mix of uses. Historic preservation and sensitive infill are key to maintaining a strong sense of place. Large growth trees and tree canopy should be preserved.

The vision for the *City Park Neighborhood Center* Character Area states that new development should be compatible with the small scale of the older structures, and parking should be located to the rear with inter-parcel connectivity where possible. The area is not anticipated to see major economic growth, but remain oriented toward addressing existing neighborhood needs. Businesses providing basic goods and services that neighborhood residents depend on in daily life (for example food, household supplies, medicine, etc.) should be encouraged. Locally-owned / family-owned businesses should be promoted to encourage small business investment / entrepreneurship. Land uses allowed include mixed-use, commercial and public/institutional.

(4) Are there substantial reasons why the property cannot or should not be used as currently zoned?

Most of the property is zoned Residential-I (R-I) which is mostly restricted to single-family detached homes. The Residential and Office (R-O) zoned portion currently permits the proposed use but would be limited in scale if developed independently. Therefore, the proposed townhomes and office use requires the majority of the property to be rezoned. If the request were to be denied, the property could remain as undeveloped property or combined with other adjacent R-O zoned property for single-family, multi-family or light office uses.

(5) Will the proposed use cause an excessive or burdensome use of public facilities or services, including but not limited to streets, schools, water or sewer utilities, and police or fire protection?

The proposed use should have minimal impacts to public facilities as it is close to downtown Gainesville. Water and sewer capacity is adequate to serve the proposed use. The Gainesville Fire and Police Departments currently respond to the property as Fire Station #2 is approximately 0.5± miles from the subject property.

According to the "Trip Generation Manual" as published by the Institute of Transportation Engineers, the proposed townhomes at build out could generate approximately 14 A.M. and 16 P.M. peak hour trips and 29± new trips per weekday. The proposed office use at build out could generate approximately 4 A.M. and 4 P.M. peak hour trips and 24± new trips per weekday. The development will have one private driveway access point to City Park and as many as four access points to Green Street including one signalized access across from Ridgewood Avenue.

Impacts to the City school system are expected to be minimal given there are only 25 units proposed and the residential townhomes with some of the units occupied by empty nesters.

(6) Is the proposed use supported by new or changing conditions not anticipated by the Comprehensive Plan or reflected in the existing zoning on the property or surrounding properties?

The property has historically remained as undeveloped private property and park land. Over the last 35+ years, most of the existing structures along Green Street have converted to professional offices, restaurant and service uses due to the district being rezoned to Residential and Office (R-O) in 1981. Intown lots for housing is very limited but there is a growing demand due to nearby shopping, restaurants, entertainment, education, services and medical care.

(7) Does the proposed use reflect a reasonable balance between the promotion of the public health, safety, morality, or general welfare and the right to unrestricted use of property?

Based on the subject property's proximity within city limits and other residential properties, the proposal with the zoning conditions recommended by staff appears to promote a reasonable balance between the promotion of the public health, safety, morality, or general welfare, and the right to unrestricted use of property.

▪ **Staff Recommendation**

The Planning Division staff is recommending **conditional approval** of this rezoning request with **Residential and Office (R-O) zoning**, based on the Comprehensive Plan and the adjacent mixture of uses.

Conditions

- 1. The development standards within the narrative, site plan and architectural renderings submitted with the applicant's rezoning application shall be made part of the zoning ordinance, and shall be subject to the approval of the Gainesville Historic Preservation Commission and the Director of the Community and Economic Development Department.**
- 2. The subject property shall be limited to the proposed residential townhomes and office use. Multi-family apartments are not an approved use for the property.**

3. The existing trees located within the subject property shall remain except for what is only necessary to be removed for the development. The replacement trees as part of the required tree/landscape plan shall be at minimum 3-inch caliper size and consist of evergreen and deciduous trees. In addition, the applicant shall replant the evergreen buffer around the off-site detention pond if the existing trees are removed. The number, location, spacing, size and type of trees planted shall be subject to the approval of the Director of Community and Economic Development Department.
4. All access point design for the subject property shall require review and approval by the Gainesville Public Works Department Director. All required access / traffic / sidewalk improvements associated with the proposed development shall be constructed at the full expense of the property owner/developer.
5. An updated as-built survey/plat of the subject property, indicating existing conditions and all improvements shall be recorded prior to obtaining a Certificate of Occupancy for the future use.

Excerpts from the July 9, 2019 PAB Meeting Minutes

Applicant Presentation: Steven Hill, 1885 Lake Warner Road, stated he would like to add 25 townhome units, which would be energy efficient and low maintenance. Mr. Hill stated that due to the layout of the townhomes they were able to save the trees below the units toward the park. He states that he will probably have one of the three-story units himself. He felt the townhomes would provide easy access to downtown shopping, restaurants, parks and offices.

PV Park View on Green Street

Dear Gainesville enthusiasts,

May 1, 019

Thank you for your interest in Park View on Green Street Town Homes. Our vision for this project started many years ago. We knew there was a great deal of interest in this type of lifestyle living in downtown Gainesville. This downtown living lifestyle provides the greatest convenience to locations in and around Gainesville. The location of Park View, coupled with the luxury designed town homes and beautiful vistas, is the ideal solution for anyone looking for in city living. Twenty five residents will have the pleasure of calling Park View home.

The intent of this brochure is to provide as much information as we are able to at this stage of our development. As time progresses we may need to make slight amendments to our plans; but it is our pleasure to give you Park View on Green Street, in town living Gainesville, Georgia.

Again, we do appreciate your interest and look forward to working with you.

Sincerely,

Park View Development Team

Overview of request

The subject of this rezoning request is 2.48 Acres. Part of the property is zoned R-0 (residential office) and the back parcel is zoned R-1. We are requesting that all of the parcel be zoned R-0 (residential office).

Project Overview

Park View developers are proposing to construct 25 Unit town homes in multiple phases which includes three bedroom units ranging from 1,935 square feet to 2,189 square feet and three bedroom units at 2,448 square feet.

Park View will be a low maintenance structure, with gated garden entries. Situated on the development are four (4) building structures.

Building A (phase I) unit 1 is a 2 story three bedroom at 1,935 square feet. Ground floor includes entry garden, 1 car garage/storage, entry foyer, ½ bath, living, dining and kitchen with balcony off the living/dining. Upstairs is a large master bedroom, large master bath, large walk in closet, two guest rooms, guest bath, and large laundry room. Attic access by pull down stairs is provided at the corridor adjacent to the laundry room for additional storage. Units 2 is a 2 story three bedroom at 2,189 square feet. Units, 4, 5, 6, 7, and 8 are 3 story three bedrooms at 2,448 square feet. These units have the same amenities as units 1 and 3 but will include a lower level game room, study, bathroom and an outside patio.

Building B (future phase) units 1 thru 7 are 3 story three bedroom at 2,448 square feet. Ground floor includes entry garden, 1 car garage/storage, entry foyer, ½ bath, living, dining and kitchen with balcony off the living/dining. Upstairs is a large master bedroom, large master bath, large walk in closet, two guest rooms, guest bath, and large laundry room. Attic access by pull down stairs is provided at the corridor adjacent to the laundry room for additional storage. Lower level has a game room, study, bathroom and an outside patio.

Building C (future phase) units 1 thru 6 are 3 story three bedroom at 2,488 square feet. Ground floor includes entry garden, 1 car garage/storage, entry foyer, ½ bath, living, dining and kitchen with balcony off the living/dining. Upstairs is a large master bedroom, large master bath, large walk in closet, two guest rooms, guest bath and large laundry room. Attic access by pull down stairs is provided at the corridor adjacent to the laundry room for additional storage. Lower level has a game room, study, bathroom and an outside patio.

Project Overview (continued)

Building D (future phase) units 1 thru 4 are 2 story three bedroom at 1,935 square feet. Ground floor includes entry garden, 1 car garage/storage, entry foyer, ½ bath, living, dining and kitchen with balcony off the living/dining. Upstairs is a large master bedroom, large master bath, large walk in closet, two guest rooms, guest bath, and large laundry room. Attic access by pull down stairs is provided at the corridor adjacent to the laundry room for additional storage.

Zoning request

The land owners are requesting that the existing R-1 zoning be amended to change from R-1 to R-0 with use permit for residential office.

Existing versus proposed zoning

At this time .419 acres of the development is zoned R-0, 2.48 acres of the development is zoned R-1. The R-1 zoning parcel has R-0 zoning to the west, R-0 to the north and City Park to the east.

Single family residential is not compatible with the residential/office adjacent to the property and from a financial stand point and would not be feasible.

R-0 (residential/office) is the desired zoning for the development in that it is the natural extension of the existing R-0 properties.

RENDERING OF TOWNHOMES BUILDING "A" PHASE I GREEN STREET SIDE

The town homes will sit in a picturesque setting overlooking City Park off Green Street. Access to the property is from Green Street and from Glennwood Drive to the back. In the immediate surrounding area the majority of the makeup is residential and offices. Because of its close proximity to downtown, we anticipate most residence will walk, bike or Uber. Adjacent to the site is a restaurant and close proximity to grocery stores, shops, restaurants and the Civic Center. The town homes over look the beautiful woods of City Park and is within 3 blocks of Brenau University.

Surrounding Properties:

Within the block, as well as the properties to the north and south, there is predominately R-0 (residential office) zoning.

The property is 3½ blocks from downtown and overlooks City Park. South on Green Street, east on Candler Street and south on Boulevard is Brenau University.

RELATIONSHIP TO ADJACEMENT PROPERTIES

Below is an aerial map of the immediate area with the subject parcel outlined.

Site Description

The property consists of 2.48 Acres. Part of the property is zoned R-0 (residential office) and the back parcel is zoned R-1. We are requesting that all of the parcel be zoned R-0 (residential office).

MEMORANDUM

TO: Gainesville City Council
FROM: Gainesville Planning and Appeals Board
DATE: July 9, 2019
SUBJECT: Request from Georgia Mountains YMCA, Inc. to rename Howard Road to YMCA Drive

The applicant is proposing to rename Howard Road to YMCA Drive. The right-of-way is located between State Route 365 and White Sulphur Road and is approximately 1,290± linear feet (0.244± mile) in length. If approved, the YMCA property is the only property that will require an address change.

The proposal appears to be reasonable given that there will be no other property addresses which would be impacted by the request. A similar request was approved in 2017 to rename a portion of Howard Road on the east side of State Route 365 which is currently named Lanier Tech Drive.

There were no comments from other departments regarding this request.

Excerpts from the July 9, 2019 PAB Meeting Minutes

Applicant Presentation: Amy Kienle, 4452 Indian Oak Pointe, President and CEO of Georgia Mountain YMCA, stated in the last five years the membership has grown over 21% and childcare has grown around 19%. The monument sign has helped raise awareness and growth. She stated they are the only property that will be affected with this request.
