COUNCIL AGENDA REQUEST

Date Submitted: 2/3/2020

Presenter: Bryan Lackey

Item of Business: BR-2020-09 Cumberland Drive Sanitary Sewer Extension Cost Participation (River-Blu Properties, LLC)

Meeting Date: 3/3/2020

Purpose of Request:

Obtain authorization from Council to reimburse River-Blu Properties, LLC in the amount of \$25,000.00 for costs associated with extending the public sanitary sewer on Cumberland Drive.

History/Background:

The property owner of six residential lots located at the intersection of Cumberland Drive and Bluebridge Drive has requested the City to participate in the cost of extending sanitary sewer service to these lots.

Facts & Issues for Consideration:

If approved, the City has an opportunity to serve additional customers in the area without having to assume the full cost of a sanitary sewer extension capital improvement project that would come at a much higher cost to the City than the requested participation amount.

Department Recommendation:

Authorize staff by resolution to reimburse the property owner of the requested participation amount.

RESOLUTION BR-2020-09

**CUMBERLAND DRIVE SANITARY SEWER EXTENSION COST PARTICIPATION
(RIVER-BLU PROPERTIES, LLC)**

WHEREAS, the City of Gainesville owns and operates a sanitary sewer system; and

WHEREAS, Gainesville Department of Water Resources (GDWR) intends to expand its existing sanitary sewer system to serve additional properties within the City limits; and

WHEREAS, the Property Owner/Developer (River-Blu Properties, LLC) of six parcels located at the intersections of Riverside, Blueridge, and Cumberland Drives, wishes to connect to the City of Gainesville sanitary sewer system; and

WHEREAS, a gravity sanitary sewer system extension is required before connection to the Gainesville sanitary sewer system is possible; and

WHEREAS, the property owner has requested the City consider participating in the cost of said extension; and

WHEREAS, Gainesville Department of Water Resources (GDWR) staff received a preliminary construction cost estimate from the developer's contractor for extending an 8-inch sanitary sewer as shown on attached "Exhibit A", for a total cost of \$67,275.00; and

WHEREAS, GDWR staff has reviewed said request and concurs with the reasonable nature of the request.

NOW, THEREFORE, BE IT RESOLVED THAT the governing body for the City of Gainesville hereby authorizes reimbursement to River-Blu Properties, LLC in the amount of \$25,000.00. Said reimbursement shall be completed within sixty (60) days of final inspection and approval by City staff of said sanitary sewer facilities.

BE IT FURTHER RESOLVED THAT said expenditure shall be paid from the Department of Water Resources Capital Projects Fund.

BE IT FURTHER RESOLVED THAT the Mayor, City Manager and/or City Attorney are authorized to execute such documents as may be necessary to complete this agreement.

Adopted this ____ day of _____, 2020.

- Proposed Rezoning Ordinance 2020-07

Meeting Date: 3/3/2020

Purpose of Request:

To to hold a public hearing regarding the following zoning request as presented at the February 11, 2020 Planning and Appeals Board Meeting:

The applicant is proposing to rezone the subject property for the purpose of redeveloping the site for seven (7) townhome style apartments. The property contains a parking lot and three metal buildings occupied by three churches. The proposed apartments will be similar in design as the adjacent Enclave apartments across the street which consist of two-story units, each with a minimum of 1,500 square feet of heated floor space. Access is planned from the future reopening / extension of Davis Street so as to provide parking to the rear of the apartment building. The subject property is located within the Midtown Overlay Zone and the adjacent properties include the Enclave apartments, vacant land, auto tire shop, North Georgia Supply and a bakery.

RECOMMENDATION**

Applicant and Property Owner..... Davis Pine, LLC
Location..... 890, 892 and 898 Wills Street, SW
Request..... Rezone from G-B to R-II
Size 0.47± acre
Ward..... Three
Proposed Use..... Seven multi-family apartments
Planning Division Staff Recommendation **Approval, with conditions**
Planning & Appeals Board Recommendation..... **Approval, with conditions**
Date..... February 11, 2020

▪ **Applicant's Proposal and Background Information**

The applicant is proposing to rezone the subject property for the purpose of constructing seven (7) townhome style apartments. The property contains a parking lot and three metal buildings occupied by three churches that will be demolished as part of the redevelopment. The proposal will be similar in design and appearance as the adjacent Enclave apartments which consist of two-story units, each with a minimum of 1,500 square feet of heated floor space. Proposed building setbacks are 10-feet from Wills Street and from the side yards and 20-feet from Davis Street and the rear property line. A 10-foot frontage landscape will be provided along Wills Street and a 15-foot landscape strip will be provided along Davis Street. The Midtown Overlay Zone standards allow for a maximum residential density of 12 du/ac and a minimum front yard building setback of 15-feet. The applicant is requesting relief from the residential density requirement to allow a density of 14.89 du/ac and a front yard building setback of 10-feet along Wills Street in order to locate parking to the rear of the building. Access is planned from the future reopening / extension of Davis Street. Trash service will be provided by the City of Gainesville. The subject property is located within the Midtown Overlay Zone.

▪ **Adjacent Land Use and Zoning**

Location	Use	Zoning
North	North Georgia Supply	General Business (G-B)
South	Vacant Land / Future Single-family homes; Marathon Gas Station	Heavy Industrial (H-I)
East	Enclave Apartments	Residential-II (R-II)
West	Medina's Tire Service, La Santaneca Bakery	General Business (G-B)

▪ **Other Departmental Comments**

There were no departmental comments regarding this request.

▪ **Zoning History**

The following zoning actions have taken place in the immediate area during the last ten years:

2020- A request by the City of Gainesville to rezone a 6.84± acres tract located at 110 and 120 Jesse Jewell Parkway, SE; 525 Bradford Street, SE; 111 College Avenue, SE from Planned Unit Development (P-U-D) and General Business (G-B) to Planned Unit Development (P-U-D) was approved with conditions for a mixed-use development.

2020- A request by the City of Gainesville to rezone a 4.1± acres tract located at 610 and 622 Main Street, SW; 605 Grove Street, SW from Light Industrial (L-I) to Planned Unit Development (P-U-D) was approved with conditions for a mixed-use development.

2019- A request by Christopher Wimberly to rezone 0.31± acres located at 315 Summit Street, SE from Residential-II (R-II) to General Business (G-B) was approved with conditions for a funeral home.

2016- A request by the Gainesville Housing Authority to rezone 11.671± acres located at 233, 240, 315, and 323 Atlanta Street; 207, 209, 221, 223 and 229 Summit Street from Residential-II (R-II), Neighborhood Business (N-B) and General Business (G-B) to Planned Unit Development (P-U-D) was approved with conditions for multi-family apartments.

2014- A request by Pap Datta to rezone 1.04± acres with a special use located at 510, 514 and 520 Maple Street from General Business (G-B) to Light Industrial (L-I) was approved with conditions for a micro-brewery.

2014- A request by Mercy Housing to rezone a 2.2± acres tract located at 620 and 628 Gordon Avenue, SW; 0, 602 and 612 Longstreet Avenue, SW; 627 Queen City Parkway, SW; 504, 512, 514, 520 and 528 Banks Street, SW from Residential-II (R-II), Office and Institutional (O-I), General Business (G-B) and Heavy Industrial (H-I) to Planned Unit Development (P-U-D) was approved with conditions for 90 multi-family low-income housing units but the request was withdrawn at City Council second reading.

▪ **Staff Analysis**

(1) Is the proposed use suitable in view of the zoning and development of adjacent and nearby property?

The subject property is surrounded by a mixture of residential, commercial and industrial zoned properties. The proposal will be similar in design and appearance as the adjacent Enclave apartment development which locates parking to the rear of the structure to provide for an enhanced streetscape. The proposal appears suitable based on recent development in the Midtown Area and will provide for additional housing opportunities within the Midtown area.

(2) Will the proposed use adversely affect the existing use or usability of adjacent or nearby property?

The proposed use should not adversely affect the adjacent or nearby property. The proposal will remove stressed industrial warehouse buildings while providing for additional housing needs within the downtown area. Improvements such as parking, streetscaping and sidewalks will improve the functionality and aesthetics of the subject property which are more in keeping with the residential development along Wills Street and Davis Street.

(3) Is the proposed use compatible with the purpose and intent of the Comprehensive Plan?

The Gainesville Future Development Map places the subject property within the *Mixed-Use Midtown* land use category. This category includes areas to be developed in accordance with the Midtown Redevelopment Plan which allows for a mixture of land uses including office, neighborhood retail, and residential.

According to the Character Area map for the City of Gainesville, the subject property is located within the *Central Core* Character Area specifically within the *Downtown/Midtown* subarea. The vision for this area should strive for additional office and housing to provide a more sustainable mix of uses. Recent public improvements to Midtown including the Midtown Greenway and the Jesse Jewell pedestrian bridge have begun a long-term transition to more diverse land uses including a mixed-use core along Main and Bradford streets; flanking multi-family (ideally mixed-income) housing; a multi-modal transportation node at the Amtrak station; and an office / conference / hospitality extension of Downtown across Jesse Jewell Parkway. In addition, mixed-income high quality multi-family housing development should be targeted to take advantage of the open space investment made in the Midtown Greenway and related parks. Land uses supported in the Midtown subarea include mixed-use, multi-family residential, commercial, public / institutional, and transportation / communications / utilities.

(4) Are there substantial reasons why the property cannot or should not be used as currently zoned?

The proposal requires the property to be rezoned from General Business (G-B) to Residential-II (R-II). If approved, the property will be downzoned to a less aggressive zoning district that will better support recent redevelopment efforts within the Midtown area. Some of these include the adjacent Enclave apartments, Walton Summit apartments, proposed Liberty Midland single-family rental homes and the adjacent single-family homes proposed by the Gainesville Non-Profit Development Foundation.

(5) Will the proposed use cause an excessive or burdensome use of public facilities or services, including but not limited to streets, schools, water or sewer utilities, and police or fire protection?

The proposed apartments should not cause an excessive or burdensome use of public facilities or services. The development proposes to utilize City water and sewer services of which are sufficient to serve the property.

Existing public safety services already respond to the adjacent and nearby properties. Gainesville Fire Station #1 is located 0.36± miles from the property.

The proposed development will have minimal impact on the surrounding road network and will produce less traffic than the existing uses. The applicant proposes access from the closed portion of Davis Street which will be reopened to provide direct access to Queen City Parkway. According to the Institute of Transportation Engineers (ITE) Trip Generation Handbook (9th Edition), the proposed use at build out could generate on average approximately 47± new trips per weekday, 4 A.M. and 5 P.M. peak hour trips.

The projected number of new students that may attend public schools within the proposed development is unknown at this time. City school bus service is currently provided to the adjacent Enclave apartments and single-family homes.

(6) Is the proposed use supported by new or changing conditions not anticipated by the Comprehensive Plan or reflected in the existing zoning on the property or surrounding properties?

The property is located within the Midtown Overlay Zone which was established in 2005 with the intent to set higher standards for the appearance and functionality of the land uses. It is also intended to encourage mixed-use development and the creation of more housing, employment, and recreational opportunities originally identified within *The Renaissance of Midtown Gainesville Redevelopment Plan* created in 2001. It is expected that the strategic public investment that has occurred within the Midtown area will continue to encourage a mixture of private investment as desired by the applicant.

(7) Does the proposed use reflect a reasonable balance between the promotion of the public health, safety, morality, or general welfare and the right to unrestricted use of property?

Based on the Comprehensive Plan and the adjacent mixture of uses, it appears the proposal reflects a reasonable balance between the promotion of the public health, safety, morality, or general welfare and the right to unrestricted use of property, with the proposed zoning conditions.

▪ **Staff Recommendation**

The Planning Division staff is recommending **conditional approval** of this rezoning request with a zoning of **Residential-II (R-II)** based on the Comprehensive Land Use Plan and the mixture of residential and non-residential uses.

Conditions

1. The development standards within the applicant's narrative, concept plan and architectural renderings shall be made part of the zoning ordinance, and shall be subject to the Community & Economic Development Director approval. Any zoning conditions adopted as part of this zoning ordinance that conflict with the applicant's narrative, concept plan and architectural renderings shall take precedence over the applicant's development standards.
2. All access point design for the subject property shall require review and approval by the Gainesville Public Works Director. All required access/traffic/sidewalk improvements associated with the proposed development shall be constructed at the full expense of the property owner/developer.
3. An updated as-built boundary survey/plat of the subject property, indicating all improvements required for the proposed use, shall be recorded prior to obtaining a Certificate of Occupancy.

Excerpts from the February 11, 2020 PAB Meeting Minutes

Applicant Presentation: Robbie Robison, P.O. Box 896, stated he represents the developer. He agrees with everything stated by Mr. Tate and the development is the exact same as the Enclave apartments. He said the buildings are vacant and they gave the churches notice back in October and vacated February 1st. He will be glad to answer any questions.

FAVOR: None

OPPOSE: None

Planning and Appeals Board Comments: None

There was a motion to recommend conditional approval of the request to rezone the subject property from General Business (G-B) to Residential-II (R-II) zoning as presented with the following conditions:

Conditions

1. REZONE G-B TO R-II

GAINESVILLE, GEORGIA

PROJECT NARRATIVE

February 11, 2020

- **PROJECT OVERVIEW**

The subject property is 0.47 acres located at 890 SW Wills Street in Hall County, Georgia and is within the City of Gainesville. It is in Land Lot 153 of the 9th District.

The existing zoning is G-B. There are currently three metal buildings onsite with paved parking and loading areas.

The proposed zoning is R-II for residential use. Seven (7) new attached townhomes are proposed that will match the recently-built Enclave townhome development immediately across Wills Street to the east. Parking will be provided in the rear.

Domestic water, fire protection and sanitary sewer services will be provided by the City of Gainesville Department of Public Utilities. Trash pickup will be provided by the City of Gainesville or Waste Management, Inc. An onsite stormwater management facility is not required or proposed for this development.

- **RECOMMENDED DEVELOPMENT CONDITIONS**

1. All development criteria shall meet the current requirements of the City of Gainesville Unified Development Code unless specifically mentioned otherwise in this document.
2. The development is limited to seven (7) dwellings, or 14.89 units per acre.
3. A minimum of two (2) offstreet parking spaces shall be provided per dwelling.
4. The maximum impervious coverage is 75% of the total site area.
5. The front building setbacks shall be 10' from Wills Street and 20' from Davis Street. Side setbacks shall be 10' and the rear setback shall be 20'.
6. A 5' landscape strip is required along Wills Street and a 15' landscape strip is required along Davis Street.
7. The 10' temporary construction easement shall remain in place until the Davis Street road extension project is completed by the City of Gainesville.

8. A 5' ADA accessible public concrete sidewalk shall be installed across all public street frontages. The sidewalk shall be located 2' back-of-curb with a sodded grass beauty strip.
9. The primary dwelling façade shall be hardiplank siding or other top-rated products such as Heartland Heart Tech vinyl.
10. Dwellings shall have a minimum heated floor space of 1,500 square feet. The minimum overall width per dwelling is 20'. Multi-story buildings, garages and basements may be allowed, but are not required.
11. The development shall be allowed one monument sign along the right-of-way of Davis Street near the proposed drive. All monument signage including footings, utilities and landscaping shall not encroach public right-of-way nor impede line of sight for vehicular traffic. All signage designs and locations shall be approved by the City of Gainesville prior to installation. The owner or homeowners association shall be responsible for the mechanical and aesthetic upkeep of the signs.

NOTES:

- 1. THE FIELD DATA DATED 2/27/2018 UPON WHICH THIS PLAT IS BASED HAS A CLOSURE PRECISION OF ONE FOOT IN 74,576 FEET AND AN ANGULAR ERROR OF 0.1" PER ANGLE POINT, AND WAS ADJUSTED USING LEAST SQUARES. THIS PLAT HAS BEEN CALCULATED FOR CLOSURE AND IS FOUND TO BE ACCURATE WITHIN ONE FOOT IN 1,937,534 FEET. THE EQUIPMENT USED TO OBTAIN THE LINEAR AND ANGULAR MEASUREMENTS HEREIN WAS A TOPCON GTS-325.
- 2. THE HORIZONTAL DATUM FOR THIS SURVEY IS THE GEORGIA COORDINATE SYSTEM, WEST ZONE. THE EQUIPMENT USED TO OBTAIN THIS DATA WAS A DUAL FREQUENCY TRIMBLE R8 GNSS GPS RECEIVER WITH A TRIMBLE TSC2 DATA COLLECTOR RECEIVING RTK CORRECTIONS VIA A WIRELESS NETWORK FROM AN ADJUSTED REAL TIME KINEMATIC NETWORK. THE TECHNIQUE USED WAS RTK CORRECTED MEASUREMENTS FROM A SINGLE BASE STATION. THE AVERAGE RELATIVE POSITIONAL ACCURACY OBTAINED ON THE POINTS UTILIZED IN THIS SURVEY WAS 0.04 FT. HORIZONTAL. THESE VALUES WERE DERIVED FROM GPS PROCESSING SOFTWARE. THE REMAINDER OF THE FIELD WORK WAS PERFORMED WITH CONVENTIONAL SURVEY EQUIPMENT AS DESCRIBED ABOVE.
- 3. THE UTILITIES SHOWN HEREON HAVE BEEN LOCATED FROM ABOVE GROUND, VISIBLE EVIDENCE. THE SURVEYOR MAKES NO GUARANTEE THAT THE UTILITIES SHOWN COMPRISE ALL SUCH UTILITIES IN THE AREA, EITHER IN SERVICE OR ABANDONED. THE SURVEYOR FURTHER DOES NOT WARRANT THAT THE UNDERGROUND UTILITIES SHOWN ARE IN THE EXACT LOCATION INDICATED. THE SURVEYOR HAS NOT PHYSICALLY LOCATED THE UNDERGROUND UTILITIES.
- 4. THIS SURVEY IS FOR THE EXCLUSIVE USE OF THE ENTITIES SHOWN HEREON, ANY USE BY THIRD PARTIES IS AT THEIR OWN RISK.
- 5. THIS PROPERTY IS NOT LOCATED IN A FLOOD HAZARD AREA AS SHOWN ON FLOOD INSURANCE RATE MAP # 13139C0187F, HALL COUNTY, GEORGIA REVISED DATE, SEPTEMBER 29, 2006.
- 6. ALL DISTANCES AS SHOWN ARE HORIZONTAL GROUND DISTANCES IN U.S. SURVEY FEET (39.37 INCHES = 1 METER).
- 7. THE BEARINGS SHOWN HEREON WERE CALCULATED FROM ANGLES TURNED.
- 8. THIS SURVEY WAS PREPARED WITHOUT THE BENEFIT OF A CURRENT TITLE COMMITMENT POLICY. THEREFORE EXCEPTION IS MADE HEREIN TO ANY EASEMENTS, RESERVATIONS, RIGHTS OF WAY AND RESTRICTIONS OF RECORD, WHICH MAY EXIST. FURTHERMORE, THIS PROPERTY MAY BE SUBJECT TO EASEMENTS, RESERVATIONS, RIGHTS OF WAY, OR RESTRICTIONS, WHICH NOT RECORDED OR NOT DISCLOSED BY THE TITLE COMMITMENT OR OTHERWISE UNKNOWN TO THE SURVEYOR; THEREFORE EXCEPTION IS TAKEN TO ANY SUCH ITEMS.

Date Submitted: 2/17/2020

Presenter: Matt Tate

Item of Business: Request from **Gainesville Non-Profit Development Foundation** to rezone a 1.07± acre tract located at the southeast and southwest side of the intersection of Davis Street and Wills Street (a/k/a **623, 635, 641 and 645 Davis Street, SW**) from General Business (G-B) and Heavy Industrial (H-I) to Residential-II (R-II). **Ward Number: Three.** Tax Parcel Number(s): 01-030-005-004; 01-030-006-003A; 01-030-007-001. **Request: Four single-family homes.**

- Proposed Rezoning Ordinance 2020-08

Meeting Date: 3/3/2020

Purpose of Request:

To hold a public hearing regarding the following zoning request as presented at the February 11, 2020 Planning and Appeals Board Meeting:

The applicant is proposing to rezone the subject property and a portion of the Davis Street cul-de-sac in order to develop four (4) single-family homes. The homes will be part of an overall 5-lot pocket neighborhood called the "Davis Street Cottages" designed to provide affordable housing. The property contains three vacant lots that will be reconfigured into four lots and the proposed homes will range from 1,150 to 1,500 square feet in size with three bedroom and two bathrooms. There is an adjacent lot already zoned R-II which the applicant owns that will be part of the pocket neighborhood. Through a separate but coordinated effort, Davis Street will be reopened / improved to provide access to Queen City Parkway and the Davis Street cul-de-sac will be removed to become part of the proposed development. The subject property is located within the Midtown Overlay Zone and the surrounding properties include single-family homes, Enclave apartments, gas station, three churches and various office warehouse uses.

Planning Division Staff Recommendation **Approval, with conditions**

Planning & Appeals Board Recommendation..... **Approval, with conditions**

Date..... February 11, 2020

▪ **Applicant's Proposal and Background Information**

The applicant is proposing to rezone the subject property and a portion of the Davis Street cul-de-sac in order to develop four (4) single-family homes. The homes will be part of the overall 5-lot, "Davis Street Cottages" designed to provide affordable housing and sold to income-eligible individuals and families. The Gainesville Non-Profit Development Foundation entered into a development agreement with the City of Gainesville to serve as the developer using the City's Community HOME Investment Program (CHIP) grant funds earmarked for new construction. The subject property is located within the Midtown Overlay Zone.

The subject property contains three vacant lots that will be reconfigured into four lots and the proposed homes will range from 1,150 to 1,500 square feet in size with three bedrooms and two bathrooms. There is an adjacent lot already zoned R-II which the applicant owns that will be part of the pocket neighborhood. Parking will be located to the rear of the homes and two shared driveways will be constructed in order to reduce the number of curb cuts along Davis Street. Through a separate but coordinated effort, Davis Street will be reopened / improved to provide access to Queen City Parkway and the Davis Street cul-de-sac will be removed to become part of the proposed development. Perimeter fencing and a vegetated landscape berm will be installed along the western boundary line and across the rear of the proposed lots. Trash service will be provided by the City of Gainesville.

▪ **Adjacent Land Use and Zoning**

2016- A request by the Gainesville Housing Authority to rezone 11.671± acres located at 233, 240, 315, and 323 Atlanta Street; 207, 209, 221, 223 and 229 Summit Street from Residential-II (R-II), Neighborhood Business (N-B) and General Business (G-B) to Planned Unit Development (P-U-D) was approved with conditions for multi-family apartments.

2014- A request by Pap Datta to rezone 1.04± acres with a special use located at 510, 514 and 520 Maple Street from General Business (G-B) to Light Industrial (L-I) was approved with conditions for a micro-brewery.

2014- A request by Mercy Housing to rezone a 2.2± acres tract located at 620 and 628 Gordon Avenue, SW; 0, 602 and 612 Longstreet Avenue, SW; 627 Queen City Parkway, SW; 504, 512, 514, 520 and 528 Banks Street, SW from Residential-II (R-II), Office and Institutional (O-I), General Business (G-B) and Heavy Industrial (H-I) to Planned Unit Development (P-U-D) was approved with conditions for 90 multi-family low-income housing units but the request was withdrawn at City Council second reading.

- **Staff Analysis**

(1) Is the proposed use suitable in view of the zoning and development of adjacent and nearby property?

The adjacent and nearby property consists of a mixture of residential, commercial and industrial zoned properties. The proposed single-family homes are of similar scale and will compliment the adjacent and nearby residential properties. The proposal appears suitable based on recent development in the Midtown Area and will provide for additional housing opportunities within the Midtown area.

(2) Will the proposed use adversely affect the existing use or usability of adjacent or nearby property?

The proposed single-family homes should not adversely affect the adjacent or nearby property. The proposal will provide for additional housing needs that will enhance the surrounding property and will rejuvenate an otherwise abandoned tract of land.

(3) Is the proposed use compatible with the purpose and intent of the Comprehensive Plan?

The Gainesville Future Development Map places the subject property within the *Mixed-Use Midtown* land use category. This category includes areas to be developed in accordance with the Midtown Redevelopment Plan which allows for a mixture of land uses including office, neighborhood retail, and residential.

According to the Character Area map for the City of Gainesville, the subject property is located within the *Central Core* Character Area specifically within the *Downtown/Midtown* subarea. The vision for this area should strive for additional office and housing to provide a more sustainable mix of uses. Recent public improvements to Midtown including the Midtown Greenway and the Jesse Jewell pedestrian bridge have begun a long-term transition to more diverse land uses including a mixed-use core along Main and Bradford streets; flanking multi-family (ideally mixed-income) housing; a multi-modal transportation node at the Amtrak station; and an office / conference / hospitality extension of Downtown across Jesse Jewell Parkway. In addition, mixed-income high quality multi-family housing development should be targeted to take advantage of the open space investment made in the Midtown Greenway and related parks. Land uses supported in the Midtown subarea include mixed-use, multi-family residential, commercial, public / institutional, and transportation / communications / utilities.

(4) Are there substantial reasons why the property cannot or should not be used as currently zoned?

The Midtown Overlay Zone allows for single-family homes regardless of the zoning. It is the desire to rezone the property from General Business (G-B) and Heavy Industrial (H-I) to Residential-II (R-II) to better match the proposed use and to be consistent with the adjacent R-II zoned property owned by the applicant. If approved, the property will be effectively downzoned to a less aggressive zoning district that will better support recent redevelopment efforts within the Midtown area.

(5) Will the proposed use cause an excessive or burdensome use of public facilities or services, including but not limited to streets, schools, water or sewer utilities, and police or fire protection?

The proposed single-family homes should not cause an excessive or burdensome use of public facilities or services. The development proposes to utilize City water and sewer services of which are sufficient to serve the property.

Existing public safety services already respond to the adjacent and nearby properties. Gainesville Fire Station #1 is located 0.36± miles from the property.

The proposed development will have minimal impact on the surrounding road network. The applicant proposes access from the closed portion of Davis Street which will be reopened to provide direct access to Queen City Parkway. According to the Institute of Transportation Engineers (ITE) Trip Generation Handbook (9th Edition), the proposed use at build out could generate on average approximately 47± new trips per weekday, 4 A.M. and 5 P.M. peak hour trips.

The projected number of new students that may attend public schools within the proposed development is unknown at this time. City school bus service is currently provided to the adjacent single-family homes and the Enclave apartments.

(6) Is the proposed use supported by new or changing conditions not anticipated by the Comprehensive Plan or reflected in the existing zoning on the property or surrounding properties?

The property is located within the Midtown Overlay Zone which was established in 2005 with the intent to set higher standards for the appearance and functionality of the land uses. It is also intended to encourage mixed-use development and the creation of more housing, employment, and recreational opportunities originally identified within the *The Renaissance of Midtown Gainesville Redevelopment Plan* created in 2001. It is expected that the strategic public investment that has occurred within the Midtown area will continue to encourage further investment as desired by the applicant.

(7) Does the proposed use reflect a reasonable balance between the promotion of the public health, safety, morality, or general welfare and the right to unrestricted use of property?

Based on the Comprehensive Plan and the adjacent mixture of uses, it appears the proposal reflects a reasonable balance between the promotion of the public health, safety, morality, or general welfare and the right to unrestricted use of property, with the proposed zoning conditions.

▪ **Staff Recommendation**

The Planning Division staff is recommending **conditional approval** of this rezoning request with a zoning of **Residential-II (R-II)** based on the Comprehensive Land Use Plan and the mixture of residential and non-residential uses.

Conditions

1. **The development standards within the applicant's narrative, concept plan and architectural renderings shall be made part of the zoning ordinance, and shall be subject to the Community & Economic Development Director approval.**
2. **All access point design for the subject property shall require review and approval by the Gainesville Public Works Director.**

“DAVIS STREET COTTAGES”

WRITTEN NARRATIVE REZONING APPLICATION 635-645 DAVIS STREET, SW

Applicant/Owner Background

The Gainesville Nonprofit Development Foundation, Inc. (GNDF) purchased property located at 617, 635, 641 and 645 Davis Street, SW in June 2017 for the purpose of creating affordable housing opportunities and meeting priorities identified in the City’s HUD Consolidated Housing Plan. The GNDF was established by the City in 1970, to oversee land purchasing and housing development. Governed by a seven-member board appointed by the Mayor and Council, GNDF strives “to eliminate slums, combat community deterioration, secure adequate housing, purchase land and/or develop land, and improve the living conditions in the City of Gainesville”. Since 1970, the GNDF has developed five subdivisions to assist existing and potential homeowners and has rehabilitated over 75 housing units. GNDF also provides low-interest loans for housing repairs to eligible homeowners who are unable to secure a bank loan.

Existing Conditions

The Davis Street property purchased by the GNDF is comprised of four (4) tracts, totaling approximately 1.247 acres. Property located at 617 Davis Street is zoned Residential-II (R-II) and currently is vacant of any structures. The remaining three tracts – 635, 641 and 645 Davis Street – consist of approximately 0.98 acres of vacant land. These three tracts are zoned Heavy Industrial (H-I) and are adjacent to a mix of single- and multi-family residential dwellings and heavy commercial businesses and office. More specifically, the subject tract sits across the street from the Enclave townhome-style apartments that front Davis, Wills and Pine Streets and Martin Luther King, Jr. Boulevard. Adjacent properties to the south and west contain a mix of retail businesses, a gas station and convenience store, and business with offices and loading/storage bays.

Proposed Development

The GNDF intends to develop the “Davis Street Cottages” as a five-lot pocket neighborhood with single-family homes for homeownership. GNDF entered into a development agreement with the City of Gainesville to serve as the developer using the City’s HOME/CHIP grant funds earmarked for new construction. The homes will be sold to income-eligible individuals and families per the grant program guidelines.

GNDF is requesting to rezone the subject three tracts (635, 641 and 645 Davis Street) from H-I to R-II for the following reasons:

- 1.) Bring all tracts in the proposed “Davis Street Cottages” pocket neighborhood under the same zoning;
- 2.) Have a zoning classification that matches the intended use as single-family residential homes and protects the pocket neighborhood from potentially incompatible new construction or redevelopment on adjacent properties; and
- 3.) Minimize confusion, inconsistencies or discrepancies in the future as to how the subject property can be used in the future.

The proposed homes will be on slabs and will consist of a three-bedroom, two-bathroom floorplan. Homes will range between 1,150- to 1,500-square feet in size. They will be constructed to comply with grant program requirements, including universal design standards and zero-step entry access points. Shared access/driveway easements will be obtained and recorded prior to closing on the sale of the homes. Existing utility easements will be maintained or adjusted as required by the utility provider(s).

Additionally, perimeter fencing and vegetated landscape berm will be installed along the western boundary line and across the rear of the proposed lots. The landscape berm will be comprised of a mix of flowering trees, evergreens and deciduous shade trees as well as various grasses and shrubs.

Through a separate but coordinated effort, Davis Street will be reopened and improved. The partial cul-de-sac shown on the survey will be removed, with a portion becoming part of the proposed “Davis Street Cottages” pocket neighborhood and the remaining section being improved as part of the reopening of Davis Street.

“DAVIS STREET COTTAGES”

WRITTEN NARRATIVE REZONING APPLICATION 635-645 DAVIS STREET, SW

Applicant/Owner Background

The Gainesville Nonprofit Development Foundation, Inc. (GNDF) purchased property located at 617, 635, 641 and 645 Davis Street, SW in June 2017 for the purpose of creating affordable housing opportunities and meeting priorities identified in the City’s HUD Consolidated Housing Plan. The GNDF was established by the City in 1970, to oversee land purchasing and housing development. Governed by a seven-member board appointed by the Mayor and Council, GNDF strives “to eliminate slums, combat community deterioration, secure adequate housing, purchase land and/or develop land, and improve the living conditions in the City of Gainesville”. Since 1970, the GNDF has developed five subdivisions to assist existing and potential homeowners and has rehabilitated over 75 housing units. GNDF also provides low-interest loans for housing repairs to eligible homeowners who are unable to secure a bank loan.

Existing Conditions

The Davis Street property purchased by the GNDF is comprised of four (4) tracts, totaling approximately 1.247 acres. Property located at 617 Davis Street is zoned Residential-II (R-II) and currently is vacant of any structures. The remaining three tracts – 635, 641 and 645 Davis Street – consist of approximately 0.98 acres of vacant land. These three tracts are zoned Heavy Industrial (H-I) and are adjacent to a mix of single- and multi-family residential dwellings and heavy commercial businesses and office. More specifically, the subject tract sits across the street from the Enclave townhome-style apartments that front Davis, Wills and Pine Streets and Martin Luther King, Jr. Boulevard. Adjacent properties to the south and west contain a mix of retail businesses, a gas station and convenience store, and business with offices and loading/storage bays.

Proposed Development

The GNDF intends to develop the “Davis Street Cottages” as a five-lot pocket neighborhood with single-family homes for homeownership. GNDF entered into a development agreement with the City of Gainesville to serve as the developer using the City’s HOME/CHIP grant funds earmarked for new construction. The homes will be sold to income-eligible individuals and families per the grant program guidelines.

GNDF is requesting to rezone the subject three tracts (635, 641 and 645 Davis Street) from H-I to R-II for the following reasons:

- 1.) Bring all tracts in the proposed “Davis Street Cottages” pocket neighborhood under the same zoning;
- 2.) Have a zoning classification that matches the intended use as single-family residential homes and protects the pocket neighborhood from potentially incompatible new construction or redevelopment on adjacent properties; and
- 3.) Minimize confusion, inconsistencies or discrepancies in the future as to how the subject property can be used in the future.

The proposed homes will be on slabs and will consist of a three-bedroom, two-bathroom floorplan. Homes will range between 1,150- to 1,500-square feet in size. They will be constructed to comply with grant program requirements, including universal design standards and zero-step entry access points. Shared access/driveway easements will be obtained and recorded prior to closing on the sale of the homes. Existing utility easements will be maintained or adjusted as required by the utility provider(s).

Additionally, perimeter fencing and vegetated landscape berm will be installed along the western boundary line and across the rear of the proposed lots. The landscape berm will be comprised of a mix of flowering trees, evergreens and deciduous shade trees as well as various grasses and shrubs.

Through a separate but coordinated effort, Davis Street will be reopened and improved. The partial cul-de-sac shown on the survey will be removed, with a portion becoming part of the proposed “Davis Street Cottages” pocket neighborhood and the remaining section being improved as part of the reopening of Davis Street.

SURVEYOR'S CERTIFICATE

This survey is a retracement of an existing parcel or parcels of land and does not subdivide or create a new parcel or make any changes to any real property boundaries. The recording information of the documents, maps, plats, or other instruments which created the parcel or parcels are stated herein. RECORDATION OF THIS SURVEY DOES NOT IMPLY APPROVAL OF ANY LOCAL JURISDICTION, AVAILABILITY OF PERMITS, COMPLIANCE WITH LOCAL REGULATIONS OR REQUIREMENTS, OR SUITABILITY FOR ANY USE OR PURPOSE OF THE LAND. Furthermore, the undersigned land surveyor certifies that this plat complies with the minimum technical standards for property surveys in Georgia as set forth in the rules and regulations of the Georgia Board of Registration for Professional Engineers and Land Surveyors and as set forth in O.C.G.A. 15-6-67.

1. THE FIELD DATA DATED 1/16/2018 UPON WHICH THIS PLAT IS BASED HAS A CLOSURE PRECISION OF ONE FOOT IN 74,576 FEET AND AN ANGULAR ERROR OF 01" PER ANGLE POINT, AND WAS ADJUSTED USING LEAST SQUARES. THIS PLAT HAS BEEN CALCULATED FOR CLOSURE AND IS FOUND TO BE ACCURATE WITHIN ONE FOOT IN 75,274 FEET. THE EQUIPMENT USED TO OBTAIN THE LINEAR AND ANGULAR MEASUREMENTS HEREIN WAS A TOPCON GTS-325.
2. THE HORIZONTAL DATUM FOR THIS SURVEY IS THE GEORGIA COORDINATE SYSTEM, WEST ZONE. VERTICAL DATUM USED IS NAVD 88. THE EQUIPMENT USED TO OBTAIN THIS DATA WAS A DUAL FREQUENCY TRIMBLE R8 GNSS GPS RECEIVER WITH A TRIMBLE TC22 DATA COLLECTOR RECEIVING RTK CORRECTIONS VIA A WIRELESS NETWORK FROM AN ADJUSTED REAL TIME KINEMATIC NETWORK. THE TECHNIQUE USED WAS RTK CORRECTED MEASUREMENTS FROM A SINGLE BASE STATION. THE AVERAGE RELATIVE POSITIONAL ACCURACY OBTAINED ON THE POINTS UTILIZED IN THIS SURVEY WAS 0.04 FT. HORIZONTAL AND 0.07 FT. VERTICAL. THESE VALUES WERE DERIVED FROM GPS PROCESSING SOFTWARE. THE REMAINDER OF THE FIELD WORK WAS PERFORMED WITH CONVENTIONAL SURVEY EQUIPMENT AS DESCRIBED ABOVE.
3. THE UTILITIES SHOWN HEREON HAVE BEEN LOCATED FROM ABOVE GROUND, VISIBLE EVIDENCE. THE SURVEYOR MAKES NO GUARANTEE THAT THE UTILITIES SHOWN COMPRISE ALL SUCH UTILITIES IN THE AREA, EITHER IN SERVICE OR ABANDONED. THE SURVEYOR FURTHER DOES NOT WARRANT THAT THE UNDERGROUND UTILITIES SHOWN ARE IN THE EXACT LOCATION INDICATED. THE SURVEYOR HAS NOT PHYSICALLY LOCATED THE UNDERGROUND UTILITIES.
4. THIS SURVEY IS FOR THE EXCLUSIVE USE OF THE ENTITIES SHOWN HEREON, ANY USE BY THIRD PARTIES IS AT THEIR OWN RISK.
5. THIS PROPERTY IS NOT LOCATED IN A FLOOD HAZARD AREA AS SHOWN ON FLOOD INSURANCE RATE MAP # 13139C0187F, HALL COUNTY, GEORGIA REVISED DATE, SEPTEMBER 29, 2006.
6. ALL DISTANCES AS SHOWN ARE HORIZONTAL GROUND DISTANCES IN U.S. SURVEY FEET (39.37 INCHES = 1 METER).
7. THE BEARINGS SHOWN HEREON WERE CALCULATED FROM ANGLES TURNED.
8. THIS SURVEY WAS PREPARED WITHOUT THE BENEFIT OF A CURRENT TITLE COMMITMENT POLICY. THEREFORE EXCEPTION IS MADE HEREIN TO ANY EASEMENTS, RESERVATIONS, RIGHTS OF WAY AND RESTRICTIONS OF RECORD, WHICH MAY EXIST. FURTHERMORE, THIS PROPERTY MAY BE SUBJECT TO EASEMENTS, RESERVATIONS, RIGHTS OF WAY, OR RESTRICTIONS, WHICH ARE NOT RECORDED OR NOT DISCLOSED BY THE TITLE COMMITMENT OR OTHERWISE UNKNOWN TO THE SURVEYOR; THEREFORE EXCEPTION IS TAKEN TO ANY SUCH ITEMS.

Location 150 Pearl Nix Parkway, SW
Request Special Use within R-B zoning
Total Acres 0.84± acre
Ward Five
Proposed Use Firestone auto care center
Planning Division Staff Recommendation **Approval, with conditions**
Planning & Appeals Board Recommendation **Approval, with conditions**
Date February 11, 2020

▪ **Applicant's Proposal and Background Information**

The applicant is proposing a special use within Regional Business (R-B) zoning to allow for the development of a 5,700 square foot, 7-bay Firestone auto care center. The orientation of the building will face Dawsonville Highway which is located within the Gateway Corridor Overlay Zone. The subject property is part of the Lakeshore Mall property and is intended to be subdivided to create an outparcel lot. Access will be from two existing internal driveways that will be improved within the Mall property. There is currently a full access, signalized intersection at the Lakeshore Mall entrance / Lakeshore Drive / Dawsonville Highway. The existing asphalt surface will be regraded and resurfaced to include 26 parking spaces. All tires and other inventory are stored in a designated area within the building.

A Firestone auto care center was previously located within the mall property in front of Dick's Sporting Goods facing Pearl Nix Parkway. The building was demolished in 2013.

▪ **Adjacent Land Use and Zoning**

Location	Use	Zoning
North	Shell Gas station, Strip retail center, Masonic Lodge (Lakeshore Heights Subdivision)	General Business (G-B) Residential-I (R-I)
South	Lakeshore Mall	Regional Business (R-B)
East	Lakeshore Mall; Washington Square shopping center	Regional Business (R-B)
West	Little & Davenport Funeral Home	Office and Institutional (O-I)

Other uses within the immediate area include Gainesville High School, Longwood Park and numerous retail shopping centers. Lake Lanier is located approximately 1,000 feet to the north.

▪ **Other Departmental Comments**

According to the Gainesville Department of Water Resources, the City owns and operates an existing 8" sanitary sewer that may be required to be relocated in order to construct the building depending on its location.

▪ **Zoning History**

The following zoning actions have taken place in the immediate area during the last ten years:

2019 – A request by the Gainesville Housing Authority to rezone a 6.822± acres tract located at 320 Tower Heights Road from Residential-II (R-II) to Planned Unit Development (P-U-D) was approved with conditions for multi-family apartments.

2018 – A request by REB Land Development, LLC to rezone a 2.744± acres tract located at 621 Lakeshore Drive from Residential-I (R-I) to General Business (G-B) for a multi-tenant retail, office and restaurant was withdrawn.

2017 – A request by Gainesville Market, LLC for a special use within General Business (G-B) zoning on a 5.0± acres located at 600 Shallowford Road was approved with conditions for a commercial outdoor recreational facility.

2017 – A request by Masy Seng to annex a 0.19 ± acres tract with a zoning of General Business (G-B) located at 593 and 597 Shallowford Road was conditionally approved for a donut shop.

▪ **Staff Analysis**

(1) Is the proposed use suitable in view of the zoning and development of adjacent and nearby property?

The subject property is part of the larger 50.0± acres Lakeshore Mall property and is surrounded by mostly commercial development. Adjacent properties are zoned Residential-I (R-I), Office and Institutional (O-I), Regional Business (R-B) and General Business (G-B). The proposed use appears suitable based on the adjacent property.

(2) Will the proposed use adversely affect the existing use or usability of adjacent or nearby property?

The property has functioned as a non-residential use for approximately 55 years as part of the Lakeshore Mall development. In fact, the Mall property previously contained two auto service uses including the Sears Auto Center and the previous Firestone Auto Care Center. The proposed use is not directly adjacent to residential development and should not create a negative impact on the existing surrounding uses.

(3) Is the proposed use compatible with the purpose and intent of the Comprehensive Plan?

The Gainesville 2030 Future Development Map places the subject property within the *Mixed-Use General* land use category. This category includes areas containing or planned for a mixture of land uses including office, neighborhood retail, and residential.

According to the Character Area map for the City of Gainesville, the subject property is located within the *Longwood Cove* Character Area. Future development or redevelopment of Longwood Cove must consider the presence of the lake and extend its character further inland. Other aging strip commercial centers like Washington Square and Gainesville West could be redeveloped as mixed-use with mixed-income residential to expand the city's quality affordable housing inventory. However, taming John Morrow Parkway traffic and increasing walkability are essential for any successful residential development. Redeveloping underutilized land and buildings may enable commercial / residential growth. *Land uses allowed in Longwood Cove are medium-density residential, multi-family residential, mixed-use, commercial, public / institutional, and parks / recreation / conservation.*

(4) Are there substantial reasons why the property cannot or should not be used as currently zoned?

The subject property is zoned Regional Business (R-B) and will remain so. The current zoning does not inherently allow for auto service, auto repair or auto sales uses without a special use permit. The proposed auto care center appears to be reasonable given that the mall property has functioned as a regional use designed to function with additional outparcel development.

(5) Will the proposed use cause an excessive or burdensome use of public facilities or services, including but not limited to streets, schools, water or sewer utilities, and police or fire protection?

The subject property currently utilizes City water and sewer services and there is sufficient capacity to serve the development. As stated previously, the existing 8" sanitary sewer line may be required to be relocated based on the final location of the building.

Existing public safety services respond to the subject property and nearby properties. Gainesville Fire Station #1 is located approximately 1.5± miles from the property.

The proposal is for non-residential purposes and should have no impact on the Gainesville City School System.

According to the Institute of Transportation Engineers (ITE) Trip Generation Handbook (9th Edition), the auto care center on average could generate 135± new trips per day on a Saturday, 16± A.M. and 20± P.M. peak hour trips during the weekday.

(6) Is the proposed use supported by new or changing conditions not anticipated by the Comprehensive Plan or reflected in the existing zoning on the property or surrounding properties?

Historically, Lakeshore Mall has served as a regional commercial use but much of the newer commercial development has located further west along Dawsonville Highway. Reinvestment in the mall property is vital to help redevelopment of blighted and vacant structures to prevent greyfield sites such as the vacant Sears building. Therefore, promoting new retail, service and restaurant outparcel space is encouraged. To help with this, the City of Gainesville established the 344 acre / 170 parcel Westside Tax Allocation District property as an economic tool to help upgrade and enhance the Lakeshore Mall area and portions of the nearby Browns Bridge Road and Atlanta Highway commercial corridors.

(7) Does the proposed use reflect a reasonable balance between the promotion of the public health, safety, morality, or general welfare and the right to unrestricted use of property?

Due to the subject property's proximity to existing commercial land uses, the proposed special use request with recommended conditions appears to promote a reasonable balance between the interests of the City, the property owner, and neighboring residents and property owners.

Additional Criteria

(1) The type of street providing access to the subject property is adequate to serve the proposed Special Use.

Dawsonville Highway and Pearl Nix Parkway are considered arterial roads which are capable of serving the proposed use. The proposed use will be improving existing internal driveways so no additional curb cuts or improvements will be necessary.

(2) Access into and out of the property adequately provides for traffic and pedestrian safety, the anticipated volume of traffic flow, and access by emergency vehicles.

Access will function in a similar manner as it currently does. Primary access is expected from the signalized intersection of Dawsonville Highway / Lakeshore Mall driveway will remain unchanged. Pedestrian sidewalks are currently provided along Dawsonville Highway and internally along the various store fronts.

(3) Public facilities such as schools, water or sewer utilities, and police or fire protection are adequate to serve the Special Use.

Existing public facilities such as water, sewer, police and fire protection appear to be adequate to serve the proposed use. There should be no impacts to the Gainesville City School system given the proposed use is for non-residential purposes.

(4) Refuse, service, parking and loading areas on the property are located and screened to protect other properties in the area from such adverse effects as noise, light, glare or odor.

The proposed service, parking, loading and lighting appears to be acceptable. The proposed use will provide for 26 parking spaces. Additional overflow parking is available within the mall property.

(5) The hours and manner of operation of the Special Use have no adverse effects on other properties in the area.

The applicant states the proposed hours of operation for the proposed Firestone auto care center will be 7 days a week. The anticipated hours for the auto care center are from 7:00 AM to 7:00 PM Monday thru Friday, Saturday 7:00 AM to 6:00 PM and Sunday 8:00 AM to 5:00 PM. The proposed hours should cause no adverse impacts to the surrounding properties as they will operate similar to the adjacent businesses.

- (6) The height, size and location of the buildings or other structures proposed on the property are compatible with the height, size or location of buildings or other structures on neighboring properties.

The height, size and location of the proposed auto care center are in scale with Lakeshore Mall and surrounding properties. The proposed architectural elevation submitted by the applicant appears to be consistent with the Gateway Corridor Overlay requirements.

▪ **Staff Recommendation**

The Planning Division staff is recommending **conditional approval** of this special use request, based on the Comprehensive Plan and the adjacent non-residential land uses.

Conditions

1. The proposed development shall be generally consistent with the concept plan and architectural elevations provided with this special use application and shall meet the Gateway Corridor Overlay Zone and Architectural Design Standards within Chapter 9-9-5 of the Unified Land Development Code.
2. Prohibited uses for the subject property shall include extended stay hotels, motels/hotels with rooms accessed from the exterior of the building, adult novelty stores, group homes, crisis centers, adult entertainment centers, pawn shops, dollar-type stores, massage parlors, hookah lounge, tobacco or vaping stores, gas station/convenience stores, auto body shops, automobile sales establishments, marine sales or repair stores, automated or non-automated car washes, truck stops, coin-laundry facilities, tattoo parlors, psychics, fortune tellers, clairvoyants and the like.
3. An electronic message board sign is not permitted for the subject property.
4. All access point design for the subject property shall require review and approval by the Gainesville Public Works Department Director and shall be limited to the existing interior driveway within the Lakeshore Mall property. All required access/traffic/sidewalk improvements associated with the proposed development shall be at the full expense of the developer/property owner.
5. An updated as-built boundary survey/plat of the subject property, indicating all improvements required for the proposed use, shall be recorded prior to obtaining a Certificate of Occupancy.

Excerpts from the February 11, 2020 PAB Meeting Minutes

Applicant Presentation: Josh Spence, 3280 Peachtree Road, stated he represents Palmetto Capital Group, the developer. He had nothing to add since Mr. Tate covered it well and will be happy to answer any questions.

FAVOR: None

OPPOSE: None

Planning and Appeals Board Comments: Board Member Fleming was concerned about where tires would be stored. Mr. Tate stated that storage for all inventory would be indoors. He said this is a requirement within the Gateway.

There was a motion to recommend conditional approval of the special use request for an automotive care center as presented with the following conditions:

RE: *Narrative: SUP for Pearl Nix Parkway – East Lot*

This letter is to outline the request and justification for the special use permit for the property at 150 Pearl Nix Parkway. The special use permit request is to allow the automobile sales, service, or repair establishment within the Regional Business District (R-B) zoning at the East Lot of 150 Pearl Nix Parkway. The paragraphs below are to clarify the concept plan, proposed use, setbacks, ROW widths, building heights, signage, and road maintenance responsibility.

The proposed use will be a Firestone Complete Auto Care (FCAC) which provides services including, but not limited to, the following: new tires, full service vehicle maintenance & car repair, battery, brakes, oil change, and alignment and engine repair. The proposed subjected land use will provide a valuable service to customers in the suburban area. The site is along a major commuter highway and will provide added convenience to the public user. No adverse environmental or economic impacts are expected. The proposed layout does not increase the total impervious area.

The concept plan provided shows a prototypical Firestone Complete Auto Care (FCAC) establishment and site to be constructed at the subject address. The building footprint will be approximately 5,700 SF. A survey completed by others and platted on October 21, 2019 was used for developing the concept site plan. The concept plan features 26 parking stalls (25 standard and 1 accessible) with 24' minimum width drive aisles. The existing surface lot will be regraded and resurfaced while portions of the existing curb will be maintained. Primary access will be from the existing mall entrance access road that connects to Dawsonville Hwy. The building frontage will be directed towards Dawsonville Hwy.

Setbacks are shown on the concept site plan. Note that the right-of-way width along Dawsonville Hwy varies along the frontage of the sight. The site will not impact existing driveways or propose new access to any public roadway. All existing drives will remain private and maintenance, will be the responsibility of the owner.

A forty foot (40') building setback is provided and measured from the street right-of-way. The sides and rear of the sight have a zero-foot (0') setback requirement.

Approximate building height will be $\pm 22'$ - $25'$. One interior window sign, two building signs, and one monument sign will be proposed on site. Note that the total code allowed sign square footage is ± 268 SF and the total designed square footage is ± 168 .

SCALE: 1/2"=1'-0"

SERVICE SAFETY CHAINS

GC TO INSTALL A BSRO PROVIDED YELLOW PLASTIC CHAIR AT ALL OVERHEAD DOORS ON THE OUTSIDE OF BUILDING. GC TO FURNISH AND INSTALL 1" LONG AND 1/4" DIA. CLOSED EYE BOLT HOOK ON BOLLARDS AT EVERY OVERHEAD DOOR MOUNTED 47' AFF (1' BELOW TOP OF BOLLARD). MOUNT BETWEEN THE WALL AND BACK SIDE OF BOLLARD THROUGH 1/4" HOLE IN BOLLARD AND BOLTED ON THE INSIDE PRIOR TO FILING BOLLARD WITH CONCRETE. GC TO FURNISH A SPRING LOADED SNAP HOOK ON BOTH ENDS OF THE CHAIN. GC TO CUT THE CHAIN TO LENGTH SO THAT CENTER HOOKS BETWEEN 36" AND 42" AFF (ALMOST HORIZONTAL) SO THAT THE APPEARANCE IS CONSISTENT AT ALL DOOR OPENINGS. GC TO FURNISH AND INSTALL A 1" LONG AND 1/4" DIA. CLOSED EYE SCREW HOOK AT 67' AFF INTO THE WOOD BULK ON THE DRIVER'S SIDE OF EVERY DOOR TO STORE THE LOOSE END OF THE CHAIN WITH THE SPRING LOADED SNAP HOOK. THIS ALONG THE OVERHEAD DOOR TO BE CLOSED AND STORED INSIDE THE BUILDING.
