Please accept this letter as my resignation from the FOP Board of Directors. My grandsons keep us busy and I have not attended meetings regularly. Perhaps someone else would serve the Board better.

I have enjoyed the relationship and wish you all well. I'm proud of our beautiful parks.

Keep up the good work!

Item of Business: BR-2021-30 Adoption of CDBG Environmental Review Policies & Procedures and Designation of Certifying Officer

Meeting Date: 6/15/2021

Purpose of Request:

The proposed resolution adopts Environmental Review Policies & Procedures as well as designates the certifying officer for environmental review reports prepared by staff for the City's CDBG and CHIP/HOME Grants.

History/Background:

The City of Gainesville receives federal funding from the U.S. Department of Housing and Urban Development (HUD) and from the Georgia Department of Community Affairs (DCA) for various programs administered by the Community and Economic Development Department. Grantees receiving federal funds are considered Responsible Entities and must complete environmental reviews for all activities prior to obligating funds. Environmental reviews analyze the effect that a proposed project or activity will have on the human and natural environments within a designated project area, and whether the material and social environment will affect a proposed project.

Facts & Issues for Consideration:

HUD conducted an on-site monitoring visit to evaluate compliance with HUD's environmental review reporting requirements. Program compliance was assessed through a review of operations, file documentation, and staff interviews. Per HUD's report, the City must adopt an environmental review procedure to ensure that the environmental review process is properly completed for all HUD projects and activities. This policy and procedure also will guide the environmental review reporting on DCA grant projects, as the CHIP/HOME grants from DCA have similar reporting requirements as the CDBG program.

Upon completion of all environmental review documentation, the Certifying Officer must endorse the records. HUD and DCA permits the City to designate a Certifying Officer. In an effort to expedite the process, staff requests the position of "Certifying Officer" be designated to the Community and Economic Development Director and in their absence, the Deputy Director.

Department Recommendation:

Adopt the resolution.

WHEREAS, the above-named positions have been modified and renamed as "Community and Economic Development Director" and "Deputy Director" but continue to oversee City staff who administer the City's programs funded with HUD and DCA grants.

ENVIRONMENTAL REVIEW POLICIES & PROCEDURES

City of Gainesville

Community & Economic Development Department

Environmental Review Procedures

INTRODUCTION:

The City of Gainesville as a responsible entity has assumed the responsibility for environmental review, decision-making, and action that would otherwise apply to the U.S. Department of Housing and Urban Development (HUD) under the National Environmental Policy Act of 1969 (NEPA) and other provisions of the law that further the purposes of NEPA as specified in Title 24 Part 58.5, by execution of a grant agreement with HUD. It is the City's goal to carry out these responsibilities to ensure compliance with all federal regulations as outlined in Title 24 Part 58, *Environmental Review Procedures for Entities Assuming HUD Environmental Responsibilities* (see Attachment A).

This manual is intended to give detailed, step-by-step guidance in carrying out the environmental review function in the administration of the grant programs. References, information sources, and suggestions on timelines are based on experience in Gainesville, Georgia, and may not be applicable elsewhere.

PURPOSE OF ENVIRONMENTAL REVIEW PROCESS

The purpose of these environmental procedures is to ensure that all projects funded with federal funds are in compliance with all applicable federal laws and authorities identified in Title 24 Part 58: Environmental Review Procedures for Entities Assuming HUD Environmental Responsibilities. Also, these procedures are intended to insure a suitable living environment, or more specifically, to determine if any significant environmental impact may occur as a result of a proposed project; to release funds to support eligible projects that neither harm nor are harmed by the environment; to safeguard, enhance, and restore the environment; and to foster public participation in the development decision-making process.

PROJECT REVIEW

All Requests for Proposals (RFP) are submitted for review to the City of Gainesville's Community & Economic Development Department, Housing & Special Projects Division. Proposed projects include projects submitted to the department via CDBG developed by the Community & Economic Development Department.

REQUIREMENTS FOR ENVIRONMENTAL REVIEW

All federally funded projects (e.g. CDBG, HOME, ESG, Public Housing Programs, Choice Neighborhood Initiative, SHOP, Disaster Grants, EDI SP grants, etc.) are subject to environmental review using the criteria and statutory authorities specified in the HUD regulations 24 CFR Part 58 and for more complex projects, using procedures from the National Environmental Protection Act (NEPA).

Detailed information regarding all of HUD's environmental review requirements including the regulations, suggested environmental review formats and sample notices, FAQ's, HUD's Environmental Online Review System (HEROS), and the HUD environmental staff for each Region, can be found on HUD Exchange Environmental Review website (see *link below*).

<https://www.hudexchange.info/programs/environmental-review/>

FULL PROJECT REVIEW

Under HUD rules, even if federal funds support only a portion of the project, the full project and its impacts must be examined before any funds are obligated or expended. In addition, even if a governmental agency or private independent firm has already conducted some other form of environmental review, the City's Community & Economic Development Department – Housing & Special Projects Division must determine and document that the review meets the HUD requirements.

REVIEW BY THE CITY

Under the supervision of the City's named Certifying Officer, the City's Community & Economic Development Department – Housing & Special Projects Division (CEDD) will conduct the environmental review or otherwise determine and document that the environmental review requirements have been met. Even if a federally funded activity is considered Exempt or Categorically Excluded Not Subject to (CENST) the laws and authorities under the HUD rules, the CEDD staff must provide a detailed project description that outlines why the activity meets the criteria, document compliance with the laws and authorities at 58.6, and maintain an environmental review record (ERR) for that activity (see *attached checklist in Attachment-B/HUD Websites*).

ENVIRONMENTAL REVIEW RECORD

The CEDD staff must maintain a written record of the environmental review undertaken under this part for each project. This document will be designated the "Environmental Review Record" (ERR), and shall be available for public review. The CEDD staff must use the current HUD recommended formats (or develop equivalent formats) or use the HEROS system to complete the review.

The ERR shall contain all the governmental review documents, public notices and written determinations or environmental findings required by 24 CFR Part 58 as evidence of review, decision making and actions pertaining to a particular project of a recipient. As appropriate, the ERR shall:

- (1) Describe the project and activities the recipient has determined to be part of the project;
- (2) Evaluate the effects of the project or the activities on the human environment;
- (3) Document compliance with applicable status and authorities, in particular

those cited in Section 58.5 and 58.6; and

- (4) Record the written determinations and other review findings required by this part (e.g., exempt and categorically excluded projects determinations, findings of no significant impact)

The ERR shall also contain as appropriate, verifiable source documents and relevant base data used or cited in EAs, EISs, or other project review documents. These documents may be incorporated by reference into the ERR provided that each source document is identified and available for inspections by interested parties. Proprietary material and special studies prepared for the recipient that are not otherwise generally available for public review shall not be incorporated by reference but shall be included in the ERR.

GENERAL STEPS: A SUMMARY OF ENVIRONMENTAL REVIEW PROCESS

The list of proposed projects which will involve the use of HUD funds by the City of Gainesville is subject to HUD's environmental requirements as outlined in 24 CFR Part 58. The CEDD staff, who are employees of the City, will complete the environmental review prior to committing any HUD funds to the projects (see 24 CFR Part 58.22 for additional information regarding limitations on activities pending clearance). A description of key steps in implementing the environmental requirements is as follows:

1. Create ERR file with appropriate project identification (paper/or HEROS).
2. Project or Project Aggregation - Determine the scope of activity or activities comprising the project: consider all other related activity or activities that may be grouped and consider their aggregate potential impact. Activities may be grouped geographically or functionally. See §58.32 for full description of aggregation, including descriptions of geographic and functional aggregation.
3. Visit project site, get representative photographs of project site and surrounding area, and review pertinent maps, e.g. flood map, wetland maps and topography maps. Make use of mapping and satellite internet sites to conduct a preliminary "site" visit from your desktop computer. A review of available aeriels and satellite images can assist with identifying potential red flags prior to going on site (e.g. identify rail lines, airports, highways, above ground storage tanks, schools, hospitals, toxic/contaminated sites, etc. – some internet mapping sites allow for on screen measuring to assist in getting a general sense of a project site's proximity to certain features of interest).
4. Applicants must submit an acceptable project description for review by the CEDD staff. **The project description must detail the exact use of all sources of funds.** The project description will include representative photographs, key map, site address or legal description, and proposed site plan (if applicable or available). At a minimum, the project description shall include and address the following:
 - Project Name; Funding Source; and Project Number
 - Estimated Total Project Cost (plus estimated HUD Funding by Program if total cost exceeds subject grant amount)
 - Project Location (address, site map)
 - Use of Project (park, affordable housing, public services)
 - Size of Project (sq. ft., no. of units, etc.)
 - What services will be provided?
 - Who will be served by the project?
 - How many will be served by the project?
 - Will people be moved?
 - Type of Construction (new construction, rehabilitation, conversion)

- Can another ER report be utilized?
5. Determine the level of review required. Levels of environmental review are characterized by the degree to which the regulations require a review or compliance determination under the statutes cited in (§58.34, §58.35, §58.36, §58.37) of the HUD regulations (see Attachment A). In order from simplest to most complex, they are:

Exempt Activities: activities that meet the requirements of the regulations under 24 CFR 58.34 (a)(1)-(11) do not have to comply with the other provisions of law or authorities cited in Section 58.5 except for the applicable requirements in 58.6.

Categorical Exclusion not subject to 58.5: activities that, according to the regulations under 24 CFR 58.35(b), would not alter any conditions that would require a review or compliance determination under the Federal laws and authorities cited in §58.5. However, these activities are still subject to §58.6.

Categorical Exclusions subject to 58.5: activities that, according to regulations under 24 CFR 58.35(a), do not require an EIS or an EA plus FONSI, but do require compliance with the federal statutes on the Statutory Checklist. In addition, after completion of the Statutory Checklist, if the activity does not trigger compliance with any of the laws and authorities, it can convert to an exemption as outlined in §58.34(a)(12).

Environmental Assessment:

(Environmental Impact Statement Not Required): activities that are neither exempt nor categorically excluded, which fall below the threshold of activities requiring an EIS. An EA must be prepared in accordance with Subpart E of Part 58.

Environmental Impact Statement Required: activities that are neither exempt nor categorically excluded, which exceed the threshold of activities requiring an EA (i.e. over 2,500 housing units, or equivalent).

6. Collect and evaluate data and information from other sources such as but not limited to FEMA flood maps, wetland inventory maps and soil survey maps.
7. Initiate contact with other federal, state and local agencies such as the State Historic Preservation Officer (SHPO), U.S. Fish and Wildlife Service (FWS), etc.
8. Make the environmental determination and complete all required forms, i.e. the Statutory Checklist and/or Environmental Assessment forms (see Attachment B/HUD's website for sample forms) or complete the review in HUD's Online Environmental Review System (HEROS).

9. Ensure the environmental review is approved/signed and dated by the Certifying Officer (C.O.) prior to completing the public notice process.
10. As appropriate, publish and disseminate a Notice of Intent to Request Release of Funds (NOI/RROF) for categorically excluded projects (see Attachment B/HUD's website for sample formats). If any of the categorical exclusions listed in Section 58.35(a) do not require compliance with any other Federal laws and authorities cited in Section 58.5, the project converts to Exempt, per Section 58.34(a)(12) and a NOI/RROF notice is not required.
11. For EA's, publish a combined NOI/RROF and FONSI (see Attachment B/HUD's website for sample formats).
12. Once the local comment period has expired, prepare the RROF (HUD Form 7015.15) to be signed and dated by the C.O. and submit to HUD along with a copy of all pertinent publications.
13. Wait for receipt of signed Authorization to Use Federal Funds (HUD Form 7015.16) from HUD.
14. Funds cannot be committed until the City/County has received the Authorization to Use Federal Funds from HUD (see 24 CFR Part 58.22 for details). This step will ensure that the department does not enter into contracts and Letters of Agreement until completion of the environmental review process.
15. Complete the environmental review process by marking the environmental review complete in HEROS or if not in HEROS, filing it for public review or audit in the departmental central files. The ERR is a public document and therefore should be readily available for review upon request.
17. Contract or commitment of funds executed by City/County Council and notice to proceed issued.

INITIATION OF THE ENVIRONMENTAL REVIEW PROCESS: DRAFTING THE ERR

STEPS IN CONCLUDING THE ERR: EXEMPT ACTIVITIES

ERR must show that the eligible activity appears on the list of Exempt Activities in 24CFR 58.34(a) below:

- (a) Except for the applicable requirements of Sec. 58.6, the City of Gainesville does not have to comply with the requirements of 24 CFR 58 or undertake any environmental review, consultation or other action under NEPA and the other provisions of law or authorities cited in Sec. 58.5 for the activities exempt by this section or projects consisting solely of the following exempt activities:
- (1) Environmental and other studies, resource identification and the development of plans and strategies;
 - (2) Information and financial services;
 - (3) Administrative and management activities;
 - (4) Public services that will not have a physical impact or result in any physical changes, including but not limited to services concerned employment, crime prevention, child care, health, drug abuse, education, counseling, energy conservation and welfare or recreational needs;
 - (5) Inspections and testing of properties for hazards or defects;
 - (6) Purchase of insurance;
 - (7) Purchase of tools;
 - (8) Engineering or design costs;
 - (9) Technical assistance and training;
 - (10) Assistance for temporary or permanent improvements that do not alter environmental conditions and is limited to protection, repair or restoration activities necessary only to control or arrest the effects from disasters, imminent threats or physical deterioration;
 - (11) Payment of principal and interest on loans made or obligations guaranteed by HUD;
 - (12) Any of the categorical exclusions listed in Sec. 58.35 (a) provided there are no circumstances, which require compliance with any other Federal laws, and authorities cited in Sec. 58.5. Projects classified as Exempt under 24 CFR 58.34 (a)(12), a statutory checklist must be completed to document the requirements have been satisfied.

The City of Gainesville does not have to publish a NOI/RROF or submit to HUD a HUD Form 7015.15. No further approval from HUD will be needed for the drawdown of funds to carry out exempt activities and projects.

Sign and Forward:

Sign the Certification of Exemption for HUD Funded Projects and provide supporting documentation for compliance with 58.6, as applicable (or complete review in HEROS). The original form is maintained in the project ERR.

Documents to Retain:

Retain the Exempt forms in the ERR along with the supporting documentation (maps, project description, etc.) to ensure it is always made available for public review and monitoring.

STEPS IN CONCLUDING THE ERR: CATEGORICAL EXCLUSION NOT SUBJECT TO §58.5

ERR must show that the eligible activity appears on the list of Categorical exclusions not subject to §58.5 in 24 CFR 58.35(b) below:

Sec. 58.35 Categorical Exclusion:

Categorical exclusion refers to a category of activities for which no environmental impact statement or environmental assessment and finding of no significant impact under NEPA is required, except in extraordinary circumstances (see Sec. 58.2(a)(3)) in which a normally excluded activity may have a significant impact. There are two levels of Categorical Exclusion identified in Section 58.35. Categorical exclusion subject to Section 58.5 and (b) Categorical exclusion not subject to Section 58.5

(b) Categorical exclusion *not* subject to Section 58.5:

Under this section, the Environmental Review Officer will make a determination that the following categorically excluded activities will not alter any conditions requiring a review or compliance determination under the Federal laws and authorities cited in Section 58.5. When the following types of activities are undertaken, the Housing and Neighborhood Services Division does not have to publish a NOI/RROF and does not have to submit a RROF to HUD except in the circumstances described in 24 CFR 58.35(c).

1. Tenant-based rental assistance;
2. Supportive services including, but not limited to, health care, housing services, permanent housing placement, day care, nutritional services, short-term payments for rent/mortgage/utility costs, and assistance in gaining access to local, State, Federal government benefits and services;
3. Operating costs including maintenance, security, operation, utilities, furnishings, equipment, supplies, staff training and recruitment and other incidental costs;
4. Economic development activities, including but not limited to, equipment purchase, inventory financing, interest subsidy, operating expenses

and similar costs not associated with construction or expansion of existing operations;

5. Activities to assist homeownership of existing "or new dwelling units not assisted with Federal funds" including closing costs and down payment assistance to home buyers, interest buy-downs and similar activities that result in the transfer of title to a property;
6. Affordable housing pre-development costs including legal, consulting, developer and other costs related to obtaining site options, project financing, administrative costs and fees for loan commitments, zoning approvals, and other related activities not having a physical impact. Circumstance requiring NEPA review: if the Environmental Review Officer determines that an activity or project identified in paragraph (a) or (b) of this section, because of extraordinary circumstances and conditions at or affecting the location of the activity or project, may have a significant environmental effect, it shall comply with all the requirements of this part.
7. Approval of supplemental assistance (including insurance or guarantee) to a project previously approved under this part, if the approval is made by the same responsible entity that conducted the environmental review on the original project and re-evaluation of the environmental findings is not required under §58.47.

Determination:

Determine that the proposed activity is a categorical exclusion not subject to §58.5 and therefore is not subject to further action under NEPA.

Sign and Forward:

Sign the Certification of Categorical Exclusion (not subject to 58.5), and document compliance with 58.6 or complete the review in HEROS. The original form is maintained in the ERR or documented in HEROS.

Documents to Retain:

Retain the signed Certification of Categorical Exclusion (not subject to 58.5) form and the Compliance Documentation Checklist 24 CFR 58.6

form in the ERR. These forms will make up the ERR which shall be kept in the central files or in HEROS for public review and audit.

STEPS IN CONCLUDING THE ERR: CATEGORICAL EXCLUSION SUBJECT TO §58.5

Show that the proposed project appears on the list of Categorical exclusions subject to §58.5, in 24 CFR 58.35(a) below:

Sec. 58.35 Categorical exclusions:

Categorical exclusion refers to a category of activities for which no environmental impact statement or environmental assessment and finding of no significant impact under NEPA is required, except in extraordinary circumstances (see Sec. 58.2(a)(3)) in which a normally excluded activity may have a significant impact. Compliance with the other applicable Federal environmental laws and authorities listed in Sec. 58.5 is required for any categorical exclusion listed in this section.

(a) Categorical exclusions subject to Sec. 58.5:

The following activities are categorically excluded under NEPA, but may be subject to review under authorities listed in Sec. 58.5:

- (1) Acquisition, repair, improvement, reconstruction, or rehabilitation of public facilities and improvements (other than buildings) when the facilities and improvements are in place and will be retained in the same use without change in size or capacity of more than 20 percent (e.g., replacement of water or sewer lines, reconstruction of curbs and sidewalks, repaving of streets).
- (2) Special projects directed to the removal of material and architectural barriers that restrict the mobility and accessibility to elderly and handicapped persons.
- (3) Rehabilitation of buildings and improvements when the following conditions are met:
 - (i) In the case of a building for residential use (with one to four units), the density is not increased beyond four units, the land use is not changed;
 - (ii) In the case of multifamily residential building:
 - (a) Unit density is not changed more than 20 percent;

- (b) The project does not involve changes in land use from residential to non-residential; and
 - (c) The estimated cost of rehabilitation is less than 75 percent of the total estimated cost of replacement after rehabilitation.
- (iii) In the case of non-residential structures, including commercial, industrial and public buildings:
 - (a) The facilities and improvements are in place and will not be changed in size or capacity by more than 20 percent; and
 - (b) The activity does not involve a change in land use, such as from non-residential to residential, commercial to industrial, or from one industrial use to another.
- (4)
 - (i) An individual action on up to four dwelling units where there is a maximum of four units on any one site. The units can be four one-unit buildings or one four-unit building or any combination in between; or
 - (ii) An individual action on a project of five or more housing units developed on scattered sites when the sites are more than 2,000 feet apart and there are not more than four housing units on any one site.
 - (iii) Paragraphs (a)(4)(i) and (ii) of this section do not apply to rehabilitation of a building for residential use (with one to four units) (see paragraph (a)(3)(i) of this section).
- (5) Acquisition (including leasing) or disposition of, or equity loans on an existing structure, or acquisition (including leasing) of vacant land provided that the structure or land acquired,

financed, or disposed of will be retained for the same use.

- (6) Combinations of the above activities.

Determination:

Determine that the proposed project is a categorical exclusion subject to §58.5. Complete the Certification of Categorical Exclusion (subject to 58.5), Statutory Checklist and the Compliance Documentation checklist 24 CFR 58.6 forms or complete project review in HEROS.

Statutory Checklist:

If the proposed project appears on the list of categorical exclusions subject to §58.5, a Statutory Checklist must be prepared for the project. Include the checklist as part of the ERR. This checklist records in tabular form how the proposed project complies with the applicable federal environmental regulations in §58.5.

After the completion of the Statutory Checklist, one of the following determinations is made:

DETERMINATION:

- () This project converts to Exempt, per Section 58.34(a)(12), because it does not require any mitigation for compliance with any listed statutes or authorities, nor requires any formal permit or license (Status "A" has been determined in the status column for all authorities); Funds may be drawn down for this (now) EXEMPT project; OR
- () This project cannot convert to Exempt because one or more statutes/authorities require consultation or mitigation. Complete consultation/mitigation requirements, publish NOI/RROF and obtain Authority to Use Grant Funds (HUD 7015.16) per Section 58.70 And 58.71 before drawing down or obligating funds; OR
- () The unusual circumstance of this project may result in a significant environmental impact. This project requires preparation of an Environmental Assessment (EA). Prepare the EA according to 24 CFR Part 58 Subpart E.

EFFECT OF STATUTORY CHECKLIST

Following completion of the Statutory Checklist or completion of the review in HEROS, the reviewer proceeds according to whether or not the proposal complies with all of the statutory requirements.

**No Statutory Concerns
Raised By Project:**

If the proposed project complies fully with all of the items on the Statutory Checklist and the Compliance

Documentation Checklist, revise the status of the project from categorical exclusion subject to §58.5 to exempt activity pursuant to §58.34(a)(12).

Findings:

Status Reverts to Exempt Activity the determination is declared on the Statutory Checklist.

Sign and Forward:

The Statutory Checklist form will be signed, dated and placed in the ERR or is completed in HEROS. A copy of this form is to be kept in the project file and/or ERR.

Documents to Retain:

Retain the Certification of Categorical Exclusion (subject to 58.5) form, Statutory Checklist form and Compliance Documentation Checklist form in the ERR or upload supporting documentation into HEROS. These forms and supporting documentation will make up the ERR which shall be kept in the office of HEROS for public review and audit.

Compliance Triggered:

If one or more items on the checklist trigger compliance, the proposed activity cannot be approved until assurance is given that the necessary approvals, controls, or mitigating actions have taken place in order to bring the activity into compliance. Some activities cannot be made acceptable for federal funding due to the inability of being able to mitigate any items identified in 58.5 and 58.6.

If, however, there is confidence that the appropriate reviews, controls, and mitigations will reasonably take place, reaffirm that the proposed activity is a categorical exclusion subject to §58.5. and document the basis for believing that necessary ameliorative action will occur.

To ensure compliance with the statutes in §58.5, the ERR then needs to include conditions on the form (or in HEROS) of instructions to the Project Manager on steps necessary to complete compliance with the statutes. These conditions shall be incorporated in the contract and monitored for compliance by the project monitor. Project Manager shall provide the Environmental Officer documentation of compliance such as plans and specifications, field notes, photographs and inspection reports. All documentation shall be placed in the Environmental Review Record or uploaded into HEROS.

Determination:

Status remains Categorical Exclusion subject to §58.5

Initiate NOI/RROF
Procedure:

The purpose of the NOI/RROF procedure is to make possible a degree of public input on projects, which qualify for this level of review.

Maintain ERR for Public
Inspection:

Documents up to this point result in an ERR. ERR will be available in the Central File or in HEROS for public review and audit by HUD.

Public Notice of
NOI/RROF:

Prepare and publish a NOI/RROF (see Attachment B/HUD's website for sample formats) in the official newspaper or posted in a public building as outlined in 58.45, Public comment periods, and Subpart H, Release of Funds (see 24 CFR Part 58.70-77).

Prepare RROF:

Once the local comment period has expired (7 days if published or 10 days if posted), submit the HUD form 7015.15 to be signed and dated by the C.O.

Deliver RROF and
Environmental
Certification:

On the next day following the comment period, submit the following to the U. S. Department of Housing and Urban Development, Regional IV, Office of Community Planning and Development Division:

- Copy of Publication of NOI/RROF notice, including the published notice;
- RROF and Environmental Certification, HUD form 7015.15;
- Cover letter explaining the content of the submission, if applicable.

Comment on compliance
with rules:

A copy of the required information will be sent to HUD to begin the 15-day comment period. For fifteen days following delivery of HUD form 7015.15, the HUD office will receive any objections that meet the conditions and procedures set forth in subpart H of 24 CFR 58. The City of Gainesville will answer any comments received by HUD within 30 days. HUD can refuse the RROF and certification on any grounds set forth in Section 58.75.

Receive Notice of
Removal of Grant
Conditions from HUD:

After conclusion of the 15-day period of public notice and for public review and comment, City of Gainesville receives the Authority to Use Grant Funds, HUD form 7015.16 from HUD. The City of Gainesville may then authorize the execution of the project contract or commitment of funds agreement.

Sign and Forward:

HUD form 7015.16 is placed in the Environmental Review Record to document completion of the environmental review process.

Documents to Retain:

- ERR, including Statutory Checklist
- NOI/RROF notice
- Copy of Publication of NOI/RROF notice
- RROF and Environmental Certification, HUD form 7015.15
- Authorization to Use Grant Funds, HUD form 7015.16
- All appropriate supporting documentation

These forms will make up the ERR which shall be kept in the City's central file or in HEROS for public review and audit by HUD.

NOTE:

The public notice process can be completed in HEROS or outside the system. If the ERR is completed in HEROS but the RROF is done the traditional way through hard copy signatures, the forms must be uploaded into HEROS so that the ERR can be considered complete.

COMMON STATUTORY CONCERNS IDENTIFIED ON STATUTORY CHECKLIST

Section 106 Review:

Any federal undertaking requires a Section 106 Review to determine if there will be an impact on any historic properties on, or eligible for listing, in the National Register of Historic Places. See HUD's environmental review website for additional information (Attachment B).

Effect of Ambient Noise on the Project:

A Noise Assessment is required when housing and other noise sensitive activities are proposed if the project is:

- (1) Within 1,000 feet of a roadway with high ambient vehicular noise levels;
- (2) Within 3,000 feet of a railroad; or
- (3) Within 15 miles of a military airport or a commercial airport; or
- (4) A combination of any or all 3 noise sources.

Construction of noise-sensitive activities in these areas may require design modifications to mitigate the noise impacts. If the noise level is excessive, special approval from HUD may be required.

Site acceptability standards are listed below:

	Day-night average sound level (in decibels)	Special approvals and requirements
Acceptable	Not exceeding 65 dB ¹	None
Normally Unacceptable	Above 65dB but not exceeding 75dB	Special Approval ² Environmental Review ³ Attenuation ⁴
Unacceptable	Above 75dB	Special Approval ² Environmental Review ³ Attenuation ⁵

FOOTNOTES:

(1) Acceptable threshold may be shifted to 70 dB in special circumstances pursuant to §51.105(a).

(2) See §51.104(b) for requirements

(3) See §51.104(b) for requirements

(4) 5dB additional attenuation required for sites above 65 dB but not exceeding 70dB and 10dB additional attenuation required for sites above 70 dB but not exceeding 75dB. (See §51.104(a).)

(5) Attenuation measures to be submitted to the Assistant Secretary for CPD for approval on a case-by-case basis.

Floodplain Management:

An 8-step assessment may be required for project sites within the 100-year flood plain and for critical action activities falling within the 500-year floodplain as outlined in federal regulation part 55.20.

DECISION MAKING PROCESS EXECUTIVE ORDER 11988 AND 24 CFR 55.20

STEP 1	Determine whether the proposed action is located in a 100-year floodplain.
STEP 2	Publish notice of the proposal to consider an action in the floodplain (15 days).
STEP 3	Evaluate practicable alternatives to locating the proposed action in a floodplain.
STEP 4	Identify the potential impacts associated with occupancy and modification of the floodplain.
STEP 5	Design or modify the action to minimize adverse impacts and preserve the beneficial values of the floodplain.
STEP 6	Reevaluate whether the proposed action is practicable.
STEP 7	Publish a notice of decision to identify why there is "no practicable alternative," and the alternative and mitigation measures adopted (15 day command).
STEP 8	Proceed with the project planning.

STEPS IN COMPLETING THE ERR [for an Environmental Assessment (EA)]

DETERMINATION TO CONDUCT AN ENVIRONMENTAL ASSESSMENT:

State that the proposed project does not appear on either the list of exempt activities, 24 CFR 58.34(a), nor the list of categorical exclusions not subject to §58.5, 24 CFR 58.35(b), nor the list of categorical exclusions subject to §58.5, 24 CFR 58.35(a) – use checklists or in HEROS.

COMPLETE STATUTORY CHECKLIST:

Complete the Statutory Checklist as applicable (paper format or in HEROS) and initiate compliance procedures as appropriate.

ENVIRONMENTAL ASSESSMENT:

Complete the NEPA Environmental Assessment Form (or complete the review in HEROS). Review the proposal to determine if any part of the project exceeds any NEPA threshold in §58.37(b).

FINDING FOSI:

If the proposed project does exceed any threshold in §58.37(b), make a finding of significant impact (FOSI) in the ERR. Initiate the FOSI/EIS procedure outlined in 24 CFR Subparts F and G.

FONSI AND NOI/RROF PROCEDURES

The purpose of the FONSI and NOI/RROF procedures is to make possible a degree of public input on projects, which qualify for this level of review. A notice will be sent to all persons on the environmental review mailing list known to have an interest in the project for review and comments.

MAINTAIN ERR FOR PUBLIC INSPECTION:

ASSURANCES OF COMPLIANCE WITH CIVIL RIGHTS REQUIREMENTS

ASSURANCES OF COMPLIANCE WITH TITLE VI OF THE CIVIL RIGHTS ACT OF 1964

As a condition of receipt of federal financial assistance from the Department of the Treasury, the recipient named below (hereinafter referred to as the “Recipient”) provides the assurances stated herein. The federal financial assistance may include federal grants, loans and contracts to provide assistance to the Recipient’s beneficiaries, the use or rent of Federal land or property at below market value, Federal training, a loan of Federal personnel, subsidies, and other arrangements with the intention of providing assistance. Federal financial assistance does not encompass contracts of guarantee or insurance, regulated programs, licenses, procurement contracts by the Federal government at market value, or programs that provide direct benefits.

The assurances apply to all federal financial assistance from or funds made available through the Department of the Treasury, including any assistance that the Recipient may request in the future.

The Civil Rights Restoration Act of 1987 provides that the provisions of the assurances apply to all of the operations of the Recipient’s program(s) and activity(ies), so long as any portion of the Recipient’s program(s) or activity(ies) is federally assisted in the manner prescribed above.

1. Recipient ensures its current and future compliance with Title VI of the Civil Rights Act of 1964, as amended, which prohibits exclusion from participation, denial of the benefits of, or subjection to discrimination under programs and activities receiving federal financial assistance, of any person in the United States on the ground of race, color, or national origin (42 U.S.C. § 2000d *et seq.*), as implemented by the Department of the Treasury Title VI regulations at 31 CFR Part 22 and other pertinent executive orders such as Executive Order 13166, directives, circulars, policies, memoranda, and/or guidance documents.
2. Recipient acknowledges that Executive Order 13166, “Improving Access to Services for Persons with Limited English Proficiency,” seeks to improve access to federally assisted programs and activities for individuals who, because of national origin, have Limited English proficiency (LEP). Recipient understands that denying a person access to its programs, services, and activities because of LEP is a form of national origin discrimination prohibited under Title VI of the Civil Rights Act of 1964 and the Department of the Treasury’s implementing regulations. Accordingly, Recipient shall initiate reasonable steps, or comply with the Department of the Treasury’s directives, to ensure that LEP persons have meaningful access to its programs, services, and activities. Recipient understands and agrees that meaningful access may entail providing language assistance services, including oral interpretation and written translation where necessary, to ensure effective communication in the Recipient’s programs, services, and activities.
3. Recipient agrees to consider the need for language services for LEP persons when Recipient develops applicable budgets and conducts programs, services, and activities. As a resource, the Department of the Treasury has published its LEP guidance at 70 FR 6067. For more information on taking reasonable steps to provide meaningful access for LEP persons, please visit <http://www.lep.gov>.

4. Recipient acknowledges and agrees that compliance with the assurances constitutes a condition of continued receipt of federal financial assistance and is binding upon Recipient and Recipient's successors, transferees, and assignees for the period in which such assistance is provided.
5. Recipient acknowledges and agrees that it must require any sub-grantees, contractors, subcontractors, successors, transferees, and assignees to comply with assurances 1-4 above, and agrees to incorporate the following language in every contract or agreement subject to Title VI and its regulations between the Recipient and the Recipient's sub-grantees, contractors, subcontractors, successors, transferees, and assignees:

The sub-grantee, contractor, subcontractor, successor, transferee, and assignee shall comply with Title VI of the Civil Rights Act of 1964, which prohibits recipients of federal financial assistance from excluding from a program or activity, denying benefits of, or otherwise discriminating against a person on the basis of race, color, or national origin (42 U.S.C. § 2000d et seq.), as implemented by the Department of the Treasury's Title VI regulations, 31 CFR Part 22, which are herein incorporated by reference and made a part of this contract (or agreement). Title VI also includes protection to persons with "Limited English Proficiency" in any program or activity receiving federal financial assistance, 42 U.S.C. § 2000d et seq., as implemented by the Department of the Treasury's Title VI regulations, 31 CFR Part 22, and herein incorporated by reference and made a part of this contract or agreement.

6. Recipient understands and agrees that if any real property or structure is provided or improved with the aid of federal financial assistance by the Department of the Treasury, this assurance obligates the Recipient, or in the case of a subsequent transfer, the transferee, for the period during which the real property or structure is used for a purpose for which the federal financial assistance is extended or for another purpose involving the provision of similar services or benefits. If any personal property is provided, this assurance obligates the Recipient for the period during which it retains ownership or possession of the property.
7. Recipient shall cooperate in any enforcement or compliance review activities by the Department of the Treasury of the aforementioned obligations. Enforcement may include investigation, arbitration, mediation, litigation, and monitoring of any settlement agreements that may result from these actions. The Recipient shall comply with information requests, on-site compliance reviews and reporting requirements.
8. Recipient shall maintain a complaint log and inform the Department of the Treasury of any complaints of discrimination on the grounds of race, color, or national origin, and limited English proficiency covered by Title VI of the Civil Rights Act of 1964 and implementing regulations and provide, upon request, a list of all such reviews or proceedings based on the complaint, pending or completed, including outcome. Recipient also must inform the Department of the Treasury if Recipient has received no complaints under Title VI.
9. Recipient must provide documentation of an administrative agency's or court's findings of non-compliance of Title VI and efforts to address the non-compliance, including any voluntary compliance or other

agreements between the Recipient and the administrative agency that made the finding. If the Recipient settles a case or matter alleging such discrimination, the Recipient must provide documentation of the settlement. If Recipient has not been the subject of any court or administrative agency finding of discrimination, please so state.

10. If the Recipient makes sub-awards to other agencies or other entities, the Recipient is responsible for ensuring that sub-recipients also comply with Title VI and other applicable authorities covered in this document. State agencies that make sub-awards must have in place standard grant assurances and review procedures to demonstrate that they are effectively monitoring the civil rights compliance of sub-recipients.

The United States of America has the right to seek judicial enforcement of the terms of this assurances document and nothing in this document alters or limits the federal enforcement measures that the United States may take in order to address violations of this document or applicable federal law.

Under penalty of perjury, the undersigned official(s) certifies that official(s) has read and understood the Recipient's obligations as herein described, that any information submitted in conjunction with this assurances document is accurate and complete, and that the Recipient is in compliance with the aforementioned nondiscrimination requirements.
