Item of Business: Resolution: Conservation Easement at the 85 Gainesville Business Park

Meeting Date: 4/15/2021

Purpose of Request:

For consideration of a resolution granting a Conservation Easement. The Department of Water Resources (DWR) is requesting the authorization by City Council to grant a Conservation Easement relative to the Gainesville 85 Business Park.

History/Background:

Approximately 1,300 acres of city-owned property between US 129/Athens Highway and Fulerwider Road is being developed as a state-of-the art, 21st century Business Park.

Facts & Issues for Consideration:

Allen Creek and several unnamed tributaries flow through this parcel, and a stream buffer variance is required by the State of Georgia to develop this parcel. As part of this variance, the State requires a portion of the parcel to be protected by a Conservation Easement, to ensure the natural, scenic and open space values are protected, in perpetuity. This protection aligns with the goals, aims and objectives of the City in this project.

Department Recommendation:

To authorize, by the attached Resolution, the Mayor, City Manager, and City Attorney to execute any and all documents necessary to grant this Conservation Easement.

RESOLUTION BR-2021 - ____

Conservation Easement at the Gainesville 85 Business Park

WHEREAS, the Department of Water Resources (DWR) of the City of Gainesville owns and operates a water treatment and water distribution system which serve the City of Gainesville, several other nearby municipalities, and a majority of Hall County; and

WHEREAS, the DWR also owns and operates a wastewater collection system and wastewater reclamation facilities which serve the City of Gainesville, portions of several other nearby municipalities, as well as a portion of Hall County; and

WHEREAS, several decades ago, the DWR actively consolidated and amassed several parcels together in the Allen Creek area for the express purpose of creating spray fields for the treated effluent generated by its wastewater reclamation facilities, with such consolidation resulting in a parcel containing approximately 1,300 acres; and

WHEREAS, the policy and environmental science has grown in the intervening decades such that spray fields are no longer the preferred practice; and

WHEREAS, the highest and best use of this 1.300 parcel, located between U.S. 129/Athens Highway and Fulenwider Road, has been determined to be a Business Park (hereafter known as the Gainesville 85 Business Park); and

WHEREAS, the parcel contains the active waterway for which the area obtained its name (Allen Creek), as well as several other unnamed tributaries, and possesses certain other natural, scenic or open space values of great importance to the community; and

WHEREAS, the development of the Gainesville 85 Business Park requires significant land-disturbing activities, such as grading, road construction, the removal of trees and other types of vegetation, etc., in the vicinity of those waterways; and

WHEREAS, such land disturbing activities necessitates the acquisition of a stream buffer variance from the State of Georgia; and

WHEREAS, the State of Georgia requires the grant of a Conservation Easement in order to protect such conservation values in perpetuity; and

WHEREAS, this Conservation Easement is to consist of approximately 159.2 acres and is sited approximately as shown in Exhibit A, attached.

NOW, THEREFORE, BE IT RESOLVED THAT the governing body for the City of Gainesville hereby desires to grant a Conservation Easement in order to obtain the stream buffer variance.

BE IT FURTHER RESOLVED THAT the governing body for the City of Gainesville hereby authorize the Mayor, City Manager and City Attorney to fully execute any and all documents necessary in order to grant such a Conservation Easement.

Staff Analysis

(1) Is the proposed use suitable in view of the zoning and development of adjacent and nearby property?

Yes. The existing single-family residence is appropriate given the adjacent residential properties located to the north, south and east which include single-family detached homes and residential condominiums zoned Residential-I (R-I) and Residential-II (R-II).

(2) Will the proposed use adversely affect the existing use or usability of adjacent or nearby property?

No. The use will remain single-family residential and will not affect the existing use or usability of the adjacent or nearby property. Similar to other single-family properties located within the neighborhood, annexation for sewer services is required due to failed private septic system.

(3) Is the proposed use compatible with the purpose and intent of the Comprehensive Plan?

Yes. The Future Development Map for the City of Gainesville places the property within the Low-Medium Density Residential land use category, which includes areas containing or planned for single-family detached or semi-detached housing at densities ranging from two to four dwelling units per acre.

According to the Character Area map for the City of Gainesville, the subject property is located within the Suburban Residential Character Area. The vision for this area is to preserve older, stable residential subdivisions and encourage newer projects with smaller lot sizes, pedestrian infrastructure, and buildings patterned after traditional local housing, possibly containing a small neighborhood-serving “village center”. As well, the quality community objectives state that housing choices should continue to be diversified to support a range of household incomes, sizes, types, but consist mostly of traditional single-family detached lots. In areas where natural features or sensitive environments are important, cluster housing or conservation subdivision design may be appropriate. Land uses allowed in the Suburban Residential Character Area include low-density residential, medium-density residential, multi-family residential, public / institutional, commercial, and parks / recreation / conservation, mixed-use.

(4) Are there substantial reasons why the property cannot or should not be used as currently zoned?

No. The subject property is currently zoned Residential-I (R-I) in the County which is appropriate for the existing use. The applicant desires to annex the property for sewer service due to a failed septic system.

(5) Will the proposed use cause an excessive or burdensome use of public facilities or services, including but not limited to streets, schools, water or sewer utilities, and police or fire protection?

No. The change from County jurisdiction to City jurisdiction should not substantially affect public facilities or services at this time. The existing residential use will have no additional impact on existing roads over and above what currently exists from surrounding residential properties. There is sufficient water and sewer capacity that can serve the property. The Gainesville Fire and Police Departments currently respond to adjacent and nearby properties and the nearest City of Gainesville Fire Station #4 is approximately 1 mile from the subject property. Given the scale of the request, minimal impacts to the City school system are anticipated as school bus service is currently provided within the immediate area.

(6) Is the proposed use supported by new or changing conditions not anticipated by the Comprehensive Plan or reflected in the existing zoning on the property or surrounding properties?

Yes. The surrounding area contains various commercial and residential properties both within the City and County. There are substantial opportunities for new infill development due to the number of older commercial properties, distressed housing and vacant parcels. It is staff's opinion that the existing single-family residential use is consistent with existing and expected uses identified within the Comprehensive Plan.

(7) Does the proposed use reflect a reasonable balance between the promotion of the public health, safety, morality, or general welfare and the right to unrestricted use of property?

Yes. Based on the subject property's proximity to other residential properties, the proposal appears to promote a reasonable balance between the promotion of the public health, safety, morality, or general welfare, and the right to unrestricted use of property.

Staff Recommendation

The Planning Division staff is recommending **approval** of this annexation request with **Residential-I (R-I)** zoning, based on the Comprehensive Land Use Plan and the adjacent residential land use.

All preliminary applications will be entered into a lottery, and a random drawing will be held to determine the ranking of the preliminary applications on the waiting list. Not all preliminary applications will result in placement on the wait list after the lottery drawing. No duplicate preliminary applications will be accepted. Any duplicate applications with the same household members listed will be removed. All applications must be complete including correct social security numbers and dates of birth for each family member, including minors. DCA does not charge for an application and advises applicants to beware of any website or company that states that it charges on behalf of DCA. El Departamento de Asuntos Comunitarios de Georgia (DCA) anunció hoy que el programa de Vales de Elección de Vivienda (HCV), o el período de solicitud preliminar de la lista de espera de la Sección 8, estará abierto del 22 al 26 de abril de 2021 a través de un sistema en línea. El programa de vales proporciona un subsidio de alquiler para ayudar a las personas y familias de ingresos e x t r e m a d a m e n t e bajos y bajos a alquilar viviendas seguras, decentes y asequibles en el mercado de alquiler privado en toda la jurisdicción del DCA de 149 condados en Georgia. El subsidio se otorga a las familias elegibles que son seleccionadas de la lista de espera. La elegibilidad para el programa se basa en varios factores, incluidos los ingresos de la familia y el estado de ciudadanía elegible. El DCA aceptará solicitudes preliminares para el programa HCV a partir del jueves 22 de abril a las 12:01 a.m. hasta el lunes 26 de abril a las 11:59 p.m. para los 149 condados que atiende. Los 10 condados restantes de Georgia serán atendidos por las autoridades de vivienda locales. Se pueden encontrar las listas completas de los condados y ciudades en las que el DCA administra el programa HCV en https://www.dca.ga.gov/node/2167/documents/2085. Las solicitudes solo se aceptarán electrónicamente a través de un sistema en línea. A partir del 22 de abril, los solicitantes pueden iniciar sesión en la solicitud de lista de espera en www.applygadca.com. La aplicación está disponible en inglés, coreano, mandarín, español y vietnamita. Los solicitantes que necesiten ayuda para completar la solicitud preliminar o una adaptación debido a una discapacidad

pueden enviar un correo electrónico al DCA a applygadca@dca.ga.gov o llamar a la línea telefónica de asistencia con la solicitud (que estará disponible el 22, 23 y 26 de abril de 8 a.m. a 4:30 p.m.) al 1-888-858-6085, opción 2. Las solicitudes deben realizarse durante el período de aceptación de solicitudes desde el 22 al 26 de abril de 2021. La información sobre el proceso de solicitud de la lista de espera está disponible por teléfono al número 855-741-5177. Los representantes de la División de Asistencia de Vivienda del DCA dicen que no hay ninguna ventaja en presentar la solicitud el primer día, el 22 de abril. Todas las solicitudes preliminares ingresarán a un sorteo y se determinará la clasificación de las solicitudes preliminares en la lista de espera al azar. No todas las solicitudes preliminares resultarán colocadas en la lista de espera después del sorteo de lotería. No se aceptarán solicitudes preliminares duplicadas. Se eliminarán todas las solicitudes duplicadas con los mismos miembros del hogar enumerados. Todas las solicitudes deben estar completas, incluidos los números de seguro social correctos y las fechas de nacimiento de cada miembro de la familia, incluidos los menores. El DCA no cobra por una solicitud y aconseja a los solicitantes que tengan cuidado con cualquier sitio web o empresa que indique que cobra en nombre del DCA.
