Dear Property Owners:

I am an attorney for the City of Gainesville ("the City"). I am writing to you regarding a portion of the public roads within the City's jurisdiction known as 0.206 acres on Pearce Circle, as more specifically set forth in the plat attached hereto as Exhibit "A," and as more specifically described in the legal description attached hereto as Exhibit "B" (hereinafter referred to as "the Property"). The City intends to abandon the Property and remove the Property from the municipal street system, as it is in the best public interest to allow for the improvement of adjoining property and close off the largely unused end of Pearce Circle to loiterers. As you are located adjacent to the Property, I am providing you, on behalf of the City, with notice of the proposed abandonment and sale of the Property. The governing body of the City intends to consider and potentially proceed with the abandonment at its regular meeting on June 21, 2022, at the City Public Safety Complex Municipal Court Room, located at 701 Queen City Parkway, Gainesville, GA 30501.

Sincerely,

Abbott S. Hayes, Jr.

AGREEMENT FOR THE PURCHASE AND SALE OF REAL PROPERTY

THIS AGREEMENT FOR THE PURCHASE AND SALE OF REAL PROPERTY ("**Agreement**") is made and entered into as of the Effective Date, as defined in Section 1.02 below, by and between **THE CITY OF GAINESVILLE, GEORGIA, a municipal corporation of the State of Georgia** ("**Seller**"), and **THE HOSPITAL AUTHORITY OF HALL COUNTY AND THE CITY OF GAINESVILLE**, a public body corporate and politic, created by The Hospital Authorities Law (O.C.G.A §§31-7-70 et seq.) and activated by a joint resolution of the Board of Commissioners of Hall County, Georgia, and The City Commissioners of Gainesville, Georgia, adopted on October 8, 1945 ("**Buyer**").

RECITALS:

A. Seller is the owner of undeveloped land located within the corporate limits of the City of Gainesville, Hall County (the "**County**"), Georgia, more particularly described as Hall County Tax Parcel nos. 01036/003003C and 01036/003003F and depicted, respectively, on Exhibits "A-1" and "A-2" attached hereto and made a part hereof (the "**Land**").

B. Seller desires to sell the "Property" (as defined below) to Buyer, and Buyer desires to purchase the Property from Seller, pursuant to the terms and conditions of this Agreement.

NOW, THEREFORE, for and in consideration of the sum of TEN AND NO/100 DOLLARS (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by Seller to be supportive of this Agreement in its entirety, it is hereby agreed as follows:

ARTICLE I SALE – PURCHASE

Section 1.01. Property. Seller agrees to sell and Buyer agrees to purchase the "**Property**," consisting of (a) fee simple title to the Land and (b) all rights, ways, privileges and easements appurtenant to the Land, including Seller's right, title and interest in and to all strips, gores, streets, alleys and ways, public or private, adjoining or crossing the Land, all of which are appurtenant to, and shall benefit, the Property.

Section 1.02. Effective Date. The "**Effective Date**" of this Agreement shall be the date on which the last of Seller and Buyer has executed this Agreement.

ARTICLE II PURCHASE PRICE AND TERMS OF PAYMENT

Section 2.01 Purchase Price. The Purchase Price for the Property shall be equal to the price per acre determined by an MAI certified appraiser engaged and paid for by Seller, which appraisal shall be completed and a copy provided to Buyer not less than five (5) days prior to the end of the Investigation Period, multiplied by the number of acres (calculated to the hundredth of an acre) as shown by the Survey to be prepared under Section 3.02, and shall be paid by (a) wire

transfer of immediately available federal funds made available to Escrow Agent at or prior to Closing, or (b) check issued by The Weber Firm, LLC ("Closing Agent") from its IOLTA Account. In addition to the Purchase Price, Buyer shall reimburse Seller for the cost of the appraisal at Closing.

ARTICLE III TITLE AND SURVEY

Section 3.01. Title Examination. Buyer shall have the right to have title to the Property examined and to obtain a commitment for title insurance (the "**Title Commitment**") and a policy of title insurance (the "**Title Policy**"), all at Buyer's expense. At Closing, Seller shall convey title to the Property to Buyer by Quit Claim Deed. Buyer shall have the right to update the Title Commitment from time to time and object to any matters appearing of record (as to Title) or on-the-ground matters (with respect to the Survey) which occur subsequent to the effective date of Buyer's initial Title Commitment and prior to Closing (collectively the "**New Matters**"). The Property shall not be subject to any mortgage, deed to secure debt or other title exception or defect that is monetary in nature or any other matter not acceptable to Buyer in its sole discretion (a "**Title Objection**"). In the event the Property is subject to a Title Objection unacceptable to Buyer in its discretion, Buyer shall promptly provide written notice to Seller prior to the end of the Investigation Period, which shall be deemed an election by Buyer to terminate this Agreement, whereupon the parties shall have no further obligation hereunder.

Section 3.02. Survey. Buyer shall obtain and provide a survey (the "**Survey**") of the Property prior to the expiration of the Investigation Period. The Survey will be prepared by a Georgia Registered Land Surveyor and be certified to Buyer. At Buyer's election, the Survey may be prepared in accordance with the minimum detail requirements established by ALTA/NSPS or the minimum standards prescribed by the State of Georgia. The Survey may include, without limitation, the spotting and location of all fences, drainage and utility easements, public or private rights-of-way or center line locations, encroachments, building set back requirements of record, other easements, improvements constructed thereon, if any, and all other matters requested by Buyer or required by the applicable standards. The Survey may also include a flood plain and wetland certification by the surveyor certifying the absence of the same from any portion of the Property. In the event the Survey reflects easements, encroachments, overlaps, or other defects not contained in the Title Commitment, the Buyer shall have the same right to object and terminate this Agreement as with Title Objections under §3.01. The property description drawn from the Survey shall be used for the Quit Claim Deed Seller is required to convey to Buyer under §3.01.

Section 3.03. Waiving Objections to Title or Survey. Buyer shall have until the end of the Investigation Period to examine title to the Property and obtain the Survey and deliver notice to Seller in writing of any objections that Buyer may have (the "**Objection Notice**"). If Buyer fails to furnish the Objection Notice, Buyer shall be deemed to have waived its right to object to title exceptions or defects and matters of survey. Buyer shall have the right at any time to waive, in writing, any objections that it may have made and thereby preserve this Agreement in effect.

ARTICLE IV INVESTIGATION OF PROPERTY

Section 4.01 Right of Entry. Commencing as of the Effective Date and continuing for a period ending on the forty-fifth (45th) day after the Effective Date (which period shall be referred to as the “**Investigation Period**”), Buyer, and all of Buyer’s agents, contractors, consultants, representatives and other persons designated by Buyer, shall have the right, with reasonable prior notice to Seller, to enter on any portion of the Property, for the purpose of investigation, discovery and testing of the Property, including, without limitation, surveying, soil testing and boring, hydrological studies, environmental studies, structural inspections or any other studies or tests Buyer determines in its reasonable discretion to be necessary or appropriate (collectively, the “**Inspections**”), the results of which Buyer agrees to maintain as confidential and not disclose. Seller shall cooperate fully with Buyer in conjunction with Buyer’s Inspections, including providing access at all reasonable times prior to the Closing. All of Buyer’s Inspections shall be at Buyer’s sole cost and expense, and shall be performed in a manner so as not to unreasonably interfere with Seller’s interest in the Property. Buyer has no authority or right to create liens upon the Property. Upon completion of any Inspection, Buyer shall restore any damage to the Property caused by such Inspection as near as practical. Buyer hereby indemnifies and holds Seller and its officeholders, elected officials, officers, employees, agents, guests and other invitees harmless from all injury, damage, loss, cost or expense, including, but not limited to, attorneys’ fees and court costs resulting from Buyer’s Inspections. The indemnity obligations of this Section shall survive Closing or earlier termination of this Agreement for a period of one (1) year and do not apply to (a) any loss, liability, cost or expense to the extent arising from or relating to the acts or omissions of Seller or Seller’s agents or consultants, (b) any diminution in value of the Property arising from or relating to matters discovered by Buyer during its Inspections, or (c) any latent defects in the Property discovered by Buyer.

Section 4.02 Right of Cancellation. Buyer shall have the absolute and unqualified right to terminate this Agreement at any time prior to the expiration of the Investigation Period for any reason whatsoever or for no reason. Upon any termination pursuant to this Section this Agreement will be terminated in all respects and neither Buyer nor Seller will have any further rights or obligations hereunder, except as may be otherwise expressly set forth in this Agreement.

ARTICLE V CLOSING

Section 5.01 Closing. The act of settlement of the transaction under this Agreement shall be referred to herein as the “**Closing**”. Subject to the terms and conditions of this Agreement, Closing shall occur on or before the thirtieth (30th) day following the date on which all necessary actions have been taken and resolutions adopted by Seller and Buyer approving this Agreement and authorizing performance hereunder.

Section 5.02 Place of Closing. The Closing shall be at the offices of The Weber Firm, LLC, 303 Jesse Jewell Parkway, Suite 310, Gainesville, Georgia 30501.

Section 5.03 Expenses of Closing and Prorations. Each party shall pay its own attorneys’ fees and costs. Buyer shall pay all costs of Closing Agent.

Section 5.04 Documents for Closing. Prior to or at Closing, the parties will execute and provide any and all documents reasonably necessary to effectuate the terms, conditions and intent of this Agreement.

(A) At Closing, Seller shall execute and deliver each of the following documents in form reasonably acceptable to Buyer:

- (i) A Quit Claim Deed (the “Deed”), conveying title to the Property to Buyer;
- (ii) A resolution certified by Seller’s Clerk reflecting that Seller has adopted resolutions in form and substance acceptable to Buyer’s counsel confirming Seller’s authority to transact the sale of the Property to Buyer; and
- (iii) A Closing Statement.

(B) At Closing, Buyer shall execute and deliver to Seller each of the following documents in form reasonably acceptable to Seller:

- (i) The Closing Statement; and
- (ii) Any other documents reasonably requested by Seller.

All of the documents will be duly authorized, legal, valid and binding obligations of Seller or Buyer, as applicable, which, at the time of Closing, will be sufficient to convey title (if they purport to do so), and do not, and at the time of Closing will not, violate any provisions of any agreement to which Seller or Buyer, as applicable, is a party or to which it is subject. The parties agree to execute any other document, following Closing, as reasonably necessary to effectuate the intent of all terms and conditions set forth in this Agreement.

ARTICLE VI REAL ESTATE BROKERS

The parties each represent to the other that there are no real estate brokers, salespeople, finders or consultants, who are or were involved in the negotiation and/or consummation of this transaction.

ARTICLE VII DEFAULTS

Section 7.01. Buyer’s Default. In the event of any default by Buyer after expiration of the cure period set forth in Section 7.03 below (“**Buyer’s Default**”), including, but not limited to, the failure of Buyer to close this transaction, Buyer shall pay to Seller the sum of One Hundred Dollars (\$100.00) as Seller’s sole and exclusive remedy at law or in equity, and each of the parties shall thereafter be released of any further liability or responsibility hereunder, except for the obligations which expressly survive termination of this Agreement.

Section 7.02. Seller’s Default. In the event of any default by Seller after expiration of

the cure period set forth in Section 7.03 below ("**Seller's Default**"), Buyer's sole and exclusive remedy at law or in equity shall be to seek specific performance of this Agreement.

Section 7.03 Notice and Cure Period. Buyer shall take no action with respect to a Seller's Default, and Seller shall take no action with respect to a Buyer's Default, until the non-defaulting party has given written notice to the defaulting party and the defaulting party has failed to cure the default for a period of ten (10) days after receipt of such notice.

RE: Hospital Authority of Hall County, Downey Blvd. Project

Dear Mr. Hayes:

In regard to your request for an appraisal and analysis of the valuation of an uneconomic remnant located on Downey Blvd., may I advise that I have made a personal inspection of the property and analyzed the pertinent data necessary to form an opinion of market value.

The project is a highly irregular 1.181 acre tract located on Downey Blvd. remaining after the widening and improvements of the roadway. The present highest and use is for assemblage with adjoining properties for an economically feasible site. This portion of the property is adjoining properties of the Hospital Authority and it provides additional access and visibility for other potential medical uses.

The use of this property by the owners would allow them to utilize the site to the Highest and Best Use which would allow for benefits to the City by improving the Medical Center which is the largest employer in Hall County. The sale would have no negative impact on local traffic and would benefit the adjoining property owner for access and redevelopment of the site.

It is my opinion that the subject property has a current Fair Market Value of \$ 154,335.

Thank you for the opportunity to be of service in this matter.

Respectfully,

W. McRae Greene

Section 4- Reporting Disclosure

This report is intended for the use of the client only. A general data book was not prepared and all the data necessary to properly understand this report is included herein.

Purpose and intended use of the appraisal:

The purpose of this appraisal is to estimate the Fair Market Value of the Fee Simple Interest in the property as an unimproved parcel and to estimate the contributory value of the underlying land to the adjoining owners to its Highest and Best Use.

Client and intended use of the appraisal:

This appraisal is being prepared for City of Gainesville. It is understood that this report will be used to determine the Fair Market Value of an uneconomic remnant fronting on Downey Blvd..

State and reference a definition of the value to be estimated:

The following definitions are those as stated in The Appraisal of Real Estate, Eleventh Edition, Appraisal Institute, p.23, 137 & 146

Market Value may be defined as:

The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this information are the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

- a) Buyer and seller are typically motivated:
- b) Both parties are well informed or well advised, and each acting in what they consider their best interest:
- c) A reasonable time is allowed for exposure in the market:
- d) Payment is made in terms of cash in United States dollars or in terms of finance arrangements comparable thereto: and
- e) The price represent the normal consideration for the property sold, unaffected by special or creative financing or sales concessions granted by anyone associated by anyone with the sale.

Fee Simple Ownership may be defined as:

“absolute ownership unencumbered by any other interest or estate, subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power and escheat.”

Easement may be defined as:

“An easement is usually the right to perform a specific action on a particular parcel of property or a portion thereof, by the grantees who do not hold the underlying fee.”

Exposure time:

Assumed to be adequate, sufficient, and reasonable. Effort for exposure is assumed to be adequate, sufficient and reasonable. Both items are assumed to precede the effective date of value. The time frame is an integral part of the appraisal analysis and is based on one or more of the following:

- a) Statistical information about days on the market
- b) Information gathered through sales verification; and
- c) Interviews of market participants

Appraisal Type

This is an appraisal of unimproved and improved commercial property with the land only being valued. This appraisal includes an analysis of a proposed land swap.

Scope of Assignment

Extent and process of collecting, confirming and reporting all data - all data, which was considered to be pertinent to the valuation of the subject property was gathered. This included, but was not limited to, local and neighborhood economic trends, conformity of land uses, zoning and market sales data. These sales were researched to determine factors that would influence the sales price and their comparability to the subject. These sales were verified through the buyer, seller or other knowledgeable parties, and/or including the public records. The five step process is utilized to estimate just and adequate compensation for the acquisition.

Describe any special limitations

All limiting conditions and assumptions that affect the analysis and conclusions are included in this report.

Section 5 - Local Government Requirements

Zoning

Classification:	O/I – Office Institutional
Governmental Jurisdiction:	City of Gainesville
Permitted Uses:	Access to Adjoining Properties
Restrictions:	Public Right of Way only

Section 6 - Property Description

The project is the valuation of an “uneconomic remnant” owned by the City of Gainesville to be acquired by the Northeast Georgia Medical System.

The present use is a small irregular tract with frontage on Downey Blvd. Due to the highly irregular size and poor terrain characteristics, it is not economically suitable for developable as a stand-alone parcel. A new survey indicating a size of 1.181 acre with a topographical overlay is included in this report for a more accurate description.

Section 7 – Highest and Best Use

Four major criteria are considered in a Highest and Best Use analysis. These are the physical attributes of the property; the legal restrictions attached to the property (zoning); the most financially feasible use for the property; and the use that will provide the maximum financial return to the owner

The Highest and Best Use for the subject property “As Is” is to provide access to the adjoining properties.

Section 8 - Valuation

APPRAISAL PROCEDURE

In estimating the present fair market value of the subject property all approaches to value were considered. Since the present and surrounding use indicates that the highest and best use for valuation is as unimproved and available for development, the sales comparison approach to value will be utilized to value the land only. This is the approach that compares the subject property to other similar properties that have sold or currently offered for sale. These properties are compared to the subject and are adjusted based on their dissimilar characteristics.

LAND VALUATION

In order to estimate the market value of the subject, consideration is given to all sales in the general market area for the past three years of vacant or under improved tracts. All of the sales are considered generally comparable and relevant to the valuation of the subject property.

The value of the “unimproved land” based on the actual sales price paid in the overall general market is estimated (based on arm’s length transactions) to be in the range of \$12 per square foot or \$522,720 per acre of useable land in the market area in general.

COMPARABLE SALES SUMMARY

NO.	LOCATION	DATE	SIZE / SF	PRICE	PRICE/SF
1.	428 S Enota Dr	01/20	26,136	\$372,500	\$14.25
2.	502 S Enota Dr	04/20	22,650	\$258,810	\$11.43
3.	S Enota Dr (Pearce Way)	12/20	172,062	\$1,335,500	\$7.76
4.	1071 S Enota Dr	07/18	50,529	\$500,000	\$9.90

The above identified sales are of unimproved land or the contributory value of the land due to highly depreciated improvements. They indicate land values as unadjusted from \$7.76 to \$14.25 per square foot. The indicated value of the subject property is based on the mid-range after discounting Sale #3. It is a 3.95 acre tract with a portion being unbuildable. When these sales are analyzed as reasonable indicators of value “as unadjusted” they indicate the value of buildable sites to be \$12 per square foot.

The subject of this appraisal is a highly irregular tract and is considered an “uneconomic remnant”. As a stand-alone parcel, it would have limited value in the open market due to shape and terrain. The property is treated as an uneconomic remnant and has contributory value to the adjoining land owner. This value is normally calculated as a percentage of the per unit fair market value found in the valuation process. The more adjoining land owners with an interest in acquiring the property, the higher the percentage of market value would be indicated. This value discount is normally in the range of 50% to 75% of the market value if the Highest and Best Use is the same. This estimate is determined by the appraiser from experience. *The appraiser has recently made appraisals of uneconomic remnants for the Georgia Department of Transportation as is competent to make this judgment.*

Since the Hospital Authority is the only adjoining land owner that would have a physical use for the property, it is determined that a reasonable purchase price would be 25% of the Fair Market Value (75% discount). This is lower than the typical range due to irregular shape and severe topography.

Based on this general analysis and the Highest and Best Use to the adjoining land owner, it would be beneficial to the City of Gainesville and Hospital Authority of Hall County to proceed with the sale and allow the adjoining owner to develop and/or utilize the area to its Highest and Best Use.

VALUATION SUMMARY

Based on these considerations, it is our opinion that the Fair Market Value of the subject property for assemblage is estimated to be based on 25% of \$12 per square foot or \$3.00 per square foot. The 1.181 acre size equates to 51,445 square feet.

$$51,445 \text{ sf @ } \$3.00 = \$154,335$$

Hall County educator named Ga. media specialist of the year

BY BEN ANDERSON
banderson@gainesvilletimes.com

Jennifer Parker of Hall County Schools was named Georgia’s media specialist of the year Tuesday, beating out candidates from a dozen regions across the state.

“This is the highest award I’ve received and could imagine receiving,” said Parker, the media specialist at East Hall Middle School. “I’ve been a media specialist for 14 years and this is a rare, rare honor that I am very humbled to receive.”

Officials said, to the best of their knowledge, it is the first time someone from Hall County has won the state award. In March, Parker was named the media specialist of the year for Hall County Schools. In 2015, she was a regional winner.

“Jennifer is a great asset to our district,” Superintendent Will Schofield said of Parker winning the state award. “The role of the media specialist has evolved into becoming the resource hub for all students. We are very proud of her accomplishments.”

It may come as a surprise that reading didn’t come naturally to Parker.

“As a child I didn’t particularly love to read, but I really wanted to be a good reader,” she said.

Her second-grade teacher — who was also her aunt — helped kindle her passion for reading.

“I vividly remember, she took me to the library at Lula Elementary,” she said, and it was there that the librarian pointed Parker to the Boxcar Children book series.

Parker

“It was the first book I read that I loved,” she said. “I became a reader on that day.”

The roles are now reversed, and she finds herself helping students discover their passion for reading.

Parker recalls making recommendations to an eighth-grade girl and giving her three books to try. She hoped that she would find at least one she liked.

“She came running back into the library just a couple days later with all three books I had given her and she said, ‘I want more books just like these!’ and she finished all three of them,” she said. “I’m very blessed in my work that I get to have those experiences pretty frequently.”

Parker co-founded the Tome Student Literacy Society in 2012, a nonprofit

that promotes reading through student competitions, annual book awards and conferences. She also began STEaM Day at her school a few years ago, a “field day” for Science, Technology, Engineering and Math.

In recent years, books and libraries have been at the center of the culture wars, as a wave of book bans sweeps across the country. Hall County has largely been spared.

“It’s more important than ever to continue to encourage our children to be well read in a broad range of interest areas,” Parker said. “Reading sets the foundation for the rest of your life, so I would not want any political strife to overshadow the fact that we want to be raising readers. I think it’s very important that we don’t lose sight of how important reading is to every single child.”

Three rifles and more than \$50,000 were seized after a chop shop investigation in northeast Hall County.

Police led to suspected chop shop after chase

BY NICK WATSON
nwatson@gainesvilletimes.com

A chase from Habersham County into Hall County led law enforcement to a suspected chop shop with 1.5 pounds of crystal methamphetamine, rifles and more than \$50,000 in cash, according to authorities.

Authorities in Hall and Habersham counties said they are still searching for the motorcyclist, Henry Whitley, 31, who led police on the chase Monday, June 6, on Ga. 365 after officers tried to stop him for speeding.

After losing radio contact with dispatch, Habersham officers called off the chase but were eventually led by a tip to a Tribble Gap Road residence in Hall County, Habersham authorities said.

Officers found the motorcycle and three people inside the home, including Whitley, who ran out the back door, Habersham authorities said.

At the scene, deputies detained the other two occupants after finding methamphetamine.

Habersham authorities said the Hall County Sheriff’s Office was contacted because of the drug evidence, and the location “appeared to be a

chop shop.”

Hall County Sheriff’s Office spokeswoman B.J. Williams said investigators found evidence of a chop shop, with vehicles believed to be stolen including a U-Haul truck, Kubota tractor, Bobcat excavator and several utility trailers.

Officers also found 1.5 pounds of crystal methamphetamine, 17 grams of heroin, three rifles, a large amount of ammunition and \$55,855 in cash.

Faith Nicole Vickers, 24, of Oakwood, was arrested at the scene and charged with trafficking methamphetamine.

Whitley faces warrants for trafficking methamphetamine, trafficking heroin, chop shop violation, tampering with evidence and possession of a firearm by a convicted felon.

He is believed to be armed and dangerous.

Anyone with information on Whitley’s whereabouts should call 911 or the investigator at 770-536-5556.

Hall Commission tables proposal on building Union Church Road homes

BY CONNER EVANS
cevens@gainesvilletimes.com

A proposal to build more homes on Union Church Road stalled Thursday, June 9, when the Hall County Board of Commissioners voted to table the proposal until June 22.

The developer, Ridge-land Land Planning Inc.,

originally proposed a 150-home subdivision on nearly 51 acres at 4670 Union Church Road. It requires rezoning the property from agricultural residential use to planned residential development.

The Hall County Planning Commission knocked down the number of

homes from 150 to 100, but the developer asked for a compromise at 125 units.

Two residents spoke in opposition to the request, saying Union Church Road was difficult to turn onto with increased traffic near Steeplechase Lane.

Ultimately, commissioners moved to table the item to get more clarity

on the minimum lot sizes the developer would use. Commissioner Jeff Stowe suggested limiting the development to 120 homes or less, because it would then not be required to have multiple access points.

Commissioners unanimously agreed to table the item until June 22.

Cheney: Trump ‘summoned a violent mob’

BY LISA MASCARO,
MARY CLARE JALONICK
AND FARNOUSH AMIRI
Associated Press

WASHINGTON — The chairman of the House committee investigating the Jan. 6 Capitol insurrection and Donald Trump’s effort to overturn the 2020 election declared at Thursday’s prime-time hearing that the attack was an “attempted coup” that put “two and half centuries of constitutional democracy at risk.”

Rep. Bennie Thompson, D-Miss., said “the world is watching” the U.S. response to the panel’s yearlong investigation into the Capitol riot and the defeated president’s extraordinary effort to stop Congress from certifying Joe Biden’s election victory. He called it a “brazen attempt” to overturn the election.

“Democracy remains in danger,” Thompson said. “We must confront the truth with candor, resolve and determination.”

The committee presented never-before-seen 12 minutes of video of the deadly violence that day

and also of Trump administration officials in the chilling backstory as the defeated president, tried to overturn Biden’s election victory.

In one clip, the panel played a quip from former Attorney General Bill Barr who testified that he told Trump the claims of a rigged election were “bull—.”

In another, the former president’s daughter, Ivanka Trump, testified to the committee that she respected Barr’s view that there was no election fraud. “I accepted what he said.”

Thursday night’s hearing aimed to lay out in gripping detail that the deadly 1/6 violence was no accident. Instead, the panel declared it was the result of Trump’s repeated lies about election fraud and public call for supporters to come to Washington and his private campaign at the highest levels of government to block Congress from certifying Biden’s election victory.

“President Trump summoned a violent mob,” said Rep. Liz Cheney, R-Wyo., the panel’s vice chair.

“When a president fails to take the steps necessary to preserve our union — or worse, causes a constitutional crisis — we’re in a moment of maximum danger for our republic.”

There was an audible gasp in the hearing room, when Cheney read an account that said when Trump was told the Capitol mob was chanting for Vice President Mike Pence to be hanged, Trump responded that maybe they were right, that he “deserves it.”

Biden, in Los Angeles for the Summit of the Americas, said many viewers were “going to be seeing for the first time a lot of the detail that occurred.”

Trump, unapologetic, dismissed the investigation anew — and even declared on social media that Jan. 6 “represented the greatest movement in the history of our country.”

The result of the coming weeks of public hearings may not change hearts or minds in politically polarized America. But the committee’s investigation with 1,000 interviews is intended to stand as a public record for history. A final report

aims to provide an accounting of the most violent attack on the Capitol since the British set fire to it in 1814, and to ensure such an attack never happens again.
